

Parks and Recreation

Description

The Parks and Recreation Department oversees 3,353 acres of park land and maintains 86 parks and recreation facilities. A wide array of sports, recreation activities, lessons, and special events are available for citizens of all ages. Open space, parks, and trails provide opportunities to enjoy the natural beauty of Columbia.

Within this section, there are four budgets which support the parks and recreation activities in the City. Each of these budgets has a separate funding mechanism and are accounted for differently. The Parks and Recreation -General Fund Operations budget is a part of the General Fund, and, as such, receives a large portion of its funding from general city funds which are discretionary and can be moved from one department to any other general city funded department. The Recreation Services Fund is classified as an Enterprise Fund and; therefore, is to be operated as a business through the charging of fees for services. Funding is all dedicated and cannot be moved to other departments. The Capital Projects Fund reflects the capital projects for Parks and Recreation and all of the funding is dedicated. The Parks Sales Tax Fund is classified as a Special Revenue Fund and the funding received must be used for parks purposes.

Parks & Recreation - General Fund Operations

This budget accounts for the parks and recreation program areas which do not have revenue producing capabilities. This includes Administration, a portion of Park Planning and Development, a portion of Park Management and Operations, and the C.A.R.E. program.

Recreation Services Fund

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. This includes group and individual programming to promote a high quality of life through positive cultural, psychological, emotional, and physiological development. The sections included in this fund are Sports Programming, Aquatics, Community Recreation, Golf / Concessions, Senior / Life Enrichment / Special Events Programs, Special Olympics Adaptive, and the Activity and Recreation Center (ARC). While this fund does charge users for services, this fund does not recover enough funding from fees to offset all of the costs. The rest of the costs are covered through subsidies received both from the General Fund and the Parks Sales Tax Fund. As a part of a master plan, target cost recovery ratios have been determined. The department is working to reach these recovery targets over a period of time and will require future fee increases to users. A table showing the cost recovery targets and our current recovery ratios can also be found in this section.

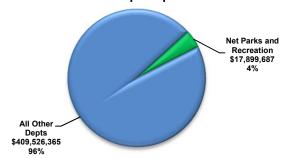

Capital Projects Fund

The general government capital projects related to the parks system are included in the Capital Projects Fund.

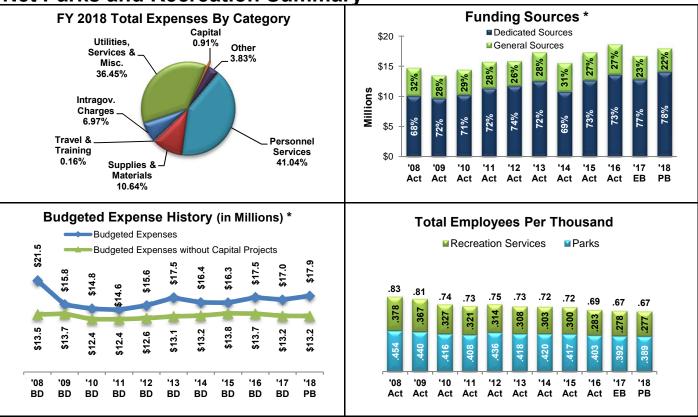

Parks Sales Tax Fund

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of a onequarter of one percent (for five years), and a one-eighth of one percent thereafter, on retail sales made in the City. These funds must be used for parks purposes. The current one-eighth of one percent temporary sales tax was approved for a six year extension by Columbia voters in November, 2015. The extension will continue to be used to renovation/improvements to existina acquisition/development of parks and additional trails and greenbelts. As a part of the original passage of the parks sales tax, the City made a commitment to the voters to maintain its General Fund support of parks at the FY 2001 budgeted level or above. An analysis of this support level can be found in this section. In addition, a forecast of future revenues, expenses, and fund balance is included in this section.

