Re: 5300 I-70 Drive SE- Cully Annexation - Set Public Hearing (Case #51-2020)

Executive Summary

Approval would set February 3, 2020 as the public hearing date for the voluntary annexation of 1.46 acres of land generally located approximately 750 feet east of the intersection of I-70 Drive SE and Upland Creek Road and addressed 5300 I-70 Drive SE, as required per State Statute.

Discussion

The applicant, Haden & Colbert (agent), on behalf of Elizabeth Cully (owner), is seeking to permanently zone 1.46 acres to City M-C (Mixed Use-Neighborhood) from County R-S (Single-family Residential) upon annexation. The subject site is addressed 5300 I-70 Drive SE. The permanent zoning request is Case #34-2020 and is scheduled for a first reading on February 3, 2020.

Per State Statute a public hearing must be held prior to final action being taken on the annexation of property into the corporate limits. The purpose of the hearing is to receive public comments regarding the annexation of the property and to determine if such action is a reasonable and necessary expansion of the city's corporate limits.

The applicant has a concurrent rezoning request (Case #37-2020) to rezone the commonly-owned 1.06-acre (Agriculture) zoned property immediately to the north also to M-C; this property is within the City corporate boundary, and the two properties together are addressed 5300 I-70 Drive SE. This property is contiguous on all four sides to the City's corporate boundary.

A dirt driveway runs through the northern tract to connect the home on the site to I-70 Drive SE. The home appears to have been vacant for some time. The property is unplatted and any future development proposals would necessitate a platting action prior to the issuance of a building permit.

This property is presently contained in the Urban Service Area as presented in the Columbia Imagined Comprehensive Plan. Water is provided by Public Water Supply District 9, and electric service is provided by Boone Electric. There is existing service to the site now, but future development may require an extension depending on the intensity of the use. Costs for utility extensions would typically be the responsibility of the developer.

City services that will be provided in the future upon annexation include sewer, solid waste and police. Fire protection services would be provided jointly by the City of Columbia Fire

Department and the Boone County Fire Protection District. Pursuant to State legislation property annexed into the City is not removed from the Fire Protection District's service territory. Currently, the nearest fire station to the site is County Station #1, located approximately .8 miles away to the northeast near the intersection of St. Charles Road and Lake of the Woods Road. The nearest City station is Columbia Fire Station #5, located approximately 1.5 miles to the north near the corner of Clark Lane across Interstate 70.

The Planning and Zoning Commission considered the permanent zoning request at their January, 9, 2020 meeting. The full staff reports and minutes associated with the Planning and Zoning Commission's hearing will accompany the introduction of the permanent zoning (#34-2019) on the February 3, 2020 Council agenda.

Locator maps are attached.

Fiscal Impact

Short-Term Impact: None anticipated within the next two years. Public infrastructure extension/expansion would be at the cost of the developer.

Long-Term Impact: Public infrastructure maintenance associated with sanitary sewer as well as public safety and solid waste service provision. Future impacts may or may not be offset by increased user fees and/or property tax collections.

Strategic & Comprehensive Plan Impact

Strategic Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Not Applicable, Tertiary Impact: Not Applicable

Comprehensive Plan Impacts:

Primary Impact: Land Use & Growth Management, Secondary Impact: Infrastructure, Tertiary Impact: Livable & Sustainable Communities
