SECTION 7 - GENERAL CONSIDERATIONS

7.1 Insurance

7.1.1 **ARCHITECT'S INSURANCE:** Architect agrees to maintain, on a primary basis and at its sole expense, at all times during the life of this Agreement the following insurance coverages, limits, including endorsements described herein. The requirements contained herein, as well as City's review or acceptance of insurance maintained by Architect is not intended to and shall not in any manner limit or qualify the liabilities or obligations assumed by Architect under this Agreement.

Commercial General Liability Architect agrees to maintain Commercial General Liability at a limit of liability not less than **\$2,000,000** per occurrence and **\$3,000,000** aggregate

covering both bodily injury and property damage, including accidental death. Coverage shall not contain any endorsement(s) excluding nor limiting Contractual Liability or Cross Liability. If the Agreement involves any underground/digging operations, the general liability certificate shall include X, C and U (Explosion, Collapse and Underground) coverage.

Professional Liability Architect agrees to maintain Professional (Errors & Omissions) Liability at a limit of liability not less than **\$2,000,000** per occurrence and **\$2,000,000** aggregate. For policies written on a "Claims-Made" basis, Architect agrees to maintain a Retroactive Date prior to or equal to the effective date of this Agreement. In the event the policy is canceled, non-renewed, switched to an Occurrence Form, retroactive date advanced; or any other event triggering the right to purchase a Supplemental Extended Reporting Period (SERP) during the life of this Agreement, Architect agrees to purchase a SERP with a minimum reporting period not less than two (2) years. The requirement to purchase a SERP shall not relieve Architect of the obligation to provide replacement coverage.

Business Automobile Liability Architect agrees to maintain Business Automobile Liability at a limit of liability not less than **\$2,000,000** per occurrence and **\$3,000,000** aggregate, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of Architect's own automobiles, and trucks; hired automobiles, and trucks; and automobiles both on and off the site of work. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Architect does not own automobiles, Architect agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers' Compensation Insurance & Employers' Liability Architect agrees to take out and maintain during the life of this Agreement, Employers' Liability and Workers' Compensation Insurance for all of their employees employed at the site of the work, and in case any work is sublet, the Architect shall require the subcontractor similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by Architect. Workers' Compensation coverages shall meet Missouri statutory limits. Employers' Liability minimum limits shall be \$500,000 each employee, \$500,000 each accident and \$500,000 policy limit. In case any class of employees engaged in hazardous work under this Agreement is not protected under the Workers' Compensation Statute, Architect shall provide and shall cause each subcontractor to provide Employers' Liability Insurance for the protection of their employees not otherwise protected.

Excess/Umbrella Liability The above liability limits may be satisfied by any combination of primary and excess/umbrella liability policies.

Additional Insured Architect agrees to endorse City as an Additional Insured with a CG 2026 Additional Insured – Designated Person or Organization endorsement,

or similar endorsement, to the Commercial General Liability. The Additional Insured shall read "City of Columbia."

Waiver of Subrogation Architect agrees, by entering into this Agreement, to a Waiver of Subrogation for each required policy herein except professional liability. When required by the insurer, or should a policy condition not permit Architect to enter into a pre-loss agreement to waive subrogation without an endorsement, then Architect agrees to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should Architect enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance Architect agrees to provide City with Certificate(s) of Insurance evidencing that all coverages, limits and endorsements required herein are maintained and in full force and effect. Said Certificate(s) of Insurance shall include a minimum thirty (30) day endeavor to notify due to cancellation or non-renewal of coverage. The Certificate(s) of Insurance shall name City as additional insured in an amount as required in this contract and contain a description of the project or work to be performed.

Right to Revise or Reject City reserves the right, but not the obligation, to review and revise any insurance requirement, not limited to limits, coverages and endorsements based on insurance market conditions affecting the availability or affordability of coverage; or changes in the scope of work/specifications affecting the applicability of coverage. Additionally, City reserves the right, but not the obligation, to review and reject any insurance policies failing to meet the criteria stated herein or any insurer providing coverage due of its poor financial condition or failure to operating legally.

7.1.2 **HOLD HARMLESS AGREEMENT:** To the fullest extent not prohibited by law, Architect shall indemnify and hold harmless the City of Columbia, its directors, officers, agents and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any negligent act or failure to act, or willful misconduct, of Architect, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with Architect or a subcontractor for part of the services), of anyone directly or indirectly employed by Architect or by any subcontractor, or of anyone for whose acts the Architect or its subcontractor may be liable, in connection with providing these services except as provided in this Agreement. This provision does not, however, require Architect to indemnify, hold harmless or defend the City of Columbia from its own negligence, except as set out herein.

7.2 Professional Responsibility

7.2.1 Missouri Licensure & Certificate of Authority

Architect certifies that it is currently in compliance, and agrees to maintain compliance for the duration of this Agreement, with all licensure requirements of the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors and Professional Landscape Architects (hereinafter "APEPLSPLA") to practice in Missouri as a professional architect as provided under chapter 327 of the Missouri Revised Statutes. To the extent required by Section 327.401 of the Missouri Revised Statutes, Architect understands and agrees that the person personally in charge and supervising the professional architecture services of Architect under this Agreement shall be licensed and authorized to practice architecture in Missouri, and that Architect will keep and maintain a valid certificate of authority from APEPLSPLA.

7.2.2 Architect will exercise reasonable skill, care, and diligence in the performance of its services and will carry out its responsibilities in accordance with customarily accepted good professional architectural practices. If Architect fails to meet the foregoing standard, Architect will perform at its own cost, and without reimbursement from City, the professional architectural services necessary to correct errors and omissions which are caused by Architect's failure to comply with above standard, and which are reported to Architect within one (1) year from the completion of Architect's services for the PROJECT.