Net Parks and Recreation Expenses vs. All Other Dept. Expenses

Net Parks and Recreation Summary *

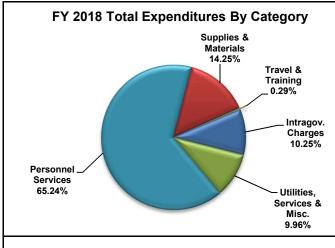

^{*} Graphs and tables do NOT include Parks Sales Tax since money from that fund is transferred into the other three funds and is already reflected in the expenses of those funds.

Description

The General Fund portion of the Parks and Recreation Department Budget includes Administration, Park Ranger program, a portion of Park Planning & Development, a portion of Park Management and Operations, and the C.A.R.E. (Career Awareness Related Experience) Program. Additional Park Planning & Development expenses are budgeted in the Capital Projects section of the budget. Park Management and Operations maintains recreation service facilities, and those expenses are budgeted in the Recreation Services Fund. Program areas not having revenue producing capabilities are budgeted in General Fund.

Department Objectives

Continue supporting efforts of the City's 2016-2019 Strategic Plan, including but not limited to the following:

- Reduce the skills gap in the labor market by 10% in three years by creating a larger pool of trained workforce by partnering with additional agencies with the C.A.R.E. program.
- Increasing participation in active, healthy lifestyles through programs and physical improvements and developments, such as connecting residents to where they live, work, eat, shop, and play through a city-wide trail system and providing access to park facilities.
- Increase public perception of safety in the parks through active park ranger and police programs and events.

Highlights/Significant Changes

- Personnel Services increased \$52,135 or 1.4%, which includes reallocating 0.50 FTE of park planner position previously funded by the Non-Motorized Grant Fund to this budget, a rate increase in LAGERS retirement (from 13.8% to 14.5%), and a 7% rate increase in health insurance.
- Intragovernmental charges have increased by \$33,111 or 6%, primarily due to an increase in fees charged by the Community Relations Department for Contact Center services (Contact Center will begin handling phone calls for the CARE program, permits, leagues, shelter houses and the parks management center in FY 2018) and a change in the allocation of the Communications and Marketing Manager's position.
- Materials and Supplies budget decreased by \$15,174 or 1.8% primarily due to a reduction in the markup charged by Fleet Maintenance, which went from 26% to 25%.

Highlights/Significant Changes (cont.)

- Capital Additions had no change, as no fleet replacements were budgeted in FY 2017 or FY 2018. If made available, staff anticipates using FY 2016 general fund savings for key fleet replacements.
- Utilities, Services and Other Miscellaneous expenses decreased by \$3,258 or 0.6%, primarily due to a labor rate reduction in Fleet Maintenance. Staff will need to continue to monitor utility usage closely, as additional facilities were added with no budget increase.
- A concern for the department is the permanent portion of the park sales tax is nearly absorbed in the department's operational budget. For FY 2018, 95.94% of the permanent portion is being allocated. This leaves just \$121,756 remaining to be allocated. Increases in intragovernmental charges and utilities have used up much of the source. Future growth in these expenses will either need to come from the General Fund, another funding source, or a reduction of services to the public. Due to low sales tax growth, the department has not been able to add maintenance staff as park acres and trail miles have been added.
- CARE Program Funding for CARE remains at the same level. Last year, funding allowed the department to partner with 90 businesses and agencies to provide work sites for 170 summer trainees in the CARE traditional program. One hundred sixty eight (168) trainees successfully completed the eight-week program for a 99% completion rate. In addition to the traditional Summer Program, 17 trainees were hired to work in the CARE Art Gallery. All seventeen (17) trainees successfully completed this eight-week program for a 100% completion rate. CARE also employed ten (10) school-year trainees and eleven (11) year-round Boone County Family Resources Trainees.
- CARE has partnered with several City departments for a new apprenticeship program. The objective of the program is to provide post high school job training so that participants have the opportunity to develop the skills needed to be eligible for full-time employment. This is a two-year program with the goal of the apprentice becoming a permanent City employee, or employed in the private sector at or before the end of the two-year period. The apprentices will be paid out of City departments' existing temporary staff budgets and will also receive health insurance. The CARE office will oversee the program and a CARE job coach will work closely with the supervisor in each participating department. One of the apprentice positions has been placed in the Parks and Recreation Department's Construction program, with an estimated annual cost of \$22,204.
- General Fund support for parks has remained the same as FY 2017.

