2. PURPOSE

- 2.1 The Healthy Families America (HFA) model, developed in 1992 by Prevent Child Abuse America, is based upon 12 Critical Elements. These Critical Elements are derived from more than 30 years of research to ensure programs are effective in working with families and are operationalized through a series of Best Practice Standards. This provides a solid structure for quality, yet offers programs the flexibility to design services specifically to meet the unique needs of families and communities. Model fidelity is illustrated through a comprehensive accreditation process, accessible at: <http://www.healthyfamiliesamerica.org>.
- 2.2 HFA has a strong research base, which includes randomized control trials and well-designed quasi-experimental research. To date, research and evaluation indicates impressive outcomes. Reviews of more than 15 evaluation studies of HFA programs in 12 states produced the following outcomes:
 - 2.2.1 Reduced child maltreatment;
 - 2.2.2 Increased utilizations of prenatal care and decreased pre-term, low weight babies;
 - 2.2.3 Improved parent-child interaction and school readiness;
 - 2.2.4 Decreased dependency on welfare, or Temporary Assistance to Needy Families (TANF) and other social services;
 - 2.2.5 Increased access to primary care medical services; and
 - 2.2.6 Increased immunization rates.
- 2.3 HFA program goals are to:
 - 2.3.1 Build and sustain community partnerships to systematically engage overburdened families in home visiting services;
 - 2.3.2 Cultivate and strengthen nurturing parent child relationships;
 - 2.3.3 Promote healthy childhood growth and development; and
 - 2.3.4 Enhance family functioning by reducing risk and building protective factors.
- 2.4 The Healthy Families Missouri Home Visiting Program focuses on low-income-based (185% of the poverty level or below), first time pregnant women (primiparous), women pregnant with subsequent pregnancies (multiparous) or primary caregivers and their

index child(ren) until the minimum age of three (3) and maximum age of five (5). The first home visit shall occur either prenatally or within the first three months after birth.

However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the state.

For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the state.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the specific contract terms.

4. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

8. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the state may cancel the contract. At its sole discretion, the state may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide the state within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.

If it is determined the state improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c.
