SCOPE, PURPOSE AND DESCRIPTION OF GRANT ACTIVITIES**

City of Columbia
Preservation Plan
Project No. P23AF00890-008

Starting Date: October 1, 2023

Ending Date: September 19, 2025

I. SCOPE AND PURPOSE:

The City of Columbia will hire a preservation professional with experience creating a preservation plan (herein referred to as “consultant”) to develop a Historic Preservation Plan for the City of Columbia.

Developing a local historic preservation plan at a regional or local level is an eligible grant activity for the Historic Preservation Fund (HPF Grants Manual Chapter 6(G)(3)(a). Preservation Plans advance Goal 5 “Integrate historic preservation strategies into planning and routine procedures at all levels of government” of Missouri’s 2018-2024 Statewide Preservation Plan.

II. ACTIVITIES AND FUNCTIONS:

City staff will serve as the primary point of contact for this project and will be expected to ensure milestones are submitted to the Historic Preservation Fund (HPF) Grant Manager on a timely basis.

A. Consultant Selection Process

The City of Columbia shall contract with a preservation professional (herein referred to as Consultant) with experience creating a preservation plan to assist city staff and the Historic Preservation Commission in developing the Preservation Plan.

The Request for Proposal (RFP) sent to consultants shall include a copy of Attachment A: Scope, Purpose and Description of Grant Activities, the Milestone Schedule, and Exhibit 3 from the Grant Agreement with budgetary information removed. Pursuant to 2 CFR 200.331, the sub-City of Columbia shall require the language of the certification and terms applicable to financial assistance awards to be included in sub-award documents at all tiers, and sub-City of Columbias shall certify and disclose accordingly. All contractual deadlines with the consultant shall not conflict with milestone deadlines set in the grant agreement. A draft of the RFP will be sent to the HPF Grant Manager **prior to initiating the bid process**. Documentation of the consultant selection process and a draft of the consultant contract shall be submitted to the HPF Grant Manager or their designee for approval **before it is signed**.

The consultant selection process shall produce the following products:

1. A **draft of the RFP** for review prior to the initiation of the bid process.
2. A documentation of the **consultant selection process** and a draft of the consultant contract **prior to signature**. This documentation includes:
 - a. Indication of who the RFP was sent to and when
 - b. Copies of all responses received (proposals and responses of no bid)
 - c. Score sheets/an explanation for why a consultant was chosen
 - d. The unsigned draft consultant contract noted above
3. A copy of the signed **consultant contract**.

B. Preparation of a New Preservation Plan

The hired Consultant acting on behalf of the city shall create a Preservation Plan for City of Columbia. The Preservation Plan shall identify, through a public forum, the preservation goals of the city. The preservation plans for other historic districts and the *Secretary of the Interiors Standards and Guidelines for Preservation Planning* (see Exhibit 1) should be reviewed to understand how they express and illustrate preservation concepts. Upon request the SHPO office can provide links to example preservation plans for other Missouri communities. The preservation plan shall be clear and concise. It shall be user-friendly for the commission, staff, and the public, and produced in such a way that it can be easily accessed and shared with the public.

The Preservation plan shall contain sections including but not limited to the following:

1. an introduction that explains the purpose of the plan and a brief history of City of Columbia, including an overview of the preservation efforts that have taken place in the city's history and the benefits of historic preservation in City of Columbia;
2. a review of existing historic preservation ordinances and recommendations for their future development;
3. a clear and concise articulation of the City of Columbia's long-range vision for historic preservation;
4. the goals, objectives, and implementation strategies for historic preservation;
5. a section that identifies areas that have already been surveyed and prioritizes areas for future research and survey;
6. a map showing the geographic area and contributing status of historic properties within the city limits including those that are National Register of Historic Places listed properties and any locally designated Landmarks and Historic Districts;
7. an appendix referencing relevant terms and definitions, ordinances or other legislation, policy, and survey information as appropriate.

Drafts of the new Preservation Plan at approximately 30% and 70% will be required to be submitted to the SHPO for review, comment, and approval. The definitions of 30% and 70% will be determined in consultation between the consultant, the city, and the SHPO. They shall include as much visual data as is practicable to demonstrate the various

recommendations, including maps, photographs, and/or other graphics.

At least one month prior to submitting each version (30%, 70% & 100%) of the new Preservation Plan to SHPO the consultant shall make a presentation to the Historic Preservation Commission with the general public invited. During these presentations the consultant will actively solicit ideas to incorporate into the new Preservation Plan and address questions from those in attendance. For each presentation the consultant shall provide adequate notice to be placed on the Historic Preservation Commission agenda and to allow the city to post notice to the public for at least two weeks. A sign-in sheet will be required to be kept and provided to the SHPO for each presentation.

The Preservation Plan Process shall produce the following products:

1. The consultant will set up a time with the HPF Grant Manager or their designee to discuss the expectations of the project, including the definitions of 30% and 70% completion, before it begins. An email documenting the discussion will be sent to the HPF Grant Manager or their designee by the consultant.
2. Documentation of the first public meeting, including press release, newspaper/web advertisement and sign-in sheet.
3. A first draft of the Preservation Plan (30%) in Word format. If the document size exceeds 10MB a means acceptable to SHPO for submitting besides email will need to be used to deliver the draft document.
4. Documentation of the second public meeting, including press release, newspaper/web advertisement and sign-in sheet.
5. A second draft of the Preservation Plan (70%) in Word format. If the document size exceeds 10MB a means acceptable to SHPO for submitting besides email will need to be used to deliver the draft document.
6. The final version of the new Preservation Plan in electronic format using an approved file transfer option
7. A link to the final version of the new Preservation Plan on the City of Columbia's website. The Design Guidelines will be posted to the city's website and will continue to be publicly posted until a newer version of the document is developed.
8. Documentation of the third (final) public meeting, including press release, newspaper/web advertisement and sign-in sheet.

III. SPECIAL CONDITIONS:

- A. As a City of Columbia of a federal subaward, the City of Columbia is subject to the requirements of 2 CFR 200.1 "Subaward", 200.101 "Applicability", and

Any Commission comments will be submitted with the corresponding milestone to the HPF Grant Manager or their designee.
- G. All grant project funded publications, books, brochures and all public meeting notices regarding this grant project shall include the following acknowledgement:

MISSOURI DEPARTMENT OF NATURAL RESOURCES
Federal Financial Assistance Agreements
General Terms and Conditions

These general terms and conditions highlight requirements which are especially pertinent to federal assistance agreements made by the Missouri Department of Natural Resources. These general terms and conditions do not set out all of the provisions of the applicable laws and regulations, nor do they represent an exhaustive list of all requirements applicable to this award. These terms and conditions are emphasized here because they are frequently invoked and their violation is of serious concern.

Pursuant to 2 CFR 200.331, the sub-recipient shall require the language of the certifications and terms applicable to financial assistance awards to be included in sub-award document at all tiers and all sub-recipients shall certify and disclose accordingly. This “flow down” requirement imposed on the sponsoring agent by the Department is to ensure the financial assistance agreement is used in accordance with Federal statutes, regulations and the terms of the agreement. The sponsoring agent is accountable to the Department for compliance with Federal requirements. In turn, the Department is responsible to federal agency for ensuring sponsoring agents comply with Federal requirements and with federal General Terms and Conditions:

In addition to these terms and conditions, the recipient must comply with all governing requirements of their financial assistance agreement, including the Title 2 Grants and Agreements, Chapter II Part 200 of the Code of Federal Regulation, under the title "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards." The regulations can be found at http://www.ecfr.gov/cgi-bin/text-idx?SID=da74e925e27b89e7f8625019850377cf&tpl=/ecfrbrowse/Title02/2tab_02.tpl.

I. Administrative Requirements

- A. **Method of Payment.** The recipient will be reimbursed by the Department for all allowable expenses incurred in performing the scope of services. The recipient shall report project expenses and submit to the Department original payment requests as required by division/program per the financial assistance agreement. The form must be completed with the Department payment request amount and local share detailed, if applicable. Payment requests must provide a breakdown of project expenses by the budget categories contained in the financial assistance agreement budget. Payment requests must be received by the Department per the financial assistance agreement. No reimbursement will be made for expenditures prior to award unless approval for pre-award costs has been granted. No reimbursements will be made for expenditures incurred after the closing budget date unless a budget time period extension has been granted by the Department prior to the closing budget date.
 - 1. Payments under non-construction grants will be based on the grant sharing ratio as applied to the total agreed project cost for each invoice submitted unless the financial assistance agreement specifically provides for advance

payments. Advance payments may only be made upon a showing of good cause or special circumstances, as determined by the Department and must be as close as is administratively feasible to the actual disbursement. Advance payments will only be made to cover estimated expenditures as agreed. The Department will not advance more than 25% of the total amount of the grant unless the recipient demonstrates good cause.

