

FY 2019 CDBG and HOME Annual Action Plan
City of Columbia
Amendment #2

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The U.S. Department of Housing and Urban Development (HUD) defines the City of Columbia as an entitlement community due to its population and demographics. As an entitlement community, the City of Columbia receives an annual allocation of Community Development Block Grant (CDBG) and HOME program funding. The City of Columbia is required to submit an Annual Action Plan identifying community needs and funding priorities, in order to receive annual funding. The City of Columbia also values the importance of strategic planning when implementing the use of public funds. This Annual Action Plan is for program year 2019 and will become effective retroactively to January 1, 2019. CDBG funding allocations were level at \$923,114 and slightly down for HOME at \$580,720 for HOME; however this year's federal budget remains significantly increased from recent years prior to 2018. CDBG realized a %10 increase in funding in 2018 and a 43% increase to HOME. Staff is planning for level funding for FY 2020.

2. Summarize the objectives and outcomes identified in the Plan

The City of Columbia undertook a significant public input and planning process during the year leading up to the submission of its 2015-2019 Consolidated Plan. Public input was obtained through community focus groups, citizen surveys and public hearings. The objectives and outcomes identified in the plan are a direct result of priority needs identified by the public. Citizens were asked to identify priority needs in five categories including economic development, affordable housing, fair housing, neighborhood needs and community facilities. The City also obtained significant public input through 6 public hearings and a community need survey update pertaining to FY 2019 funding priorities. The City obtained responses from 333 individuals through the FY 2019 Community Development Needs Survey, which represents a steady annual increase in survey responses.

All objectives and outcomes identified in the plan will meet a national objective identified by HUD through providing decent affordable housing, creating suitable living environments and improving economic opportunity. This plan includes 16 production goals (deliverables) to ensure the most critical needs or highest priority needs are being addressed. The City of Columbia identified the following 16 production goals or objectives as a part of the 2015-2019 Consolidated Plan:

2015-2019 Consolidated Plan Goals

1. Provide vocational training to 70 participants, particularly low-income youth.
2. Provide microloans to 15 small businesses with at least 51% low to moderate income employees.
3. Provide comprehensive rehabilitation to 50 owner-occupied housing units.

4. Provide minor home repairs to 200 owner-occupied housing units.
5. Fund 1/2 FTE of a position to conduct code enforcement.
6. Provide homebuyer assistance in the form of down payment assistance to 65 eligible households.
7. Provide homebuyer education to 450 new homebuyers.
8. Construct 15 new affordable, energy efficient owner-occupied housing units with universal design features.
9. Provide development financing for 2 affordable housing developments funded through the Missouri Housing Development Commission.
10. Complete 5 infrastructure projects to increase neighborhood connectivity to amenities and services.
11. Construct 5 new bus shelters in the CDBG eligible area.
12. Remove 15 dilapidated structures within the NRT area.
13. Provide outreach and education to 150 low-income households regarding fair housing rights.
14. Provide fair housing education to 75 housing professionals.
15. Provide fair housing counseling to 50 low to moderate income renters.
16. Acquire, renovate, or expand 5 community facilities providing services to youth, homelessness, ex-offenders, and mental health.

Amendment #1

The Housing and Community Development Commission recommends an amendment to the FY 2019 Annual Action Plan, which includes allocating \$166,187 in HOME CHDO funds from FY 2018. Total CHDO funds per year were reduced to the 15% cap, which equates to \$97,698 in FY 2018 and \$87,408 in FY 2019. The additional CHDO funds beyond the cap that were previously budgeted are shown as being reallocated to the Columbia Community Land Trust and no longer considered CHDO funds and are now considered regular HOME funds.

Amendment #2

Amendment #2 is in response to the urgent need to provide capital to local small business through microloans due to the impact of COVID-19. Amendment 2 includes the reallocation of \$92,000 to the microloan program to provide access to capital for business with 5 or fewer employees. Businesses must be located within the geographic boundary of Columbia, MO and have 5 or fewer employees. Business must also be owned by a low to moderate (LMI) household, maintain a majority of LMI employees, or provide documentation of 51% or more of its services are provided to LMI households.