7.2.3 In addition, Architect will be responsible to City for damages caused by its negligent conduct during its activities at the PROJECT site or in the field.

7.2.4 Professional Oversight Indemnification

Architect understands and agrees that City has contracted with Architect based upon Architect's representations that Architect is a skilled professional and fully able to provide the services set out in this Agreement. In addition to any other indemnification set out in this Agreement, Architect agrees to defend, indemnify and hold and save harmless City from any and all claims, settlements and judgments whatsoever arising out of City's alleged negligence in hiring or failing to properly supervise Architect. Architect agrees to provide City with Certificate(s) of Insurance evidencing that all coverages, limits and endorsements are maintained and in full force and effect.

7.3 Estimates and Projections

Estimates and projections prepared by Architect relating to construction costs and schedules, operation and maintenance costs, equipment characteristics and performance, and operating results are based on Architect's experience, qualifications and judgment as a design professional. Since Architect has no control over weather, cost and availability of labor, material and equipment, labor productivity, construction contractor's procedures and methods, unavoidable delays, construction contractor's methods of determining prices, economic conditions, competitive bidding or market conditions and other factors affecting such estimates or projections, Architect does not guarantee that actual rates, costs, performance, schedules, etc., will not vary from estimates and projections prepared by Architect.

7.4 On-Site Services

PROJECT site visits by Architect during construction shall not make Architect responsible for construction means, methods, techniques, sequences or procedures; for construction safety precautions or programs; or for any construction contractor(s)' failure to perform its work in accordance with the plans and specifications.

7.5 Changes

City shall have the right to make changes within the general scope of Architect's services, with an appropriate change in compensation and/or schedule, upon execution of a mutually acceptable amendment or change order signed by an authorized representative of City and the President or any Vice President of Architect.

7.6 Suspension of Services

Should City fail to fulfill its responsibilities as provided under Section 4 to the extent that Architect is unduly hindered in Architect's services or if City fails to make any payment to Architect on account of its services and expenses within ninety (90) days after receipt of Architect's bill therefor, Architect may, after giving seven (7) days' written notice to City, suspend services under this Agreement until City has satisfied City's obligations under this Agreement.

7.7 Termination

Services may be terminated by City at any time and for any reason, and by Architect in the event of substantial failure to perform in accordance with the terms hereof by City through no fault of the Architect, by ten (10) days' notice. If so terminated, City shall pay Architect all uncontested amounts due Architect for all services properly rendered and expenses incurred to the date of receipt of notice of termination.

7.7.1 In the event of City's termination of the Agreement pursuant to the above section, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared under this Agreement shall, at the option of City, become City's property.

Further, Architect shall not be relieved of any liability to City for any damages sustained by City by virtue of any breach of this Agreement by Architect and City may withhold any payments due Architect for the purpose of set-off until such time as the exact amount of damages to City, if any, is determined.

7.8 Publications

Recognizing the importance of professional development on the part of Architect's employees and the importance of Architect's public relations, Architect may prepare publications, such as technical papers, articles for periodicals, and press releases, pertaining to Architect's services for the PROJECT. Such publications will be provided to City in draft form for City's advance review. City will review such drafts promptly and will provide comments to Architect. City may require deletion of proprietary data or confidential information from such publications but otherwise will not unreasonably

withhold its approval. The cost of Architect's activities pertaining to any such publication shall be paid entirely by the Architect.

7.9 Nondiscrimination

During the performance of this Agreement, Architect agrees to the following:

7.9.1 Architect shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, national origin, ancestry, marital status, disability, sexual orientation, gender identity or expression, or any other protected category designated by local, state, or federal law. Architect shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, age, national origin, ancestry, marital status, disability, sexual orientation, gender identity or expression designated by local, state, or federal law. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. Architect agrees to post notices in conspicuous places, available to employees and applicants for employment.

7.9.2 Architect shall, in all solicitation or advertisements for employees placed by or on behalf of Architect, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, ancestry, marital status, disability, sexual orientation, gender identity or expression, or any other protected category designated by local, state, or federal law.

7.9.3 Architect shall comply with all provisions of local, state, and federal laws governing the regulation of equal employment opportunity including Title VI of the Civil Rights Act of 1964.

7.10 Successor and Assigns

City and Architect each binds themselves and City's and Architect's successors, executors, administrators and assigns to the other party of this Agreement and to the successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither City nor Architect shall assign, sublet or transfer City's or Architect's interest in the Agreement without the written consent of the other.

7.11 Rights and Benefits

The parties hereto irrevocably agree to submit to the exclusive jurisdiction of such courts in the State of Missouri and waive any defense of forum non conveniens

7.14.1 Architect agrees to comply with Missouri State Statute section 285.530 in that Architect shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

7.14.2 As a condition for the award of this contract, Architect shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. Architect shall also sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services.

7.14.3 Architect shall require each subcontractor to affirmatively state in its contract with contractor that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. Architect shall also require each subcontractor to provide contractor with a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

7.15 Missouri Anti-Discrimination Against Israel Act: To the extent required by Missouri Revised Statute Section 34.600, Architect certifies it is not currently engaged in and shall not, for the duration of this Agreement, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel. If any provision of this paragraph, or the application of such provision to any person or circumstance, shall be held invalid, the remainder of this Agreement, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. This paragraph shall not apply to contracts with a total potential value of less than one hundred thousand dollars (\$100,000.00) or to contractors with fewer than ten (10) employees.

7.16 No Waiver of Immunities

In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either party's rights or defenses with regard to each party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitutions or laws.

7.17 Counterparts and Electronic Signatures

This Agreement may be signed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document.