^{*} In FY 2017, 60% of this position was reallocated to Community Relations as a part of a reorganization to centralize the public information function across departments.

⁺ Due to the planned ending of the non-motorized grant in FY 2018, 0.25 FTE was transitioned to the general fund in FY 2017 and the remaining 0.50 FTE will transition over with the FY 2018 budget

Description

The Recreation Services Fund includes the Recreation Services Division and those costs in the Parks Services Division which are necessary for operation of facilities within Recreation Services. Recreation Services provides a broad spectrum of leisure services to meet the needs of all segments of the community. This includes group and individual programming to promote a high quality of life through positive social, cultural, emotional, and physiological development. The sections administered in the Recreation Services Division are: Sports Programming; Aquatics; Community Recreation; Golf / Concessions; Oak Tours; 50 Plus; Community Special Events; Life Enrichment Programs / Classes; Adapted Community Recreation; Adapted Sports / Special Olympics; and the Activity and Recreation Center (ARC).

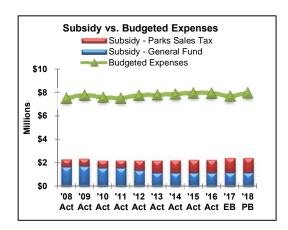

This fund provides various recreational services for which participants are charged fees. These fees are expected to recover only a portion of the cost of providing the activities. The remaining revenue comes in the form of subsidies and transfers from the General Fund and the Parks Sales Tax Fund.

Department Objectives

- Strengthen the three strategic plan area neighborhoods by increasing participation in outdoor and cultural activities in line with the City's Strategic Plan.
- Provide quality recreation services and well-managed facilities that provide excellent customer service and meet the needs of all patrons.
- Plan for growth to ensure there are resources to meet increased demands, such as development of recreation facilities and programs, maintaining core services, developing cost recovery goals, and identifying partnerships and volunteer opportunities that support efficient and effective service and program delivery.
- Create an environment that produces a high performing, qualified workforce dedicated to delivering excellent customer service and communicating with Columbia's citizens in a timely, clear manner.
- Develop ways to control expenses and raise revenues to maintain the Rec Services Fund.

Highlights/Significant Changes

- Funding for the conversion of the buildings at Waters-Moss Memorial Wildlife Area to activity centers came from the City's Designated Loan Fund. The loan was paid off at the end of Fiscal Year 2017 and will save the department nearly \$98,000 per year.
- Intragovernmental charges have decreased by \$57,964, or 8.3%, due to reduced G&A fees, Public Communication fees, and Self Insurance charges.
- The Activity & Recreation Center's (ARC) budget includes \$22,000 for equipment replacement, which is funded by Recreation Center Improvement Fees (RCIF).
- The Personnel budget includes a \$53,934, or 3.8% reduction in Temporary Positions to offset the rate increase in LAGERS retirement (from 13.8% to 14.5%), and a 7% rate increase in health insurance. In FY 2017, the Airport paid 25% of the FTE Sports Rec Supervisor's and Sports Rec Specialist's salaries for their management of the Airport concessions. In FY 2018, the concessions revert back to the Airport's responsibility, and 100% of the FTE sports staff salaries will be paid by the Rec Services Fund. The salary savings from long-time employee retirements helped to offset the increase in the FTE Sports salaries expenses.
- Utilities, Services and Miscellaneous expenses increased by \$355,079 due to a \$450,000 capital improvement project for Antimi Sports Complex field improvements which is scheduled in FY 2018. This project will be funded by a transfer from the Park Sales Tax Fund to the Rec Services Fund.
- The General Fund subsidy is \$1,161,910 (same as FY 2017), and the Park Sales Tax subsidy is 1,242,201 to the operating budget (same as FY 2017) and \$450,000 for capital projects.

