RE: Street Name Change – Bristol Ridge, Plat No. 1

Community Development Dept.,

On behalf of my Client, Fred Overton Development, Inc., I would like to take this opportunity to submit for a street name change for the above subject plat.

Bristol Ridge, Plat No. 1 includes the extension of an existing street named “Baxley Court”. The extension of said street does not terminate with a cul-de-sac as the suffix “Court” would indicate. Therefore, it is required to rename the street from “Baxley Court” to “Baxley Drive”.

The one lot that this street name change would affect is Lot 97 of Bristol Lake Plat 1. This lot has not been built on yet, is owned by Fred Overton Development Inc., and is to be replatted as part of Bristol Ridge, Plat No. 1. No other lots are affected by this street name change.

Please process this request and should you have any questions or need anything further feel free to reach out.

Sincerely,
Crockett Engineering Consultants, LLC

Andy Greene, EIT
