- I support traffic calming being installed on Rice Road & Kelsey Drive as presented
- I do NOT support installing traffic calming on Rice Road or Kelsey Drive
- I support traffic calming but think the plan should be modified (explain below)

We are accepting comments until July 31st, 2016. Thank you for your input!

### Comments:

I am delighted that the city has finally realized the speed problem on Rice Road. Several years ago I called the city about the speed problem in relation to the small children living on Rice Rd. in duplex housing and I was told I would need to collect 100 signatures before the city would act.

### Comments:

*I would like more trees on Kelsey. We have many children in our neighborhood. I would feel terrible if someone got hit. A mailbox was hit during the day on Kelsey. IS a very wide street this should never happen.*

### Comments:

As a resident on Kelsey Dr. for the past 11 yrs. this has been an on-going and increasing problem for years. Neighbors have moved away from Kelsey for this very reason. As a mother of 4 children I am keenly aware of this danger for children and thank God

a child has not been injured. We have sent petitions around for years and have been told that Orville has prevented any action. Thank you to all who have made any effort and finally listened to our concerns.

You have my full support.

### Comments:

I agree the speed bumps is a great idea. The traffic definitely needs to be slowed down. Very dangerous for children + adults.
