

Department Source: City Utilities - Water and Light

To: City Council

From: City Manager & Staff

Council Meeting Date: November 6, 2017

Re: End User License Agreement with Schneider Electric, LLC.

Executive Summary

Staff has prepared for Council consideration an ordinance authorizing the City Manager to execute an end user license agreement (EULA) with Schneider Electric, Inc. for the Wonderware software to be used for supervisory control and data acquisition (SCADA) at the Water Treatment Plant.

Discussion

The City of Columbia solicited a request for proposals (RFP) 56/2017 seeking vendors for a new SCADA system to be used at the Water Treatment Plant through the Purchasing Division. Based on proposal evaluations, Schneider Electric was selected as the vendor to provide the Wonderware software. This agreement serves as the EULA specifying the licensing and terms of use for this software by the City. This agreement is solely a license agreement and not an agreement for sale.

The contracted cost of the Wonderware SCADA software is \$192,075 and funding has been appropriated in Capital Improvement Project No. W0278.

Fiscal Impact

Short-Term Impact: \$192,075. This is the cost of the software and licensing.

Long-Term Impact: \$26,642. Annual maintenance.

Strategic & Comprehensive Plan Impacts

Strategic Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Operational Excellence, Tertiary Impact: Not Applicable

Comprehensive Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Not applicable, Tertiary Impact: Not Applicable