The CDBG amendment includes reallocation of carryover funds from 2019 and 2018 projects that didn't move forward including \$30,000 from King's Kids project in 2019 and \$63,000 from Habitat for Humanity's Boone Prairie from 2018.

3. Evaluation of past performance

The City's is maintaining many of the programs it has historically operated and also adjusts its funding priorities to match annual priority needs identified by the public. Estimated costs are also associated with each production goal to ensure that goals are realistic and achievable. This plan focuses on the most critical community needs identified by the public.

4. Summary of Citizen Participation Process and consultation process

The City of Columbia held 6 public hearings and conducted a citizen survey while developing the FY 2019 Annual Action Plan. The Community Development Commission held a public hearing on January 10,

2018 where the City announced the release of its citizen survey and provided a forum for organizations and the public to provide input on community development needs for the FY 2019 Annual Action Plan. The Community Development Commission then held two additional hearings on May 16, 2018 and June 6, 2018 where local organizations applying for FY 2019 CDBG and/or HOME funds were provided the opportunity to present their proposal(s) and how they addressed community development needs identified in 2015-2019 Consolidated Plan. The City Council then held a budget hearing on August 20th where the Community Development Commission presented its funding recommendations to the City Council, and members of the public were allowed to comment. City Council is holding an additional hearing on June 17, 2019 to consider the FY 2019 Annual Action Plan and allow organizations and members of the public to comment on funding priorities within the FY 2019 Annual Action Plan.

5. Summary of public comments

There were public comments received from three persons at the Community Development Needs Public Hearing held on January 10, 2018. Public comments were received from Scout Merry of Services for Independent Living, Erica Dickson of King's Kids, and Gabe Huffington of City of Columbia Parks and Recreation. Each of the speakers shared information regarding the efforts of their corresponding organizations and discussed potential applications for funding. The Community Development Commission asked clarifying questions with each presenter.

6. Summary of comments or views not accepted and the reasons for not accepting them

None.

7. Summary

The FY 2019 Annual Action Plan addresses priority needs identified in the 2015-2019 Consolidated Plan and does not amend any of the goals or objectives originally identified during formation of the Consolidated Plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Columbia consulted with several local services providers, city departments and local organizations while identifying priority needs for the plan. The consultation process primarily consisted of outreach to local organizations and the public through public hearings and a community survey.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Columbia Community Development Department (CD Department), Housing Programs Division is responsible for administering CDBG and HOME funds and formulating the Consolidated Plan. The Housing Programs Division included the City of Columbia Division of Human Services in the formulation of the 2015-2019 Consolidated Plan and works with the CD Department to coordinate funding efforts. The Division of Human Services administers local funding to governmental health, mental health and local service agencies. It also serves as the City's main point of contact for addressing homelessness. The Housing Programs Division included the Division of Human Services to reduce duplication of services provided and to maximize utilization of each funding source and ensure coordinated efforts to address community needs. The Housing Programs Division also included the CEO of the Columbia Public Housing Authority on the technical team for the Consolidated Plan to assist in planning and coordinating efforts to address affordable housing.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Housing Programs Division held a specific focus group on the issue of homelessness with local service providers that serve the homeless during formation of the 2015-2019 Consolidated Plan. Local service providers attending the focus group were also members of the Basic Needs Coalition (BNC). The BNC consists of local service providers that assist the homeless population in Columbia. The BNC conducts point in time counts, coordinates Project Homeless Connect and works to align services that assist homeless populations. The Housing Programs Division also consults representatives of the Functional Zero Task Force to assist in utilizing CDBG and HOME funds to address the needs of persons experiencing homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Missouri Housing Development Commission (MHDC) administers all ESG contracts in Columbia. The City retains the first right of refusal; however MHDC currently contracts directly with local organizations for implementing ESG funding. The City of Columbia works closely with all ESG recipient organizations through the BNC for point in time counts and addressing service gaps to homeless populations.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

The following section identifies agencies groups and organizations that participated in the process of forming the 2019 Annual Action Plan and 2015-2019 Consolidated Plan.

