Re: RubinBrown LLC Capital Improvement Project Process

Executive Summary

This is a report to present the findings of the Capital Improvement Project Process audit performed by RubinBrown.

Discussion

RubinBrown completed their internal audit of the City of Columbia's Capital Project Administration and Project Management processes. The audit was performed in accordance with the Standards for Consulting Services, as promulgated by the American Institute of Certified Public Accountants (AICPA).

The accompanying report includes an Executive Summary, Observations and Recommendations, and an Appendix. Because the procedures performed in conjunction with the review are more limited than would be necessary to provide an opinion on the system of internal controls taken as a whole, such an opinion is not expressed. In addition, the engagement did not include a detailed audit of transactions that would be required to discover fraud, defalcations or other irregularities.
