Clint –

Just following up on our previous phone conversation. Please consider this email to serve as the applicant's withdrawal of the current request for M-N zoning. We intend to resubmit a request for planned zoning in the near future. I understand from our conversation that the current case will be closed and we'll re-apply once we have the PD plan ready to go. If you need anything else from me, please just let me know.

Thanks,

-Caleb