^{*} In FY 2018 0.25 FTE Recreation Supervisor and 0.25 FTE Recreation Specialist were reallocated from Airport Concessions to this budget. These positions were moved to the Airport budget in FY 2016 to start an Airport concession. Airport personnel will take over the management of this function in FY 2018.

Major Projects

In addition to recreation activity fees, which fund the partial or total operating cost of a recreation program, the department collects recreation user fees which are dedicated for capital improvements to recreation facilities, such as pools, athletic fields, golf courses, Activity & Recreation Center, and other areas where fees are collected.

- \$450,000 Antimi Sports Complex: Field Improvements will replace the existing backstops, fencing and dugouts on the original four fields, irrigate four additional fields and make ADA walkway improvements.
- \$35,000 ARC Security System Improvements will include updating all existing cameras at the facility, replacement of the recording device and the addition of three exterior cameras to monitor the parking lots.
- \$50,000 Second year of funding for the development of a driving range at Lake of the Woods Golf Course. Total project cost: \$120,000, with funding in FY 2017 and FY 2018.

Fiscal Impact

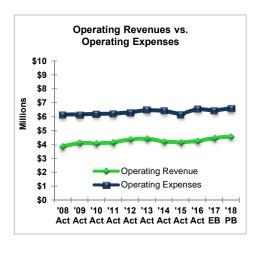

- Improvements are needed at the Antimi Sports Complex to maintain it as a quality tournament-level facility that brings in annual revenue for the Parks and Recreation Department and tourism dollars to the community. The improvements will have a minimal impact to the annual operating expenses, as the majority of improvements are renovations to existing amenities.
- The ARC –Security System Improvements project will have minimal impact to the operating expenses, as the ARC already utilizes a camera security system inside the building.
- The new driving range at Lake of the Woods Golf Course has the potential to generate \$35,000-\$40,000 in revenue. There will be a small increase in personnel and equipment expenses associated with driving range maintenance and operations.

| Ending Retained Earnings | \$14,509,164 | \$14,221,128 | \$14,326,276 | \$14,544,037 |

Note: Net Income statements do not include capital addition, or capital project, or debt principal payments.

For the ten year period operating revenues have been below operating expenses as the fees charged to participants are not expected to cover all of the costs. The department utilizes cost recovery goals when setting fees for their services. This budget receives a subsidy from both the general fund and parks sales tax to help make up the difference and these are reflected in the Operating Transfers section of the net income statement. Refer to the Funding Sources and Uses Statement in the next two pages for a more complete look at financial sources and uses.

Due to budget constraints in the general fund, the subsidy from the general fund has been reduced over the past ten years. The subsidy from the Parks Sales Tax has increased over the past ten years.

Summary of Funding Sources and Uses Recreation Services Fund

| | Actual | Adj. Budget | Estimated | Proposed |

| Financial Sources Over/(Under) Uses | (\$83,698) | (\$4,877) | \$114,871 | \$98,511 |

The Funding Sources and Uses Statement is a management tool which provides a more complete look at the cash and other resources for the operation compared to the expenses and other uses of the operation. This allows management to examine the projected ending cash reserves for the operation compared to a cash reserve target which provides useful information about the financial health of the fund.

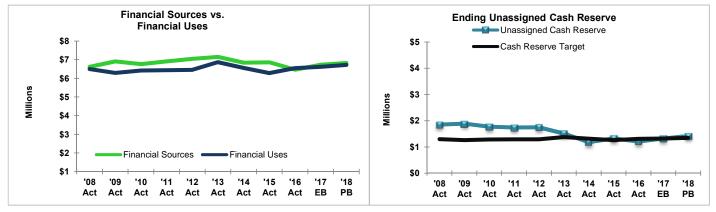

This statement takes information from the net income statement and subtracts out non-cash items (depreciation, loss on disposal of fixed assets, and GASB adjustments for interest revenue, pensions, and vacation liabilities). This statement also includes capital item purchases (such as fleet replacements), principal payments, and enterprise revenue that will be used to pay for capital project costs which are reflected on the balance sheet.

