Project Decision Making Process

Shared list with Council at work session: December 18, 2023

Met with each Council member individually: January & February, 2024

Discussed proposed list and asked 6 questions:

1. What projects, if any, would you like to see listed that aren't listed?
2. What projects do you not want on the list, if any? Why?
3. What are your preferences for cost share projects?
4. Do you feel that the funding amounts for the subcategories are sufficient?
5. Do you have a preference regarding more listed projects, more funding in subcategories, or possibly different subcategories all together?
6. When planning for sidewalk projects using the Sidewalk Master Plan, how do you want use to prioritize the projects?

Project Decision Making Process

Proposed 2026-2035 CIP Renewal Ballot Language

Special election on the proposition to renew the City of Columbia's 1/4 of one percent capital improvement sales tax is planned for the August 2024 ballot. The Finance Department will have that item on the May City Council agendas for review and approval.

2015 Ballot Language:

“Shall the municipality of Columbia, Missouri impose a sales tax of one-fourth of one percent, for a period of ten (10) years, for the purpose of funding capital improvements which may include the retirement of debt under previously authorized bonded indebtedness?*

This sales tax would continue the existing capital improvements sales tax scheduled to expire on December 31, 2015. The City intends to use this sales tax to improve city streets and sidewalks; construct, maintain and equip police and fire facilities; and replace major capital assets (fire trucks and other equipment).

*This language is required by state law. The City does not intend to use sales tax funds to retire debt under previously authorized bonded indebtedness.”

Proposed 2026-2035 CIP Renewal

Next Steps

1. Finalize list of projects
2. Educate citizens about the ballot renewal
 - Chamber of Commerce's Transportation & Infrastructure Committee will assist with getting the message out to voters.
 - Develop website with information
 - Present information to civic groups
 - Issue press releases and social media posts