Narrative (optional)

The City of Columbia reviewed agency consultation and input received during the formation of the 2015-2019 Consolidated Plan and also provided additional opportunities for updates while forming the FY 2019 Annual Action Plan. Opportunities included 6 public hearings:

January 10, 2018: CDC Community Development Needs Hearing

May 16, 2018: CDC Public Projects Hearing and Presentation of Proposals

June 6, 2018: CDC Local Organizations Hearing and Presentation of Proposals

June 20, 2018: FY 2019 CDBG and HOME Recommendations Hearing

August 20, 2018: FY 2019 City Council Budget hearing

The City also received 333 responses in its FY 2019 Community Development Needs Survey to assist in informing decisions.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The citizen participation process served as the basis for identifying priority needs, which directly guided goal-setting in the City's 2015-2019 Consolidated Plan. All goals identified in the 2015-2019 Consolidated Plan were set based upon priority needs identified by the public. The FY 2019 Annual Action Plan addresses goals identified within the 2015-2019 Consolidated Plan. The City of Columbia's citizen participation process and consultation process in drafting the Consolidated Plan included eight 8 community forums/focus groups, seven public hearings and five citizen surveys.

The FY 2019 Annual Action Plan addresses goals identified within the FY 2015-2019 Consolidated Plan. The City updated citizen input by conducting 6 additional public hearings and its annual Community Development Needs Survey. The public input provided while planning the FY 2019 Annual Action Plan ensured goals and objectives identified in the 2015-2019 Consolidated Plan were up to date and guided funding decisions included within the FY 2019 Annual Action Plan.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

The City of Columbia's FY 2019 CDBG funding was significantly increased from previous years and estimates. Program income continues to be steady and provides a significant level of funding for additional projects. City staff anticipates a continuation of additional amounts of program income due to the addition of new projects and continued resale of homes maintaining a City lien.

Table 6 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG and HOME funds will leverage a significant amount of additional resources including federal, state and local funding. The Homeownership Assistance Program experienced approximately \$312,420 in expenditures during FY 2018, resulting in over \$4 million private mortgages. The city anticipates a similar level of funding leveraged from private mortgages as result of FY 2019 Homeownership Assistance Program expenditures. The City also allocated an additional \$200,000 in general revenue to construct 4 new affordable, near net-zero homes, which also included investment from a local bank for development financing and CDBG and HOME funding. This project was completed in spring of 2018. The City anticipates similar results of funds leveraged on new development of affordable housing through its N. 8th Street-Cullimore Cottages development to be funded with FY 2019 HOME CHDO funds and additional general revenue.

The U.S. Department of Housing and Urban Development (HUD) requires that the Participating Jurisdictions (PJs) that receive HOME funds match \$0.25 of every dollar. The matching requirement mobilizes community resources in support of affordable housing. The City of Columbia will receive \$580,720 in HOME funding for FY2019, requiring an annual match requirement of at least \$145,180. HUD allows Cities to rollover excess match from year to year and accumulate excess match. The City of Columbia has over \$1.7 million in excess match from previous years and anticipates meeting all match requirements for FY 2019 and accumulating additional match.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Columbia previously purchased 3 lots located within the central City on N. 8th Street. The City will work with the North Central Neighborhood Association, the Community Development Commission and the Columbia Community Land Trust to continue the implementation of redevelopment of affordable housing. Once a viable plan is in place, the City will work with local CHDOs and the Columbia Community Land Trust to develop the properties.

Discussion

The City will continue to prioritize needs and projects according to most need, as well federal funding continues to decline.

