Council Meeting Date: December 3, 2018

Re: Acceptance of Developer Privately Constructed Streets during Fiscal Years 2014, 2015 and 2016

Executive Summary

Accepting public streets, or segments of streets, which were constructed by developer contract in subdivisions throughout Columbia during FY2014 through FY2016 and have been administratively accepted by the City.

Discussion

Sixty (60) streets, or segments of streets, totaling 55,264.68 feet were constructed in subdivisions throughout Columbia during FY2014, FY2015 and FY2016 in accordance with the plans and specifications prepared by the developer's engineers. The streets identified in Exhibits A, B and C were inspected by City staff to assure specification compliance and have been administratively accepted by the Public Works department

Fiscal Impact

Short-Term Impact: Snow removal is the only cost that would impact the estimated two year operating/on-going cost and that is difficult to estimate.

Long-Term Impact: Unknown

Strategic & Comprehensive Plan Impacts

Strategic Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Secondary, Tertiary Impact: Tertiary

Comprehensive Plan Impacts:

Primary Impact: Infrastructure, Secondary Impact: Mobility, Connectivity, and Accessibility, Tertiary Impact: Tertiary

Legislative History

Date	Action
09/16/2013	Ord 21817- accepting certain streets for public use and maintenance.
08/20/2012	Ord 21396- accepting certain streets for public use and maintenance.

City of Columbia

701 East Broadway, Columbia, Missouri 65201
