Traffic Calming wouldn't bother me if it were implemented.

I do NOT support traffic calming being installed on Proctor Drive

We are accepting comments until Feb. 11, 2022. Thank you for your input!

Comments: *I don't think there is a perfect solution for our traffic/speeding problem. I do wish there could be something done about the parking congestion from Bear Creek to past the first wave on Proctor Drive. That part of Proctor Drive is an obstacle course! The new short yellow stripes are only band-aids, but at least they are an attempt at a solution.*

### Comments:

In the long-run I would very much like side walks. In the near term perhaps Park & Rac could move the rocks at the park to allow 1 to 2 cars to park parallel to road & also allow install foot path from Norwalk dr. to give pedestrian access.
