Re: Authorizing the Intergovernmental Cooperation Agreement for Shuttle Bus Service on the University of Missouri Campus

Executive Summary

Staff is requesting council to authorize the City Manager to execute an intergovernmental cooperation agreement with the Curators of the University of Missouri for integrated shuttle bus service on campus for the 2025-26 academic year and annual service for faculty/staff parking in remote lots.

Discussion

The University of Missouri-Columbia is requesting full service for the Tiger Line shuttles beginning in August of 2025 through July of 2026.

Additionally, the University has requested service for MU Healthcare staff parking in remote lots for morning and afternoon hours throughout the calendar year, as well as, an orbiter shuttle operating from May through August for university staff parking in remote lots.

The intra-campus shuttle system provides funding and reportable ridership that positively affects GoCOMO's ability to operate by increasing annual federal grant funding and operations revenue on a monthly basis. MU has voluntarily decreased the number of service hours for late night service, which will assist with the number of operators available for afternoon/evening fixed route and paratransit service.

Fiscal Impact

Short-Term Impact: Revenue of \$1,173,825 to fund the shuttle service.

Long-Term Impact: Unknown at this time.
