Re: Adopt A Spot Beautification Agreements

Executive Summary

Volunteer Programs, part of the Community Development Department, is submitting for approval two Adopt-A-Spot Beautification agreements to allow volunteers to care for landscaping in street right of way. Staff is excited about the addition of these volunteers to the program; their service to our community is greatly appreciated.

Discussion

Volunteers are responsible for maintaining landscaped beds in city or state right of way in the City of Columbia in nearly 100 locations. Adopters are responsible for weeding, watering, and mulching the beds and planting annual flowers and bulbs. Agreements are written for a four-year commitment and each bed has a sign to acknowledge the efforts of the adopter.

Staff is asking for council to approve agreements with volunteers to maintain beds:

- Country Club Villas II will be adopting the landscaping in the roundabout that is being constructed at Green Meadows Road and Forum Boulevard. The City will install the landscaping and irrigation system with Country Club Villas II providing ongoing maintenance. The planting plan is attached; Neon Sedum will be planted in place of the Feather Celosias noted on the plan. The installation should be complete in the fall.
- Cherry Hill Radio will be adopting a small triangle-shaped bed where Buttonwood connects with Green Meadows Road. This bed has some existing landscaping.

With these adoptions the Adopt-A-Spot Beautification program is at a 97% adoption rate. City staff will work with these volunteers to provide mulch, annual flowers, bulbs and plants as needed to help them be successful. City staff review the beds two to three times each year to provide feedback to volunteers and help ensure program quality. Staff will terminate agreements with volunteers who are not meeting the standards for weed free beds with color throughout the growing season. The City's Volunteer Programs staff appreciates the investment that volunteers put into Adopt-A-Spot beds to be enjoyed by hundreds of residents and visitors each day.

Fiscal Impact

Short-Term Impact: The City will provide signs acknowledging the work of adopters in each bed for a total cost of \$260. In addition the City will provide mulch, plants, annuals and bulbs for a total two year cost not to exceed \$1000.

City of Columbia

701 East Broadway, Columbia, Missouri 65201

Long-Term Impact: The City's Volunteer Programs provides ongoing support for Adopt A Spot beds including water meter and hydrant maintenance and repair, replacement plants, mulch, bulbs and annual flowers. No more than \$15,000 is spent on the program to support more than 90 beds. Volunteers provide the labor to maintain these beds at no cost to the City.