2. All payment requests must have the following certification by the authorized recipient official: By signing this report, I certify to the best of my knowledge and belief the report is true, complete and accurate and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the financial assistance agreement. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise.

B. Retention and Custodial Requirements for Records. The recipient shall retain financial records, supporting documents, statistical records and all other records pertinent to the financial assistance agreement for a period of five years starting from the date of submission of the final payment request. Authorized representatives of federal awarding agencies, the Federal Inspectors General, the Comptroller General of the United States, the State Auditor's Office, the Department or any of their designees shall have access to any pertinent books, documents, and records of recipient in order to conduct audits or examinations. The recipient agrees to allow monitoring and auditing by the Department and/or authorized representative. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the five year period, the recipient shall retain records until all litigations, claims or audit findings involving the records have been resolved and final action taken.

C. Program Income.

1. The recipient is encouraged to earn income to defray program costs. Program income means gross income earned that is directly generated by a supported activity or earned as a result of the financial assistance agreement during the period of performance. Program income includes but is not limited to income from: fees for services performed, the use or rental of real or personal property acquired with financial assistance funds, the sale of commodities or items fabricated under the financial assistance agreement, license fees and royalties on patents and copyrights and payments of principal and interest on loans made with financial assistance funds. Program income does not include items such as rebates, credits, discounts, or refunds and interest earned.

2. Program income shall be deducted from total allowable outlays to determine net allowable costs. With prior approval of the federal awarding agency, program income may be added to the federal award or used to meet cost sharing or matching requirements. The default deductive alternative requires that program income be deducted from total allowable costs to determine the net allowable amount to which the respective matching ratios are applied. For example, 50/50 share ratio agreement with total allowable costs of \$10,000 that earns \$1,000 in program income would result in \$4,500 net share and a \$4,500 net financial assistance share.

D. Match or Cost Share Funding. In general, match or cost sharing represents that portion of project costs not borne by state appropriations. The matching share will usually be prescribed as a minimum percentage. In-kind (noncash) contributions are allowable project costs when they directly benefit and are necessary and reasonable for the accomplishment of the project or program objectives. Any in-kind match must be assigned a fair market value consistent with those paid for similar work in the labor market and be documented and verifiable. Neither costs nor the values of third party in-kind contributions count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another federal financial assistance agreement, a federal procurement contract, or any other award of federal funds. Federal funds from another federal grant or financial assistance agreement shall not count towards satisfying a cost sharing or matching requirement of a grant agreement.

1. Match or cost share funding will be established by the Department through negotiation with the recipient. Signature by both the Department and recipient on the financial assistance agreement form firmly affixes the match or cost sharing ratios. Full expenditure of recipient match or cost share funding is required over the life of the financial assistance agreement. Recipient must submit payment requests to the Department, as required by the financial assistance agreement, and provide financial records for total expenditure of state and match or cost share funding. The Department will reimburse the recipient for its percentage portion agreed to less any negotiated withholding.
2. Failure to provide 100% of the match or cost share ratio of total expenditures as identified in the financial assistance agreement may cause the recipient to become ineligible to receive additional financial assistance from the Department. Failure to provide the required match may result in other enforcement remedies as stated in Y. for noncompliance.

E. Financial Management Systems. The financial management systems of the recipient must meet the following standards:

1. Financial Reporting. Accurate, current, and complete disclosure of financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the financial assistance agreement;
2. Accounting Records. Maintain records which adequately identify the source and application of funds provided for financially assisted activities to include the CFDA title and number, Federal Award Identification Number (FAIN) and year, name of the federal agency and pass-thru entity. These records must contain information pertaining to financial assistance awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income;
3. Internal Control. Effective written internal controls and accountability must be maintained for all recipient cash, real and personal property, and other assets. The recipient must adequately safeguard all such property and must assure that it is used solely for authorized purposes. These internal controls should be in compliance with guidance in the “Standards for Internal Control in the Federal Government” and the “Internal Control Integrated Framework”;
4. Budget Control. Actual expenditures or outlays must be compared with budgeted amounts for each financial assistance agreement;
5. Allowable Costs. OMB cost principles, applicable federal agency program regulations, and the financial assistance agreement scope of work will be followed in determining the reasonableness, allowability and allocability of costs;
6. Source Documentation. Records must adequately identify the source and application of funds for federally funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. The documentation must be made available by the recipient at the Department’s request or any of the following: authorized representatives of the federal awarding agency, the Federal Inspector General, the Comptroller General of the United States, State Auditor’s Office or any of their designees;
7. The recipient shall have written procedures in place to minimize the time lapsed between money disbursed by the Department and spent by the recipient.

- F. Reporting of Program Performance.** The recipient shall submit to the Department a performance report for each program, function, or activity as specified by the financial assistance agreement or at least annually and/or after completion of the project. Performance report requirements, if not expressly stated in the scope of work, should include, at a minimum, a comparison of actual accomplishments to the goals established, reasons why goals were not met, including analysis and explanation of cost overruns or higher unit cost when appropriate, and other pertinent information. Representatives of the Department, the federal awarding agency, the Federal Inspector General, the Comptroller General of the United States, State Auditor's Office or any of their designees shall have the right to visit the project site(s) during reasonable hours for the duration of the contract period and for five years thereafter.
- G. Budget and Scope of Work Revisions.** The recipient is permitted to rebudget within the approved direct cost budget to meet unanticipated requirements. The following is a non-exclusive listing of when a recipient must request approval in writing to revise budgets and scopes of work under the following conditions:
1. For non-construction grants, the recipient shall obtain the prior approval of the Department, unless waived by the Department, for cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions or activities when the accumulative amounts of such transfers exceed or are expected to exceed 10% of the current total approved budget whenever the Department's share exceeds the simplified acquisition amount threshold.
 2. For construction and non-construction projects, the recipient shall obtain prior written approval from the Department for any budget revision which would result in the need for additional funds.
 3. For combined non-construction and construction projects, the recipient must obtain prior written approval from the Department before making any fund or budget transfer from the non-construction to construction or vice versa.
 4. A recipient under non-construction projects must obtain prior written approval from the Department whenever contracting out, subgranting, or otherwise obtaining a third party to perform activities which are central to the purpose of the award.
 5. Changes to the scope of services, including changes to key personnel described in the financial assistance agreement, must receive prior approval from the Department. Approved changes in the scope of work or budget shall be incorporated by written amendment to the financial assistance agreement.

6. The disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.
7. Changes in the amount of approved cost-sharing or matching provided by the recipient. No other prior approval requirements for specific items may be imposed unless a deviation has been approved.
8. Initiate a one-time extension of the period of performance by up to 12 months unless one or more of the conditions outlined below apply. For one-time extensions, the recipient must notify the Department in writing with the supporting reasons and revised period of performance at least 90 calendar days before the end of the period of performance specified in the financial assistance agreement. This one-time extension may not be exercised merely for the purpose of using unobligated balances. Extensions require explicit prior approval from Department when:
 - a. The terms and conditions of the financial assistance agreement prohibit the extension.
 - b. The extension requires additional funds.
 - c. The extension involves any change in the approved objectives or scope of the project.
 - d. Carry forward unobligated balances to subsequent period of performance.
9. Extending the agreement past the original completion date requires approval of the Department.

H. Equipment Use. The recipient agrees that any equipment purchased pursuant to this agreement shall be used for the performance of services under this agreement during the term of this agreement. The recipient may not use equipment purchased pursuant to this agreement for any other purpose without approval from the Department. The equipment shall not be moved from the State of Missouri without approval from the Department. State agencies shall follow the Code of State Regulations. The following standards shall govern the utilization and disposition of equipment acquired with financial assistance funds:

1. Title to equipment acquired under this financial assistance agreement will vest with the recipient on acquisition. Equipment means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the recipient for financial statement purposes or \$5,000.