A cash reserve target is calculated in accordance with the cash reserve policy. In the event of a disaster, these funds would be used to keep the operation going for approximately three months plus fund the next year's infrastructure costs. The cash reserve target amount is different for each operation and depends on their operational and capital project needs.

The ending unassigned cash reserves are compared to the cash reserve target. When the reserves are below the cash reserve target it will be necessary for management to adjust fees or reduce expenses in order to get the reserves at or above the cash reserve target. With this type of fund, it is a normal practice to utilize smaller rate increases over time in order to build up reserves and then use those reserve balances to fund capital project costs.

Summary of Funding Sources and Uses Recreation Services Fund

| | Actual | Adj. Budget | Estimated | Proposed |
|--|-------------|-------------|-------------|-------------|
| | FY 2016 | FY 2017 | FY 2017 | FY 2018 |
| Unassigned Cash Reserve Beginning Unassigned Cash Reserve Financial Sources Over/(Under) Uses Current Assets Less: Current Liabilities | \$1,606,250 | \$1,204,609 | \$1,204,609 | \$1,319,480 |
| | \$401,641 | (\$4,877) | \$114,871 | \$98,511 |
| Projected Unassigned Cash Reserve | \$1,204,609 | \$1,199,732 | \$1,319,480 | \$1,417,991 |
| Cash Reserve Target Total Financial Uses Less Ent Revenue used for current year CIP Total Financial Uses for Operations Cash Reserve Target for Operations Next Year Capital Projects Ent Revenue Cash Reserve Target | \$6,549,488 | \$6,894,704 | \$6,613,049 | \$6,720,480 |
| | \$0 | \$0 | \$0 | \$0 |
| | \$6,549,488 | \$6,894,704 | \$6,613,049 | \$6,720,480 |
| | × 20% | × 20% | × 20% | × 20% |
| | \$1,309,898 | \$1,378,941 | \$1,322,610 | \$1,344,096 |
| | \$0 | \$0 | \$0 | \$0 |
| | \$1,309,898 | \$1,378,941 | \$1,322,610 | \$1,344,096 |
| Above/(Below) Cash Target Reserve | (\$105,289) | (\$179,209) | (\$3,130) | \$73,895 |

For the ten year period total financial sources have been above financial uses for all years except FY 2008, FY 2013 and FY 2014. The department actively manages expenses when revenues are lower due to weather and demand for services. Fees are examined each year and adjusted to help reach recovery goals.

The ending cash and other resources fell below the cash reserve target in FY 2014, but was above the cash reserve target in FY 2015. In FY 2016, the ending cash and other resources was \$105,288 below the cash reserve target but is projected in by FY 2018 to be \$73,895 above the cash reserve target.

Fees are being increased in Golf for green fees, season passes, and private owned golf cart fees in order to improve the cost recovery in those areas and improve the financial health of the fund. Refer to the fees/charges/fines section on the next twelve pages for complete details of the fee charges for FY 2018. In addition, the last payment for the debt to renovate the Waters-Moss Memorial Wildlife Area to activity centers occurred in FY 2017. This will result in an annual savings of nearly \$98,000.

| Family groups: | | | | |

(For the purposes of this subsection "family" is defined as a maximum of two adults and up to three children or dependents residing at one residence. "Dependent" has the same meaning as "dependent" under federal income tax law. A person shall not be considered a dependent under this subsection unless the person was claimed as a dependent on Federal Income Tax Form 1040 for the most recent income tax reporting period. Additional related persons, residing at the same address, may be added to the pass if they are under the age of 18, are a full-time student (12 credit hours or more) under the age of 25, or qualify as a dependent. Each additional person over five will be an additional \$27.50 per year or \$2.50 per month. Children under the age of two will be admitted for free and will not be counted toward the number of persons in the family.)

