Council Meeting Date: February 21, 2022

Re: Authorize a bid call through the Purchasing division for the reconstruction of Taxiway A located south of Runway 13-31 at Columbia Regional Airport.

Executive Summary

Staff has prepared for Council consideration an ordinance authorizing a bid call through the Purchasing division for the reconstruction of Taxiway A located south of Runway 13-31, at Columbia Regional Airport. An Interested Parties meeting was held February 2, 2022, and the public hearing is being held on March 7, 2022.

Discussion

The south 5,500 feet of Taxiway A was reconstructed in 2014, leaving approximately 960 feet directly south of Runway 13-31 unimproved. On July 19, 2021, Council authorized an aviation project consultant agreement with Burns & McDonnell Engineering Co, Inc. in the amount of \$198,605 to design the remaining 960' x 50' of Taxiway A at Columbia Regional Airport.

The proposed project includes the reconstruction of Taxiway A (960' x 50') between Taxiway A4 and the holdline for Runway 13-31, and the installation of pavement markings for all of Taxiway A including connecting taxiways up to the existing holdlines.

An IP meeting for this project was held at City Hall on February 2, 2022, and the public hearing is being held on March 7, 2022. There are no adjoining property owners that will be affected by this construction project.

The total construction and construction phase services cost is estimated at \$2,541,024, of which 90% will be reimbursed by the FAA.

Fiscal Impact

Short-Term Impact: The City's 10% local match is \$254,102, and will be paid for with Transportation Sales Tax funds.

Long-Term Impact: Enter the cost of proposed legislation to the city for years **beyond two**.

Strategic & Comprehensive Plan Impact
