Topic (please be specific): Support for sustainability efforts. The city of Columbia has the potential to become a model for sustainability and effective climate action. However, we must be swift to achieve that goal and current plans are not aggressive enough. We, the next generation that must face the consequences of unsustainable practices, intend to make it clear that sustainability is a priority and is essential for an equitable and prosperous future.

I understand that the information submitted in this form will be published with a City Council agenda and will be made available to the public.: yes