Table 8 – Goal Descriptions

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

The City anticipates impacting the following number of families with affordable housing as defined by HOME 91.215(b):

Extremely low-income: 40 households (SIL-40)

Low-income: 32 households (HOA-15, Rehab-15, New Housing-2)

Moderate income: 22 households (HOA-15, Rehab-5, New Housing-2)

Total: 94 Households.

AP-35 Projects – 91.220(d)

Introduction

All projects identified in the FY 2019 Annual Action Plan were identified through the City's annual CDBG and HOME Request for Proposals (RFP) process, or HOME CHDO funding RFP process.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

All allocation priorities are identified as objectives in the 2015-2019 Consolidated Plan.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

A significant level of resources will be directed within the CDBG Eligible Area and the Neighborhood Response Team (NRT) Area. Both of these areas maintain disproportionately higher concentrations of low to moderate income populations and minority populations. The City will direct services to these areas to assist with code enforcement, removal of dilapidated structures and improvements to Garth, Sexton, Oak and Lynn block. The City will continue to make housing programs available citywide in an effort to invest in lower-income neighborhoods, as well as to provide low to moderate income housing options in higher opportunity neighborhoods.

Geographic Distribution

Target Area	Percentage of Funds
CDBG Eligible Area	45
NEIGHBORHOOD RESPONSE TEAM AREA	20
Remainder of City	35

Table 9 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Funding priorities were determined by examining annual proposals submitted, identifying if they meet an annual goal identified in the consolidated plan, examining public input and survey data, and examining the viability of each proposals. The NRT Code Enforcement and NRT Demolition activities will take place within the Neighborhood Response Team (NRT) Area, due to the additional identified need of code enforcement and removal of dilapidated structures. All City housing efforts and fair housing efforts are being done citywide, in order to ensure housing assistance and options are eligible in all neighborhoods.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City will support a variety of affordable projects including rehabilitation (owner and rental), acquisition, and the production of new units. The City will be serving homeless households through funds provided to Turning Point. Special needs populations will be served through projects funded at Services for Independent Living.

AP-60 Public Housing – 91.220(h)

Introduction

The Columbia Housing Authority (CHA) was established in 1956 as a municipal corporation under the 1937 federal housing act and Chapter 99 of the Revised Statutes of the state of Missouri. A federal urban renewal grant provided money to replace dangerous and unsanitary residences in Columbia's central city with safe and clean dwellings at affordable rents for low-income persons. Columbia's four public housing developments were constructed between 1958 and 1973.

Actions planned during the next year to address the needs to public housing

The Columbia Housing Authority is the first housing authority in the state of Missouri to be accepted into the HUD Rental Assistance Demonstration (RAD) Program. By the summer of 2019 the Columbia Housing Authority will have renovated 597 public housing units. The Columbia Housing Authority is planning on replacing another 50 units known as the Providence Walkway Apartments and has applied for City HOME funds within the FY 2020 process. An application for low-income housing tax credit funding will be submitted to the Missouri Housing Development Commission in the fall of 2019 with awards being announced in December 2019. The Columbia Housing Authority plans to renovate the last 70 public housing units in the next four years and it is critical that City leaders consider the results achieved in the past 5 years through supporting the Columbia Public Housing Authority with City HOME funds.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Columbia Housing Authority has two Family Self-Sufficiency Coordinators, three Resident Services Coordinators, and two Healthy Homes Connections Family Specialists. All of these staff are able to refer public housing residents or Section 8 Housing Choice Voucher Program participants to our Section 8 Homeownership program. We offer the 10-week FDIC Money Smart program free of charge 4 times per year. Money Smart is a comprehensive financial education program designed to help participants clean up their credit scores, improve their money management skills, and understand the process for purchasing a home.

All public housing residents are encouraged to participate in their respective Resident Associations as well as the Resident Advisory Board.

