Allison Anderson, PE
Engineering Supervisor
City of Columbia – Public Works
701 East Broadway
Columbia, Mo 65205

Dear Allison Anderson:

On Tuesday, June 8th, 2021, the Board of Directors of the Downtown Community Improvement District (CID) unanimously voted to support the proposed installation of street-side accessible parking along 4th street by the MERS/Goodwill building. Providing adequate and ADA accessible parking for this business and the general area is imperative in welcoming citizens to our downtown.

It is our understanding that there are two options proposed in the design of these parking spaces. The CID would like to follow the recommendation of the Parking Commission and see the parallel spots installed over the slanted spaces. Installing the parallel option will help keep the traffic flow and keep the parking spots on the other side of the street open for use.

As always, please reach out with any questions or concerns.

Thank you for your time and consideration,

A handwritten signature in black ink, appearing to read 'Nickie Davis', with a large, stylized flourish at the end.