- a. Equipment shall be used by the recipient in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Department funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by the Department or the federal agency. If the Department puts the recipient on notice that it believes assistance assets are not being used for the intended purpose, the recipient shall not sell, give away, move or abandon the assets without the Department's prior written approval.
 - b. The recipient shall also make equipment available for use on other projects or programs currently or previously supported by the Department, providing such use will not interfere with the work on the projects or program for which it was originally acquired. User fees should be considered if appropriate.
 - c. The recipient must not use equipment acquired with funding from this financial assistance agreement to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by state or federal law. This fee may be considered program income under Section C, Program Income.
 - d. When acquiring replacement equipment, the recipient may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the Department.
2. Equipment Management. The recipient's procedures for managing equipment, whether acquired in whole or in part with financial assistance funds, will, at a minimum, meet the following requirements until disposition takes place:
- a. The recipient must maintain property records that include a description of the equipment, a serial number or other identification number, the source of funding, the acquisition date, cost of the property, percentage of federal or state participation in the cost of the property, the location, use and condition of the property and disposition information including the date of the disposal and sale price of the property.
 - b. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

- c. A control system must be developed to ensure adequate safeguards to prevent against loss, damage, or theft of the property. Any loss, damage, or theft shall be reported to and investigated by local authorities. The recipient shall procure and maintain insurance covering loss or damage to equipment purchased with a financial assistance agreement, with financially sound and reputable insurance companies or through self-insurance. Amounts and coverage of such risks should be that which are usually carried by companies engaged in the same or similar business and similarly situated.
 - d. The recipient must develop adequate maintenance procedures to keep the property in good condition.
 - e. If the recipient is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.
- 3. Disposition. When original or replacement equipment acquired under the financial assistance agreement is no longer needed for the original project or program or for other activities currently or previously supported by the Department, the recipient shall dispose of the equipment as follows:
 - a. Items of equipment with a current per-unit fair market value \$5,000 or less may be retained, sold or otherwise disposed of with no further obligation to the Department.
 - b. For items of equipment with a current per unit fair market value of more than \$5,000, the Department shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the Department's share of the equipment. Disposition instructions must be requested from the Department when equipment is no longer needed.
 - c. In cases where a recipient fails to take appropriate disposition actions, the Department may direct the recipient how to dispose of the equipment.
 - d. If the Department puts the recipient on notice that it believes assistance assets are not being used for the intended purpose, the recipient shall not sell, give away, move or abandon the asset without Department's written approval.
- I. **Supplies.** The recipient agrees that all supplies purchased pursuant to this agreement shall be used for the performance of services under this agreement during the term of this agreement. Title to supplies acquired under a financial assistance agreement will

vest, upon acquisitions, with the recipient. If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the recipient shall compensate the department for its share. The recipient must not use supplies acquired with funding from this financial assistance agreement to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by state or federal law. This fee may be considered program income under Section C, Program Income.

- J. **Inventions and Patents.** If any recipient produces subject matter, which is or may be patentable in the course of work sponsored by this financial assistance agreement, the recipient shall promptly and fully disclose such subject matter in writing to the Department. In the event that the recipient fails or declines to file Letters of Patent or to recognize patentable subject matter, the Department reserves the right to file the same. The Department grants to the recipient the opportunity to acquire an exclusive license, including the right to sublicense, with a royalty consideration paid to the Department. Payment of royalties by recipient to the Department will be addressed in a separate royalty agreement.
- K. **Copyrights.** Except as otherwise provided in the terms and conditions of this financial assistance agreement, the author or the recipient is free to copyright any books, publications, or other copyrightable material developed in the course of this agreement. However, the Department and federal awarding agency reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, with the approval of the Department, the work for government purposes.
- L. **Prior Approval for Publications.** The recipient shall submit to the Department two draft copies of each publication and other printed materials which are intended for distribution and are financed, wholly or in part, by financial assistance funds. The recipient shall not print or distribute any publication until receiving written approval by the Department.
- M. **Mandatory Disclosures.** The recipient agrees that all statements, press releases, requests for proposals, bid solicitations, and other documents describing the program/project for which funds are now being awarded will include a statement of the percentage of the total cost of the program/project which is financed with federal and state money, and the dollar amount of federal and state funds for the program/project.
- N. **Procurement Standards.** The recipient shall use their own documented procurement procedures that reflect applicable state and local laws and regulations provided that procurement conforms to standards set forth in the "Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards."

1. No work or services paid for wholly or in part with state or federal funds, will be contracted without the written consent of the Department.
 2. The recipient agrees that any contract, interagency agreement, or equipment to be procured under this award which was not included in the approved work plan must receive formal Department approval prior to expenditure of funds associated with that contract, interagency agreement, or equipment purchase.
- O. **Audit Requirements.** The Department and the State Auditor's Office have the right to conduct audits of recipients at any time. The recipient shall arrange for independent audits as prescribed in "Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Subpart F", as applicable. Audits must confirm that records accurately reflect the operations of the recipient; the internal control structure provides reasonable assurance that assets are safeguarded, and recipient is in compliance with applicable laws and regulations. When the recipient has its yearly audit conducted by a governmental agency or private auditing firm, the relevant portion(s) of the audit report will be submitted to the Department. Other portions of the audit shall be made available at the Department's request.
- P. **Freedom of Information Act.** In response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under a Federal award that were used by the Federal government in developing an agency action that has the force and effect of law, the Department must request, and the recipient must provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the Department obtains the research data solely in response to a FOIA request, the Department may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the Department and the recipient. This fee is in addition to any fees the Federal awarding agency may assess under the FOIA (5 U.S.C. 552(a)(4)(A)).
- Q. **Conflicts of Interest.** The recipients must have written standards and policies covering conflicts of interest. No party to this financial assistance agreement, nor any officer, agent, or employee of either party to this assistance agreement, shall participate in any decision related to such assistance agreement which could result in a real or apparent conflict of interest, including any decision which would affect their personal or pecuniary interest, directly or indirectly. The recipient is advised that, consistent with Chapter 105, RSMo, no state employee shall perform any service for consideration paid by the recipient for one year after termination of the employee's state employment by which the former state employee attempts to influence a decision of a state agency. A state employee who leaves state employment is permanently banned from performing any service for any consideration in relation to any case, decision, proceeding, or application in which the employee personally participated during state employment.

- R. **State Appropriated Funding.** The recipient agrees that funds expended for the purposes of this financial assistance agreement must be appropriated and made available by the Missouri General Assembly for each fiscal year included within the financial assistance agreement period, as well as being awarded by the federal or state agency supporting the project. Therefore, the financial assistance agreement shall automatically terminate without penalty or termination costs if such funds are not appropriated and/or granted. In the event that funds are not appropriated and/or granted for the financial assistance agreement, the recipient shall not prohibit or otherwise limit the Department's right to pursue alternate solutions and remedies as deemed necessary for the conduct of state government affairs. The requirements stated in this paragraph shall apply to any amendment or the execution of any option to extend the financial assistance agreement.
- S. **Eligibility, Debarment and Suspension** (SubPart C). By applying for this financial assistance agreement, the recipient verifies that it, its board of directors, and all of its principals are currently in compliance with all state and federal environmental laws and court orders issued pursuant to those laws, and that all environmental violations have been resolved (for example, no pending or unresolved Notice of Violation (NOV)) at the time of application. If compliance issues exist, the recipient shall disclose to the Department all pending or unresolved violations noted in a NOV, administrative order, or civil and criminal lawsuit, but only where those alleged violations occurred in the State of Missouri. If a NOV occurs during the financial assistance period, the recipient must notify the Department immediately. The Department will not make any award or payment at any time to any party which is debarred or suspended, under federal or state authority, or is otherwise excluded from or ineligible for participation in federal assistance under Executive Order 12549, "Debarment and Suspension." The recipient may access the Excluded Parties List at www.sam.gov.
- T. **Restrictions on Lobbying.** No portion of this agreement may be expended by the recipient to pay any person for influencing or attempting to influence the executive or legislative branch with respect to the following actions: awarding of a contract; making of an assistance agreement; making of a loan; entering into a cooperative agreement; or the extension, continuation, renewal, amendment or modification of any of these as prohibited by Section 319, Public Law 101-121 (31 U.S.C. 1352).
- In accordance with the Byrd Anti-Lobbying Amendment, any recipient who makes a prohibited expenditure under Title 40 CFR Part 34 or fails to file the required certification or lobbying forms shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure.
- U. **Recycled Paper.** Consistent with Federal Executive Order 13423 and EPA Executive Order 1000.25, the recipient shall use recycled paper consisting of at least 30% post-consumer fiber and double sided printing for all reports which are prepared as a part of this assistance agreement and delivered to the Department. The recipient must use

recycled paper for any materials that it produces and makes available to any parties. The chasing arrows symbol representing the recycled content of the paper will be clearly displayed on at least one page of any materials provided to any parties.