All Columbia Housing Authority Board of Commissioners meetings are open to the public and publicized at CHA housing sites as well as on the CHA web site. Meeting agenda packets are available at all CHA housing sites as well as on the CHA web site.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Columbia Housing Authority is not a troubled agency. The CHA is designated as a high performing housing authority.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Columbia FY2019 Annual Action Plan does not provide direct funding for homeless persons, however, the City did fund projects that impact homeless populations in 2015 and 2016. The FY 2020-2024 Consolidated Plan public engagement process also indicated a need to expand efforts to address the issue of homelessness in Columbia. The City of Columbia will be expanding goals to serve homeless populations in the 2020-2024 Consolidated Plan through additional vouchers and the potential funding of a 24 hour center.

The FY 2019 Annual Action Plan does provide significant funding to serve special needs populations including accessibility improvements and home repairs through Services for Independent Living.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Basic Needs Coalition conducts point in time counts and coordinates project homeless connect. The point in time counts allows participant agencies to assess the level of homelessness needs in the community, as well as provide referral services and resources to homeless persons. Project homeless connect provides a multitude of services and referrals for homeless populations in Columbia.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Columbia provided a significant amount of funds in FY 2015 for Welcome Home's emergency shelter. Welcome Home completed construction of their project in July of 2017 and City staff conducted a close-out monitoring of files in spring of 2018. The City also held a homelessness public engagement event attended by 70 person in February of 2019. This event was attended by local leaders, service providers and members of the homeless community. The results will impact goals for addressing homelessness in the FY 2020-2024 Consolidated Plan.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's strategic plan goals contribute to helping homeless persons make the transition to permanent housing and independent living by providing funds for facilities operated by agencies that serve these

populations and by expanding affordable housing options to these populations. The City's Division of Human Services also administers close to \$900,000 in local general revenue to assist social service providers serving these populations.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The City of Columbia raised awareness of barriers to affordable housing through the Affordable Housing Symposium event that was held on December 3-4th, 2015. The event featured speakers from Missoula, MT and Boulder, CO, as well as local experts. The event was attended by 132 persons representing Realtors, Lenders, Developers, Builders, City staff, Elected Officials, the University of Missouri-Columbia, Columbia Chamber of Commerce, social service providers, neighborhood organizations, the general public, and other community leaders. The main goal of the event was to educate the public and leaders on affordable housing needs and identify key actions the City should take to address affordable housing. The top five affordable housing actions identified by attendees were:

1. Create a housing trust fund.
2. Intentional affordable housing City Council Policy (incentives for builders/developers.)
3. Creating incentives and removing disincentives.
4. Create a Director of Affordable Housing at the City of Columbia.
5. Formal City Council acknowledgement that affordable housing is a community priority and a basic human right.

A follow-up event was held in the fall of 2018 titled, Fostering Equitable and Inclusive Communities, which included Tiffany Manual as the guest speaker. The event was attended by 187 people and included information on furthering affordable housing in Columbia through messaging.

The City conducted its Analysis of Impediments to Fair Housing Choice in 2018 and early 2019 with the Fair Housing Task Force. The Task Force identified funding goals and policies that further fair housing within Columbia, MO.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City completed its Analysis of Impediments to Fair Housing Choice in the spring of 2019 with its newly formed Fair Housing Task Force. The Task Force identified goals and potential policies that further fair housing within Columbia, MO. The Task Force also worked with City staff to conduct outreach to the public for input into the process. Policy actions resulting from the analysis were

adopted by City Council as follows:

SECTION 1. The City Council hereby adopts the federal definition of affordable housing into its existing programs and policies defined as “housing for which the occupant(s) is/are paying no more than 30% of gross monthly income for gross housing costs including utilities.”

- Very low: 0-30% AMI
- Low: 30-50% AMI
- Low to moderate: 50-80% AMI
- Moderate income housing: 80-120% AMI

The Community Development Director shall keep on file an annual level of income thresholds based upon Area Median Income (AMI) and as annually updated by U.S. Department of Housing and Urban Development (HUD).

SECTION 2. The City Council directs staff to create a Housing Trust Fund Account to be located within the Housing Programs Division of the Community Development Department to be funded in accordance with the affordable housing strategy outlined within each 5-Year Consolidated Plan and citizen participation plan under the Community Development Commission, as funds are available and while not removing funds from existing City priorities.

