Re: Upcoming Road & Sidewalk Closures  
MU Power Plant Chilled Water Addition – 5<sup>th</sup> Street Utilities  
MU Project # CP191921

Dear Property Owner,

The University of Missouri has requested the following road and sidewalk closure for the installation of buried chilled water utilities adjacent to the MU Power Plant in Columbia, MO. Attached is a diagram that further depicts the anticipated closures.

- Closure of 5<sup>th</sup> street between Elm and Stewart from November 23, 2020 through January 15, 2021. This closure will extend from RC-9 parking lot south to the Missouri Teachers Association south entrance. The total length is approximately 175'.

An application for road closures will be submitted to the City of Columbia. You may express comments about the street closure to David Nichols, Director of Public Works, City of Columbia.

Sincerely,

Derick Laubert,  
Construction Project Manager, Campus Facilities