V. Contracting with Small and Minority Firms, Women's Business Enterprise, and Labor Surplus Area Firms. To the extent permitted by law and state and federal executive orders, all recipients shall make every feasible effort to target the percentage of goods and services procured from certified minority business enterprises (MBE) and women business enterprises (WBE) to 10% and 10%, respectively, when utilizing financial assistance funds to purchase supplies, equipment, construction and services related to this financial assistance agreement.

1. The recipient agrees to take all necessary affirmative steps required to assure that small and minority firms and women's business enterprises are used when possible as sources when procuring supplies, equipment, construction and services related to the financial assistance agreement. The recipient agrees to include information about these requirements in solicitation documents. Affirmative steps shall include:
 - a. Placing qualified small and minority business and women's business enterprises on solicitation lists;
 - b. Ensuring that small and minority business and women's business enterprises are solicited whenever they are potential sources;
 - c. Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority business and women's business enterprises;
 - d. Establishing delivery schedules, where the requirements of work will encourage participation by small and minority business and women's business enterprises;
 - e. Using the services of the Small Business Administration, the Minority Business Development Agency of the U.S. Department of Commerce and the MO Office of Equal Opportunity, and;
 - f. Requiring any prime contractor or other subrecipients, if subagreements are to be allowed, to take the affirmative steps in subparagraphs a. through e. of this section.
2. For EPA funded financial assistance agreements, the recipient agrees to include disadvantaged business enterprises in the affirmative steps indicated above. For EPA funded financial assistance agreements, when

required the recipient shall utilize EPA form 5700-52A to report to Department procurements under the financial assistance agreement.

W. Disputes. The recipient and the Department should attempt to resolve disagreements concerning the administration or performance of the financial assistance agreement. If an agreement cannot be reached, the Department will provide a written decision. Such decision of the Department shall be final unless a request for review is submitted to the division director within ten (10) business days after the decision. Such request shall include: (1) a copy of the Department's final decision; (2) a statement of the amount in dispute; (3) a brief description of the issue(s) involved; and (4) a concise statement of the objections to the final decision. A decision by the Department shall constitute final action.

X. Termination

1. **Termination for Cause.** The Department may terminate any financial assistance agreement, in whole or in part, at any time before the date of completion whenever it is determined that the recipient has failed to comply with the terms and conditions of the financial assistance agreement. The Department shall promptly notify the recipient in writing of such a determination and the reasons for the termination, together with the effective date. The Department reserves the right to withhold all or a portion of agreement funds if the recipient violates any term or condition of this financial assistance agreement. Termination for cause may be considered for evaluating future applications. The recipient may object to terminations with cause and may provide information and documentation challenging the termination.
2. **Termination for Convenience.** Both the Department and the recipient may terminate the financial assistance agreement, in whole or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds.
3. Financial assistance agreements are not transferable to any person or entity.
4. Department and the recipient remain responsible for compliance with all closeout requirements.

Y. Enforcement; Remedies for Noncompliance. If the recipient falsifies any award document or materially fails to comply with any term of this financial assistance agreement, the Department may take one or more of the following actions, as appropriate:

1. Suspend or terminate, in whole or part, the current agreement;

2. Disallow all or part of the cost of the activity or action not in compliance;
3. Temporarily withhold cash payments pending the recipient's correction of the deficiency;
4. Withhold further awards from the recipient;
5. Order the recipient not to transfer ownership of equipment purchased with assistance money without prior Department approval; or
6. Take other remedies that may be legally available, including cost recovery, breach of contract, and suspension or debarment.

Z. **Subgrantee's Signature.** The recipient's signature on the application and the award documents signifies the recipient's agreement to all of the terms and conditions of the financial assistance agreement.

AA. **Human Trafficking. This requirement applies to non-profit recipients or subrecipients.** The recipient, their employees, subrecipients under this agreement, and subrecipients' employees may not engage in severe forms of trafficking in persons during the period of time that the agreement is in effect; procure a commercial sex act during the period of time that the award is in effect; or use forced labor in the performance of the agreement or subagreements under the award. The department has the right to terminate unilaterally: (1) implement section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended, noncompliance that are available to the recipient under this agreement.

BB. **Illegal Immigration.** Any municipality that enacts or adopts a sanctuary policy will be ineligible for moneys provided through financial assistance agreements administered by any state agency or department until the policy is repealed or is no longer in effect (Missouri Statutes – RSMo 67.307 (2)). No business entity or employer shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri (RSMo 285.525 – 285.530).

CC. **Management Fees.** Management fees or similar charges in excess of the direct costs and approved indirect rates are not allowable. The term "management fees or similar charges" refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs which are not allowable under this agreement. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work.

DD. Federal Funding Accountability and Transparency Act (FFATA)

 - c. Obtain the equipment, services, or systems

II. **Statutory Requirements**

The recipient must comply with all federal, state and local laws relating to employment, construction, research, environmental compliance, and other activities associated with grants from the Department. Failure to abide by these laws is sufficient grounds to cancel the agreement. For a copy of state and federal laws that typically apply to financial assistance agreements contact the Department. By applying for this financial assistance agreement, the recipient certifies that the recipient, its board of directors and principals are in compliance with the specific federal and state laws set out below. Further, the recipient shall report to the Department any instance in which the recipient or any member of its board of directors or principals is determined by any administrative agency or by any court in connection with any judicial proceeding to be in noncompliance with any of the specific federal or state laws set forth below. Such report shall be submitted within ten (10) working days following such determination. 2. Determined eligible as stated in the National Historic Preservation Act (NHPA), 54 USC 300101 *et seq.*, and in the *Historic Preservation Fund Grant Manual*.

5. Responsibilities of the Parties

 1. The Recipient shall carry out the Statement of Work in accordance with the terms and conditions stated herein. The recipient shall adhere to Federal, state, and local laws, regulations, and codes, as applicable.
 2. Perform work in accordance with the *Secretary of the Interior's Standards and Guidelines for Archeology and Historic Preservation* in the assigned mandatory program areas as defined by the National Historic Preservation Act.
 3. Notify NPS of all selected subawards/subgrants, contracts, and in-house projects via HPF Online.
 4. Ensure subrecipients understand they are subject to the requirements of 2 CFR 200.1 "Subaward", 200.101 Applicability, and 200.331 Requirements for pass-through entities. Recipients that issue subawards/subgrants are responsible for ensuring subaward/subgrant compliance with the requirements of 2 CFR 200. The Recipient must provide a list of selected subawardees/subgrantees and associated budgets to the NPS for review prior to making subawards/subgrants.
 5. Record their procurement of qualified consultants and contracts in accordance with 2 CFR 200.317. This documentation must be submitted upon request to NPS.
2. Substantial involvement is defined as significant NPS participation prior to and during the performance of a financial assistance agreement. For grants, substantial involvement is neither expected nor required. No substantial involvement on the part of the NPS is anticipated for the successful completion of the statement of work detailed in this award. It is anticipated that involvement will be limited to actions related to monitoring project performance and technical assistance at the request of the recipient.

These costs must be charged to the initial budget period of the award as either Federal reimbursement or Non-Federal cost-share (in accordance with the cost-share ratio).

8. Award and Payment

NOTICE OF AWARD (Continuation Sheet)