SECTION 3. The City Council directs staff to procure a firm to assist in developing a list of recommended policies and incentives to foster the development of affordable housing within the City of Columbia.

SECTION 4. The City Council directs staff to identify strategies for providing affordable housing in areas of high propensity to transit and employment centers, while ensuring any land or resources dedicated to affordable housing is completed through an open, transparent and competitive process.

SECTION 5. The City Council expresses support for working with the Chamber of Commerce, the Columbia Board of Realtors and other local partners to foster additional support for developers in navigating the development review process for the development of affordable housing.

SECTION 6. The City Council expresses support for collaborating with the County of Boone and the Columbia Public Schools to identify additional opportunities to support development and preservation of affordable housing, and prioritize reaching a functional zero for individuals that are chronically homeless

SECTION 7. The City Council expresses support for examining existing programs to identify policies to improve accessibility in housing for new housing, existing housing, renters and homeowner occupants.

AP-85 Other Actions – 91.220(k)

Introduction

This section identifies additional required actions the City must take as a part of its annual action plan.

Actions planned to address obstacles to meeting underserved needs

The FY 2019 Annual Action Plan allocates funding to make significant improvements to the Columbia Housing Authority, Blind Boone Center, the Central Pantry and King's Kids youth center, which will greatly improve services provided to low-income populations.

Actions planned to foster and maintain affordable housing

The City has allocated additional general revenue funds for the development of new housing on N. 8th Street, and plans to work with local CHDOs and the Columbia Community Land Trust to develop long-term affordable housing. The Columbia Community Land Trust, Inc. was incorporated on November 3, 2016. A board was appointed and by-laws adopted in 2017. The CCLT has also adopted financial procedures, began creating a strategic plan, opened a bank account, procured an accounting firm and submitted its 501c3 application to the IRS. Significant progress towards organizational sustainability and independence is expected to be achieved in FY2019 through FY 2020.

Actions planned to reduce lead-based paint hazards

The City will continue to reduce the number of units containing lead-based paint hazards, primarily through its housing rehabilitation programs; and through the demolition of dilapidated un-safe structures that contain lead paint. The City requires all houses to be lead-safe on completion of rehabilitation activities. The City will continue to utilize a licensed risk assessor to provide lead hazard evaluation for projects requiring an assessment. The city plans to hold an EPA Certified Renovation and Remodeling class again this year and requires all contractors permanently abating lead services to hold a State lead abatement license. The City is consistently bringing houses in lead safe condition through its Owner Occupied Housing Rehabilitation Program and educating contractors and applicants concerning lead hazards.

Actions planned to reduce the number of poverty-level families

The primary activity that will reduce the number of poverty level families is the funding of Job Point's Vocational Training program. The goal of the training is to obtain employment or increased employment in areas of high demand, resulting in higher household incomes.

Actions planned to develop institutional structure

The City increased its CDBG Administration funding from 16% to 18% in FY2015 in order help fund an additional housing specialist position. The additional position was filled in December 2015 and has helped increase production in the homeownership program and minor home repair programs, while allowing additional staff time for closer monitoring of CDBG sub-recipients and CHDOs. The CDBG and Housing Programs staff has also been relocated to a store front location on 500 E. Walnut. This location allows for greater visibility and accessibility of the City's HUD funded programs. The cost of moving to this location and rent has been covered by City general revenue. The City also plans to move Fair Housing Counseling activities from the legal department to the Housing Programs Division to ensure the City meets new HUD mandates regarding fair housing counseling for the Homeownership Assistance Program.

Actions planned to enhance coordination between public and private housing and social service agencies

The Fair Housing Task Force includes members of public, private housing and social service organizations that will be conducting the City's Analysis of Impediments to Fair Housing Choice. This process will bring a variety of stakeholders together to discuss the critical issues that relate to furthering fair housing in Columbia.
