

CITY OF CAMERON

PUBLIC PARTICIPATION GROUND RULES

- 1) Two public Participations are offered. You may address Council at both offerings; however, you may not speak on the same topic each time.**
- 2) Please be respectful and patient of the ideas, suggestions and comments of the other participants. Every idea or proposal is worthy of consideration. Respect is also shown by the words used, so profanity and derogatory comments made about individuals or groups are not acceptable.**
- 3) This is not the time to really sell or promote your suggestions. Council will receive and consider your remarks and may choose to respond at a later time.**
- 4) It is also not time to be critical of other ideas or suggestions or debate.**
- 5) Please do not engage in side conversations so that everyone can be heard and understood.**
- 6) This is City Council's business meeting. We want it to be enjoyable, interesting and, most importantly, productive and beneficial. Questions and comments should be presented in a courteous and professional manner.**
- 7) We appreciate your willingness to step forward and aid in Cameron's future.**