PAGE 4 of 28	DATE ISSUED 07/10/2023
GRANT NO. P23AF00890-00	

1. The NPS will provide funding to the Recipient in an amount not to exceed the figure in block 11m of the Notice of Award for the Statement of Work described in Article VI and in accordance with the NPS approved budget. The approved budget detail is incorporated herein. Any award beyond the current fiscal year is subject to availability of funds. Acceptance of a Federal financial assistance award from the Department of the Interior carries with it the responsibility to be aware of, and comply with the terms and conditions within this award document. Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means.
2. Recipient shall request payment as applicable in accordance with the following:
 1. **Method of Payment.** Payment will be made by advance and/or reimbursement through the Department of Treasury's Automated Standard Application for Payments (ASAP) system.
 2. **Requesting Advances.** Requests for advances must be submitted via the ASAP system. Requests may be submitted as frequently as required to meet the needs of the Financial Assistance (FA) Recipient to disburse funds for the Federal share of project costs. If feasible, each request should be timed so that payment is received on the same day that the funds are dispersed for direct project costs and/or the proportionate share of any allowable indirect costs. If same-day transfers are not feasible, advance payments must be as close to actual disbursements as administratively feasible.
 3. **Requesting Reimbursement.** Requests for reimbursements must be submitted via the ASAP system. Requests for reimbursement should coincide with normal billing patterns. Each request must be limited to the amount of disbursements made for the Federal share of direct project costs and the proportionate share of allowable indirect costs incurred during that billing period.
 4. **Adjusting Payment Requests for Available Cash.** Funds that are available from repayments to, and interest earned on, a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries, credits, discounts, and interest earned on any of those funds must be disbursed before requesting additional cash payments.
 5. **Bank Accounts.** All payments are made through electronic funds transfer to the bank account identified in the ASAP system by the FA Recipient.
 6. **Supporting Documents and Agency Approval of Payments.** Additional supporting documentation and prior NPS approval of payments may be required when/if a FA Recipient is determined to be "high risk" or has performance issues. If prior Agency payment approval is in effect for an award, the ASAP system will notify the FA Recipient when they submit a request for payment. The Recipient must then notify the NPS AO that a payment request has been submitted. The NPS AO may request additional information from the Recipient to support the payment request prior to approving the release of funds, as deemed necessary. The FA Recipient is required to comply with these requests. Supporting documents may include invoices, copies of contracts, vendor quotes, and other expenditure explanations that justify the reimbursement requests.
3. Any award beyond the current fiscal year is subject to availability of funds; funds may be provided in subsequent fiscal years if project work is satisfactory and funding is available.
4. Expenses charged against awards under the Agreement may not be incurred prior to the beginning of the Start Date of the Agreement, and may be incurred only as necessary to carry out the

NOTICE OF AWARD (Continuation Sheet)

approved objectives, scope of work and budget with prior approval from the NPS AO. The Recipient shall not incur costs or obligate funds for any purpose pertaining to the operation of the project, program, or activities beyond the expiration date stipulated in the award.

5. Any non-Federal share, whether in cash or in-kind, is expected to be paid out at the same general rate as the Federal share. Exceptions to this requirement may be granted by the AO based on sufficient documentation demonstrating previously determined plans for or later commitment of cash or in-kind contributions. In any case, the Recipient must meet their cost share commitment over the life of the award.

9. Reports and/or Outputs/Outcomes

1. Refer to the second page of the Notice of Award document for Federal Financial reporting frequency and due dates. Performance reports are also required at the same reporting frequency and due dates as the FFR. Reports must be submitted through the GrantSolutions "Manage Reports" functionality.
2. A final Performance Report and a final Federal Financial Report will be due 120 days after the end-date of the Term of Agreement. If the recipient does not submit the final report before the required due date, NPS is required to submit a finding of non-compliance to the Federal Awardee Performance and Integrity Information System (FAPIIS). Each report shall be submitted as described above.
3. The Secretary of the Interior and the Comptroller General of the United States, or their duly authorized representatives, will have access, for the purpose of financial or programmatic review and examination, to any books, documents, papers, and records that are pertinent to the Agreement at all reasonable times during the period of retention in accordance with 2 CFR 200.334.

 2. It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 3. The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

C. Reporting Procedures

- i. Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in the award terms and conditions. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

D. Reporting Frequency

- i. During any period of time when you are subject to the requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five-year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

E. Definitions

- i. For purposes of this award term and condition:

Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b) Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c) Total value of currently active grants, cooperative agreements, and procurement contracts includes—

1. Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

2. The value of all expected funding increments under a Federal award and options, even if not yet exercised.

9. FUNDING USED FOR THE PURCHASE AND OPERATION OF UNMANNED AIRCRAFT SYSTEMS (UAS)

If Federal funding is provided to a State, local, tribal, or territorial government for the purchase or use of UAS for their operations, the recipient must have in place policies and procedures to safeguard individuals' privacy, civil rights, and civil liberties prior to expending such funds.

Per the policy memorandum issued by National Park Service Director, dated June 19, 2014, the launching, landing, and operating of unmanned aircraft, that is not under the control of the Federal government, on lands and waters administered by the National Park Service is prohibited unless approval is received from the Associate Director for such purposes as:

Scientific study, search and rescue operations, fire operations, and law enforcement. Administrative use includes the use of unmanned aircraft by:

(i) NPS personnel as operators or crew;

(ii) cooperators such as government agencies and universities that conduct unmanned aircraft operations for the NPS pursuant to a written agreement; and

(iii) other entities, including commercial entities, conducting unmanned aircraft operations for the NPS, provided such entities are in compliance with all applicable FAA and Department of the Interior requirements.

10. PATENTS AND INVENTIONS (37 CFR 401)

Recipients of agreements which support experimental, developmental, or research work shall be subject to applicable regulations governing patents and inventions, including the government-wide regulations issued by the Department of Commerce at 37 CFR 401, Rights to Inventions Made by Non-profit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements. These regulations do not apply to any agreement made primarily for educational purposes.

In accordance with 37 CFR 401.3(a), the provision at 37 CFR 401.14(a), with authorized modifications for the National Park Service, is hereby included in this agreement:

(a) Definitions

GRANT NO. P23AF00890-00	

(1) Invention means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321 et seq.).

(2) Subject invention means any invention of the recipient conceived or first actually reduced to practice in the performance of work under this agreement, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d)) must also occur during the period of agreement performance.

(3) Practical Application means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or government regulations, available to the public on reasonable terms.

(4) Made when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) Small Business Firm means a small business concern as defined at section 2 of Public Law. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this provision, the size standards for small business concerns involved in government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) Nonprofit Organization means a university or other institution of higher education, or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) and exempt from taxation under section 501(a) of the Internal Revenue Code (25 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(b) Allocation of Principal Rights. The Recipient may retain the entire right, title, and interest throughout the world to each subject invention subject to this provision and 35 U.S.C. 203. With respect to any subject invention in which the Recipient retains title, the Federal government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(c) Invention Disclosure, Election of Title and Filing of Patent Application by Recipient

(1) The Recipient will disclose each subject invention to the National Park Service within two months after the inventor discloses it in writing to Recipient personnel responsible for patent matters. The disclosure to the National Park Service shall be in the form of a written report and shall identify the agreement under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the National Park Service, the Recipient will promptly notify the National Park Service of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Recipient.

(2) The Recipient will elect in writing whether or not to retain title to any such invention by notifying the

GRANT NO. P23AF00890-00	

National Park Service within two years of disclosure to the National Park Service. However, in any case where publication, on sale or public use has initiated the one-year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by the National Park Service to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Recipient will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Recipient will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (1), (2), and (3) may, at the discretion of the National Park Service, be granted.

(d) Conditions When the Government May Obtain Title. The Recipient will convey to the National Park Service, upon written request, title to any subject inventions

(1) If the Recipient fails to disclose or elect title to the subject invention within the times specified in (c), above, or elects not to retain title; provided that the National Park Service may only request title within 60 days after learning of the failure of the Recipient to disclose or elect within the specified times.

(2) In those countries in which the Recipient fails to file patent applications within the times specified in (c) above; provided, however, that if the Recipient has filed a patent application in a country after the times specified in (c) above, but prior to its receipt of the written request of the National Park Service, the Recipient shall continue to retain title in that country.

(3) In any country in which the Recipient decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to Recipient and Protection of the Recipient Right to File

(1) The Recipient will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the Recipient fails to disclose the invention within the times specified in (c), above. The Recipient's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the Recipient is a party and includes the right to grant sublicenses of the same scope to the extent the Recipient was legally obligated to do so at the time the agreement was awarded. The license is transferable only with the approval of the National Park Service except when transferred to the successor of that party of the Recipient's business to which the invention pertains.

(2) The Recipient's domestic license may be revoked or modified by the National Park Service to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404 and the National Park Service licensing regulations (if any). This license will not be revoked in that field of use or the geographical areas in which the Recipient has achieved practical application and

continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of the National Park Service to the extent the Recipient, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, the National Park Service will furnish the Recipient a written notice of its intention to revoke or modify the license, and the Recipient will be allowed thirty days (or such other time as may be authorized by the National Park Service for good cause shown by the Recipient) after the notice to show cause why the license should not be revoked or modified. The Recipient has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and National Park Service regulations (if any) concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

(f) Recipient Action to Protect the Government's Interest

(1) The Recipient agrees to execute or to have executed and promptly deliver to the National Park Service all instruments necessary to

(i) establish or confirm the rights the Government has throughout the world in those subject inventions to which the Recipient elects to retain title, and

(ii) convey title to the National Park Service when requested under paragraph (d) above and to enable the government to obtain patent protection throughout the world in that subject invention.

