Comments: Planned to attend your meeting this evening in regards to case #28-2022. When I got to the City Hall area did not find any parking spots that I felt safe so returned home.

My questions were WHY is there a request for a change, will they cut down more trees, and what about the freeway they have created on Hoylake Drive. Did they people contact the homeowners that were involved to find out their thoughts? If so, did they tell the people that their property taxes would increase. They have already cut down so many trees, why do they want to cut down some more. They have eliminated a lot of wild life with their recent clear cutting. I object to the to the proposed plan.
