Re: Authorizing a Grant of Easement for Water Utility Purposes to Consolidated Public Water Supply District No. 1 to Relocate a Water Line along Route H

Executive Summary

Authorizing the City Manager to execute a Grant of Easement for Water Utility Purposes to Consolidated Public Water Supply District No. 1 to relocate a water line along Route H near the Columbia Regional Airport.

Discussion

With the relocation of Route H as part of the Runway 2-20 extension project at the Columbia Regional Airport, Consolidated Public Water Supply District #1 (CPWSD #1) will need to abandon some of their existing easements and relocate their water line to the north side of Route H, requiring a grant of easement from the City. Staff does not foresee any reason for additional construction north of the currently planned Route H relocation project for aviation purposes.

CPWSD #1 will not be required to complete the Federal Aviation Administration's (FAA) Form 7460 (Notice of Proposed Construction or Alteration) for this specific project because the City's engineering consultant will include the relocation of the water line with the Route H reconstruction project when submitting the form to the FAA.

Staff is requesting Council authorize the City Manager to execute a Grant of Easement for Water Utility purposes to CPWSD #1 for the relocation of a water line along Route H near the Columbia Regional Airport.