(2) The Recipient agrees to require, by written agreement, its employees, other than clerical and non-technical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Recipient each subject invention made under agreement in order that the Recipient can comply with the disclosure provisions of paragraph (c), above, and to execute all papers necessary to file patent applications on subject inventions and to establish the government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by (c)(1), above. The Recipient shall instruct such employees through employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The Recipient will notify the National Park Service of any decisions not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The Recipient agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the agreement) awarded by (identify the Federal agency). The government has certain rights in the invention."

(g) Subcontracts. The Recipient will include this provision, suitably modified to identify the parties, in all sub-agreements or subcontracts, regardless of tier, for experimental, developmental or research work. The sub-recipient or subcontractor will retain all rights provided for the Recipient in this provision, and the Recipient will not, as part of the consideration for awarding the sub-agreement or subcontract, obtain rights in the sub-recipient's or subcontractor's subject inventions.

(h) Reporting on Utilization of Subject Inventions. The Recipient agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Recipient or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Recipient, and such other data and information as the National Park Service may reasonably specify. The Recipient also agrees to provide additional reports as may be requested by the National Park Service in connection with any march-in proceeding undertaken by the National Park Service in accordance with paragraph (j) of this provision. As required by 35 U.S.C. 202(c)(5), the National Park Service agrees it will not disclose such information to persons outside the government without permission of the Recipient.

(i) Preference for United States Industry. Notwithstanding any other part of this provision, the Recipient agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject inventions in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by the National Park Service upon a showing by the Recipient or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights. The Recipient agrees that with respect to any subject invention in which it has acquired title, the National Park Service has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the National Park Service to require the Recipient, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the Recipient, assignee, or exclusive licensee refuses such a request the National Park Service has the right to grant such a license itself if the National Park Service determines that:

(1) Such action is necessary because the Recipient or assignee has not taken or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use.

(2) Such action is necessary to alleviate health or safety needs, which are not reasonably satisfied by the Recipient, assignee or their licensees.

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Recipient, assignee or licensees; or

(4) Such action is necessary because the agreement required by paragraph (i) of this provision has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special Provisions for Agreements with Nonprofit Organizations.

If the Recipient is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of the National Park Service, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the Recipient;

(2) The Recipient will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when the National Park Service deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the Recipient with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject invention that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the Recipient determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the Recipient is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Recipient. However, the Recipient agrees that the National Park Service may review the Recipient's licensing program and decisions regarding small business applicants, and the Recipient will negotiate changes to its licensing policies, procedures, or practices with the National Park Service when this review discloses that the Recipient could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

(l) Communication. Communications regarding matters relating to this provision shall be directed to the Deputy Associate Solicitor, Branch of Procurements and Patents, Office of the Solicitor, U.S. Department of the Interior, 1849 C Street NW, Washington, D.C. 20240.

11. ENSURING THE FUTURE IS MADE IN ALL OF AMERICA BY ALL OF AMERICA'S WORKERS PER E.O. 14005 (dated January 25, 2021)

Per Executive Order 14005, entitled "Ensuring the Future Is Made in All of America by All of America's Workers" the Recipient shall maximize the use of goods, products, and materials produced in, and services offered in, the United States, and whenever possible, procure goods, products, materials, and services from sources that will help American businesses compete in strategic industries and help America's workers thrive.

12. SECTION 508 OF THE REHABILITATION ACT OF 1973 (29 U.S.C. §794 (d))

While the requirements of Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d), do not apply to financial assistance agreements, the NPS is subject to the Act's requirements that all documents posted on an NPS or NPS-hosted website comply with the accessibility standards of the Act. Accordingly, final deliverable reports prepared under this agreement and submitted in electronic format must be submitted in a format whereby NPS can easily meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended. NOTE: Quarterly Progress Reports and financial reports are not considered final deliverables and therefore the following requirements do not apply.

All electronic documents prepared under this Agreement must meet the requirements of Section 508 of the Rehabilitation Act of 1973, as amended. The Act requires that all electronic products prepared for the

Federal Government be accessible to persons with disabilities, including those with vision, hearing, cognitive, and mobility impairments. View Section 508 of the Rehabilitation Act, Standards and Guidelines for detailed information.

The following summarizes some of the requirements for preparing NPS reports in conformance with Section 508 for eventual posting by NPS to an NPS-sponsored website. For specific detailed guidance and checklists for creating accessible digital content, please go to [Section 508.gov](https://www.section508.gov), Create Accessible Digital Products. All accessible digital content must conform to the requirements and techniques of the Web Content Accessibility Guidelines (WCAG) 2.0 or later, Level AA Success Criteria.

a. Electronic documents with images Provide a text equivalent for every non-text element (including photographs, charts and equations) in all publications prepared in electronic format. Use descriptions such as "alt" and "longdesc" for all non-text images or place them in element content. For all documents prepared, vendors must prepare one standard HTML format as described in this statement of work AND one text format that includes descriptions for all non-text images. "Text equivalent" means text sufficient to reasonably describe the image. Images that are merely decorative require only a very brief "text equivalent" description. However, images that convey information that is important to the content of the report require text sufficient to reasonably describe that image and its purpose within the context of the report.

b. Electronic documents with complex charts or data tables When preparing tables that are heavily designed, prepare adequate alternate information so that assistive technologies can read them out. Identify row and column headers for data tables. Provide the information in a non-linear form. Markups will be used to associate data cells and header cells for data tables that have two or more logical levels of row and column headers.

c. Electronic documents with forms When electronic forms are designed to be completed on-line, the form will allow people using assistive technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.

13. LOBBYING PROHIBITION

18 U.S.C. §1913, Lobbying with Appropriated Moneys, as amended by Public Law 107–273, Nov. 2, 2002 Violations of this section shall constitute violations of section 1352(a) of title 31. In addition, the related restrictions on the use of appropriated funds found in Div. F, § 402 of the Omnibus Appropriations Act of 2008 (P.L. 110–161) also apply.

14. ANTI-DEFICIENCY ACT

Pursuant to 31 U.S.C. §1341 nothing contained in this Agreement shall be construed as binding the NPS to expend in any one fiscal year any sum in excess of appropriations made by Congress, for the purposes of this Agreement for that fiscal year, or other obligation for the further expenditure of money in excess of such appropriations.

15. ASSIGNMENT

No part of this Agreement shall be assigned to any other party without prior written approval of the NPS and the Assignee.

16. MEMBER OF CONGRESS

Pursuant to 41 U.S.C. § 22, no Member of Congress shall be admitted to any share or part of any contract

or agreement made, entered into, or adopted by or on behalf of the United States, or to any benefit to arise thereupon.

17. AGENCY

The Recipient is not an agent or representative of the United States, the Department of the Interior, NPS, or the Park, nor will the Recipient represent itself as such to third parties. NPS employees are not agents of the Recipient and will not act on behalf of the Recipient.

18. NON-EXCLUSIVE AGREEMENT

This Agreement in no way restricts the Recipient or NPS from entering into similar agreements, or participating in similar activities or arrangements, with other public or private agencies, organizations, or individuals.

19. PARTIAL INVALIDITY

If any provision of this Agreement or the application thereof to any party or circumstance shall, to any extent, be held invalid or unenforceable, the remainder of this Agreement or the application of such provision to the parties or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby and each provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.

20. NO EMPLOYMENT RELATIONSHIP

This Agreement is not intended to and shall not be construed to create an employment relationship between NPS and Recipient or its representatives. No representative of Recipient shall perform any function or make any decision properly reserved by law or policy to the Federal government.

21. NO THIRD-PARTY RIGHTS

This Agreement creates enforceable obligations between only NPS and Recipient. Except as expressly provided herein, it is not intended, nor shall it be construed to create any right of enforcement by or any duties or obligation in favor of persons or entities not a party to this Agreement.

22. PROGRAM INCOME

If the Recipient earns program income, as defined in 2 CFR §200.1, during the period of performance of this agreement, to the extent available the Recipient must disburse funds available from program income, and interest earned on such funds, before requesting additional cash payments (2 CFR §200.305 (5)). As allowed under 2 CFR §200.307, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must be used for the purposes, and under the conditions of, the Federal award. Disposition of program income remaining after the end of the period of performance shall be negotiated as part of the agreement closeout process.

23. RIGHTS IN DATA

The Recipient must grant the United States of America a royalty-free, non-exclusive and irrevocable license to publish, reproduce and use, and dispose of in any manner and for any purpose without limitation, and to authorize or ratify publication, reproduction or use by others, of all copyrightable material first produced or composed under this Agreement by the Recipient, its employees or any individual or concern specifically employed or assigned to originate and prepare such material.

24. CONFLICT OF INTREST

(a) Applicability.

1. This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements.

2. In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict-of-interest provisions in 2 CFR 200.318 apply.

(b) Requirements.

1. Non-Federal entities must avoid prohibited conflicts of interest, including any significant financial interests that could cause a reasonable person to question the recipient's ability to provide impartial, technically sound, and objective performance under or with respect to a Federal financial assistance agreement.

2. In addition to any other prohibitions that may apply with respect to conflicts of interest, no key official of an actual or proposed recipient or subrecipient, who is substantially involved in the proposal or project, may have been a former Federal employee who, within the last one (1) year, participated personally and substantially in the evaluation, award, or administration of an award with respect to that recipient or subrecipient or in development of the requirement leading to the funding announcement.

3. No actual or prospective recipient or subrecipient may solicit, obtain, or use non-public information regarding the evaluation, award, or administration of an award to that recipient or subrecipient or the development of a Federal financial assistance opportunity that may be of competitive interest to that recipient or subrecipient.

(c) Notification.

1. Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass-through entity in accordance with 2 CFR 200.112, Conflicts of interest.

(d) Recipients must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Financial Assistance Officer in writing of any conflicts of interest that may arise during the life of the award, including those that have been reported by subrecipients. Restrictions on Lobbying. Non-Federal entities are strictly prohibited from using funds under this grant or cooperative agreement for lobbying activities and must provide the required certifications and disclosures pursuant to 43 CFR Part 18 and 31 USC 1352.

(e) Review Procedures. The Financial Assistance Officer will examine each conflict-of-interest disclosure on the basis of its particular facts and the nature of the proposed grant or cooperative agreement and will determine whether a significant potential conflict exists and, if it does, develop an appropriate means for resolving it.

(f) Enforcement. Failure to resolve conflicts of interest in a manner that satisfies the Government may be cause for termination of the award. Failure to make required disclosures may result in any of the remedies described in 2 CFR 200.338, Remedies for Noncompliance, including suspension or debarment (see also 2 CFR Part 180).

25. BUILD AMERICA, BUY AMERICA

As required by Section 70914 of the Bipartisan Infrastructure Law (also known as the Infrastructure Investment and Jobs Act), P.L. 117-58, on or after May 14, 2022, none of the funds under a federal award that are part of Federal financial assistance program for infrastructure may be obligated for a project unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. The requirements of this section must be included in all subawards, including all contracts and purchase orders for work or products under this program.

As applicable, recipients of an award of Federal financial assistance are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

1. all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
2. all manufactured products used in the project are produced in the United States —this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
3. all construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

For further information on the Buy America preference, please visit [“Buy America” Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#). Additional information can also be found at the White House Made in America Office website: [Made In America | OMB | The White House](#).

Waivers

When necessary, recipients may apply for, and the Department of the Interior (DOI) may grant, a waiver from these requirements, subject to review by the Made in America Office. The DOI may waive the application of the domestic content procurement preference in any case in which it is determined that one of the below circumstances applies:

1. Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;

NOTICE OF AWARD (Continuation Sheet)

GRANT NO. P23AF00890-00	

2. Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or

3. Public Interest Waiver: applying the domestic content procurement preference would be inconsistent with the public interest.

There may be instances where an award qualifies, in whole or in part, for an existing DOI general applicability waiver as described at: [Approved DOI General Applicability Waivers | U.S. Department of the Interior](#).

If the specific financial assistance agreement, infrastructure project, or non-domestic materials meets the criteria of an existing general applicability waiver within the limitations defined within the waiver, the recipient is not required to request a separate waiver for non-domestic materials.

If a general applicability waiver does not already apply, and a recipient believes that one of the above circumstances applies to an award, a request to waive the application of the domestic content procurement preference may be submitted to the financial assistance awarding officer in writing. Waiver requests shall include the below information. The waiver shall not include any Privacy Act information, sensitive data, or proprietary information within their waiver request. Waiver requests will be posted to [“Buy America” Domestic Sourcing Guidance and Waiver Process for DOI Financial Assistance Agreements | U.S. Department of the Interior](#) and are subject to public comment periods of no less than 15 days. Waiver requests will also be reviewed by the Made in America Office.

1. Type of waiver requested (non-availability, unreasonable cost, or public interest).
2. Requesting entity and Unique Entity Identifier (UEI) submitting the request.
3. Department of Interior Bureau or Office who issued the award.
4. Federal financial assistance listing name and number (reference block 2 on DOI Notice of Award)
5. Financial assistance title of project (reference block 8 on DOI Notice of Award).
6. Federal Award Identification Number (FAIN).
7. Federal funding amount (reference block 11.m. on DO Notice of Award).
8. Total cost of Infrastructure expenditures (includes federal and non-federal funds to the extent known).
9. Infrastructure project description(s) and location(s) (to the extent known).
10. List of iron or steel item(s), manufactured goods, and construction material(s) the recipient seeks to waive from Buy America requirements. Include the name, cost, countries of origin (if known), and relevant PSC or NAICS code for each.
11. A certification that the recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with the prime contractor.
12. A statement of waiver justification, including a description of efforts made (e.g., market research, industry outreach) by the recipient, in an attempt to avoid the need for a waiver. Such a justification may cite, if applicable, the absence of any Buy America-compliant bids received in response to a solicitation.

8. Requirement for NEPA Compliance

All HPF funded grants are subject to the requirements of the National Environmental Policy Act (NEPA) of 1969, as amended. This Act requires Federal agencies to consider the reasonably foreseeable environmental consequences of all grant-supported activities. As part of the NPS implementation of NEPA, grantees are required to notify the NPS of any reasonably foreseeable impacts to the environment from grant-supported activities, or to certify that no such impacts will arise upon receipt of a grant award. In addition, the NPS has determined that most HPF grant funds are not expected to individually or cumulatively have a significant impact on the environment, unless the activity involves development (construction) or archeology. For construction or archeology projects, the applicant/grantee should use **HPFOnline** to submit an *Environmental Screening Worksheet*, in order to assist the NPS in determining if a Categorical Exclusion (found in NPS Director's Order 12) can be utilized.

9. Compliance with Section 106

Pursuant to Section 106 of the National Historic Preservation Act (54 USC 306108), the NPS and the grantee must complete the consultation process stipulated in the regulations issued by the Advisory Council on Historic Preservation (ACHP) in 36 CFR 800 **prior** to the commencement of all grant-assisted construction or ground disturbance on the property.

10. Compliance with Section 110

Section 110 of The National Historic Preservation Act identifies the responsibility of the federal agency in their treatment of historic properties. Section 110(f) (54 USC 306107) clarifies the responsibility of the agency to protect National Historic Landmarks (NHL) from harm. See this agreement for submission requirements regarding NHL properties. In addition, Section 110(k) (54 USC 306113) prohibits the NPS from funding any grantee or subgrantee that attempts to avoid the requirements of Section 106. Grantees must make every effort to fund preservation projects that do no harm or adverse effects to NHL properties. Should it be discovered a grantee has deliberately damaged a property (e.g., pre-emptive demolition) to avoid requirements, the NPS must be notified to determine, in consultation with the ACHP, if the project can proceed.

11. NPS Review of Planning/Design Documents for National Historic Landmarks

The grantee must submit the following:

1. a site plan that has the north direction clearly marked;
2. a city/county map with the site of the property clearly labeled;

3. set of plans and specifications for the project;
4. digital images of all exterior elevations of the building or site, with views identified and oriented and keyed to the site plan;
5. digital images of all interior major rooms and those involved in the project, labeled and keyed to a floor plan;
6. for NHL Districts include overall views of the district from the project area; and
7. any additional information that will better enable a technical review of the project to be completed.

The grantee must submit documents for the entire undertaking to the NPS for its review and approval to ensure conformance with the Secretary of the Interior's *Standards and Guidelines for Archeology and Historic Preservation*, Historic Preservation Fund Grant Manual, and with the conditions listed in this Grant Agreement, **prior** to the beginning of grant-assisted work. Work that does not comply with these Standards in the judgment of the NPS will not be reimbursed, and may cause the grant to be terminated and funds deobligated.

Plans & specifications for the project must be marked on the cover with this statement:

The {name of property} is designated a National Historic Landmark for its architectural and historic significance. It is considered to have irreplaceable cultural, material, and aesthetic value. The work is funded in part by the Historic Preservation Fund, administered by the National Park Service, Department of the Interior. The funding of which is subject to having all work items meet The Secretary of the Interior's Standards for the Treatment of Historic Properties.

12. GIS Spatial Data Transfer Standards

All GIS data collected with HPF funds shall be in compliance with the NPS Cultural Resource Spatial Data Transfer Standards with complete feature level metadata. Template GeoDatabases and guidelines for creating GIS data in the NPS cultural resource spatial data transfer standards can be found at the NPS Cultural Resource GIS Facility webpage:

https://www.nps.gov/crgis/crgis_standards.htm

Technical assistance to meet the NPS Cultural Resource Spatial Data Transfer Standard specifications will be made available if requested. Execution of a Data Sharing Agreement between the NPS and the Recipient shall take place prior to collection of GIS data using HPF funds, as applicable.

Compliance with this award term will satisfy the requirements of Article 26 "Geospatial Data" and contained within the Department of the Interior's General Terms & Conditions (effective June 1, 2023).

13. Catalog of Federal Domestic Assistance/Assistance Listing Inclusion in Single Audit

This may include a requirement to submit additional reporting documentation.

15. Subgrant Awards

The awarding of subgrants must follow the eligibility factors outlined in the Notice of Funding Opportunity, OMB regulations in 2 CFR 200, and the Historic Preservation Fund Grant Manual.

16. Unanticipated Discovery Protocols

At a minimum, unanticipated discovery protocols for subgrants or contracts shall require the sub-grantee or contractor to immediately stop construction in the vicinity of the affected historic resource and take reasonable measures to avoid and minimize harm to the resource until the SHPO or THPO, sub-grantee or contractor, and Indian Tribes, as appropriate, have determined a suitable course of action within 15 calendar days. With the express permission of the SHPO and/or THPO, the sub-grantee or contractor may perform additional measures to secure the jobsite if the sub-grantee or contractor determines that unfinished work in the vicinity of the affected historic property would cause safety or security concerns.

17. Requirement for Training

At the direction of the National Park Service, personnel associated with management of the grant program may be required to attend trainings and/or meetings. The grantee will be provided adequate notice to plan for any required activities; expenses incurred as part of this requirement are eligible to charge towards the grant.

18. Demonstration of Effort – Performance Goals

In order to ensure the timely and successful completion of all HPF grant awards, the NPS requires acceptable demonstration of effort by the grantee on project work supported by all HPF funded grants.

Demonstration of effort means acceptable performance by undertaking meaningful progress on grant-supported activities and complying with award terms and conditions.

19. Funding for Use of Unmanned Aircraft Systems (UAS) (AKA Drones)

HPF funding for unmanned aircraft systems (UAS) usage is eligible only in the contracting of an experienced, licensed contractor of UAS who possesses the appropriate license, certifications, and training to operate UAS. The contractor is required to provide proof of liability insurance in the operation of UAS for commercial use.

If HPF funding is provided to a state, tribal, local, or territorial government, or other non-profit organization for the use of UAS as part of their scope of work, the recipient must have in place policies and procedures to safeguard individuals' privacy, civil rights, and civil liberties prior to expending such funds.

20. Easement/Covenant Requirement

Section 54 USC 302902 of the National Historic Preservation Act requires Historic Preservation

GRANT NO. P23AF00890-00	

Fund grantees agree to assume, after the completion of the project, the total cost of continued maintenance, repair and administration of the grant-assisted property in a manner satisfactory to the Secretary of the Interior. Accordingly, recipients awarded funds for the physical preservation of a historic site shall sign a preservation agreement/covenant/easement (easement) with the State or Tribal Historic Preservation Officer in which the site is located or with a nonprofit preservation organization acceptable to the NPS. For competitive (project) grants, a draft copy of the preservation covenant/easement template must be submitted to the NPS ATR within one year of grant agreement execution for review and comment.

All preservation easements must be executed by registering it with the deed of the property. Baseline documentation of the character defining features of the site must be documented prior to construction through photographs. The preservation easement must document the grant assisted condition of the site and the historic character defining features as part of the document registered with the deed.

The term of the preservation easement is dependent on the amount of assistance the historic property receives from this opportunity:

1. If the historic property is not currently protected by a preservation easement, a preservation easement must be executed for the term as given in the table below per the amount of funding awarded.
2. If the historic property is currently subject to a preservation easement that meets the minimum federal preservation requirements, an extension must be executed for an additional duration to meet the requirements of the new funding awarded. Required term is identified in the table below. For example, if a property had 10 years remaining on a previous 20-year easement, and receives \$300,000 in HPF funding, an amendment to add 15 years would be required.
3. If the historic property is currently protected by a perpetual or other preservation easement that meets or exceeds the requirements of this grant program as determined by the NPS, no additional duration or restrictions are necessary.

Amount of Federal Assistance Awarded	Covenant/Easement Term Requirement
\$1-\$50,000	5-year minimum preservation agreement; a covenant/easement amending the deed is not required
\$50,001 - \$250,000	10-year minimum preservation covenant/easement
\$250,001 - \$500,000	15-year minimum preservation covenant/easement

21. Audit Findings and Follow-Up

The Recipient is hereby informed that the NPS may withhold or suspend award funds, or may impose other related conditions, if the recipient does not satisfactorily and promptly address findings from Single or program-specific audits, investigations, or reviews of NPS programs and awards. Each year the award is active, the Recipient must require its auditors to provide status report updates of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs, as required by 2 CFR 200, Subpart F ("Grants and Agreements, Audit Requirements"). Upon review of subsequent annual audits, the NPS will determine if further corrective action is warranted.

When findings exist, the Recipient must submit a status report every six months to the NPS of all steps being taken to resolve related audit findings included in the prior audit's *Schedule of Findings and Questioned Costs* to remain in good standing for all NPS grant awards. If the Recipient fails to meet these deadlines without written approval of extension from the NPS, NPS may withhold remaining and future award funds, or may impose other related requirements to ensure compliance with this condition. Outstanding audit findings, if any, are included in the attachments of this Agreement.

22. Copyright

Per 2 CFR 200.315(b), the NPS reserves a royalty-free right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so, any materials produced under this grant. All photos included as part of the interim & final reporting and deliverables/publication will be considered released to the NPS for future official use. Photographer, date, and caption should be identified on each photo, so NPS may provide proper credit for use.

A digital copy of all deliverables must be available for public access. Sensitive information may be redacted from the public access copy.

All consultants hired by the Recipient must be informed of this requirement.

23. Compliance with the Americans with Disabilities Act and the Architectural Barriers Act

The use of federal funds to improve public buildings, to finance services or programs contained in public buildings, or alter any building or facility financed in whole or in part with Federal funds (except privately owned residential structures), requires compliance with the 1990 Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and the Architectural Barriers Act (ABA). Work done to alter the property should be in compliance with all applicable regulations and guidance.

24. Funding Acknowledgement

The grantee must include acknowledgment of grant support from the Historic Preservation Fund of the National Park Service, Department of Interior, in all deliverables and publications concerning NPS grant-supported activities as referenced in the Statement of Work.

25. Determination of Risk

In accordance with 2 C.F.R. § 200.205, the application for this award was subjected to a pre-award risk assessment which included a review of information contained within the application, past audits, Federal Awardee Performance and Integrity Information System (FAPIIS), and/or past performance on previous Federal financial assistance awards and other factors.

This award has been determined to be a low risk with the following requirements:

Requests for payment may be made directly from the ASAP grant account without prior NPS approval after expenses have been incurred, invoiced, and paid. All documentation of expenses must be kept on file for audit purposes and may be requested by the NPS at any time. If payments are drawn down prior to invoice and payment or in amounts larger than costs incurred, the Recipient may be determined medium or high risk and be subject to additional grant terms and conditions.

26. Cost Sharing/Matching Requirement

A minimum of 40% non-Federal cost-share is required for costs incurred under this grant program. The recipient agrees to contribute the amount identified in block 11n in eligible non-Federal matching contributions that are allowable, properly documented, and must be used during the grant period to share the costs for this statement of work. Failure to use the required non-Federal matching share will result in the disallowance of costs reimbursed, and/or the deobligation of remaining unexpended funds.

27. Pass-Through to Certified Local Governments

Digital Product Submission Guidelines

The National Park Service's (NPS) State, Tribal, Local Plans & Grants (STLPG) Division developed these guidelines to outline the digital product submission process for grant recipients. These guidelines specify the types of products that should be submitted, supply guidance on the file names and formats grant recipients should use, and define how submissions should be made.

Products submitted digitally may be uploaded and shared with the general public through the [Integrated Resource Management Application \(IRMA\)](#), the NPS's digital repository system. The see grant products that have already been uploaded, use the above link, choose Historic Preservation Fund (HPF) under "Select a Park, Office, Program or Region" and selected a category of featured context.