^{*}Transfers from Parks Sales Tax, Convention and Visitors Bureau, Contributions Fund, General Fund and Rec Services Fund

⁺ Note: some projects are Recreation Services projects which are in the Recreation Services Fund instead of this fund.

Major Projects

Major projects include:

- \$1,820,000 Second year of funding for the Sports Field House project that will construct an indoor sports field house with a sport flooring suitable for basketball, volleyball, and other hard-court sports. Total project budget is \$3,950,000, with funding in FY 2017 and FY 2018.
- \$1,200,000 The Hinkson Creek Trail: Stadium to East Campus project will add a connecting trail from Stadium Boulevard to the trail connector for the East Campus neighborhood and Old Highway 63. This trail portion is part of the proposed 30-mile trail loop around the city.
- Various projects funded by the 2015 Park Sales Tax and identified in the approved 2015 Park Sales Tax Implementation Plan are scheduled in FY 2018.

Fiscal Impact

- The total capital improvement program budget is \$4,210,000 for FY 2018. (Does not include Recreation Services Fund projects, which are included in the Recreation Services -Capital Projects section.)
- Sports Field House the majority of the expenses associated with the building will be offset by revenues generated through facility rentals and use. Existing full-time staff will be relocated to the facility to manage daily operations. The revenues and expenses will be included in the FY 2019 budget.
- The Hinkson Creek Trail: Stadium to East Campus adds about a half mile of trail to the trail system. The fiscal impact will depend on the trail surface chosen. The annual trail maintenance cost for half a mile of gravel trail is \$2,640, and the annual trail maintenance cost for a half mile of concrete trail is \$1,167. This cost will need to be added to the Parks operating budget in FY 2019 and will be funded by a transfer from the permanent parks sales tax.
- Renovation projects funded by the 2015 Park Sales Tax will have little or no fiscal impact, as staff is already maintaining the existing facilities. Projects that add new park amenities will result in some increased annual maintenance costs. Costs will be minimal if new amenities are in existing parks that are already being maintained.

Description

In November of 2000, the voters of the City of Columbia passed a Local Parks Sales Tax in the amount of one-quarter of one percent (for five years), and one-eighth of one percent thereafter on retail sales made in the city. The collection of this tax commenced on April 1, 2001. These funds must be used only for parks purposes. Five-year extensions have been approved by voters for the temporary 1/8th cent Parks Sales Tax in November 2005 and November 2010. A six-year extension of this temporary tax was approved in November 2015. This temporary one-eighth cent Parks Sales Tax has been used to fund Parks and Recreation capital improvement projects and is scheduled to expire on March 31, 2021.

The permanent one-eighth cent Parks Sales Tax originally funded the purchase of Stephens Lake Park and has supported the growth of the entire Parks & Recreation Department, including increases to utilities, training, materials & supplies, intergovernmental, staff, and all cost of living increases since 2001. The permanent portion is nearly all being allocated to operations, so future department operating increases will require either a different funding source or services will need to be reduced.

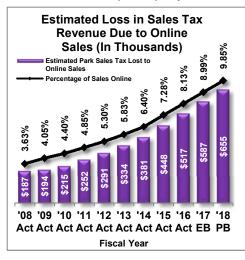

Department Objectives

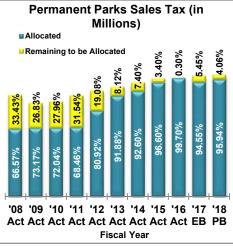

- Use Annual Land Acquisition funds allocated from the 2015 Park Sales Tax to acquire green space in line with the City's Strategic Plan goal of maintaining the current rate of acres of natural areas with diverse habitats per 1,000 persons.
- Fulfill the Parks and Recreation Department's commitment to voters by accomplishing the capital improvement projects as outlined in the approved implementation plan for the 2015 Park Sales Tax ballot funded projects.

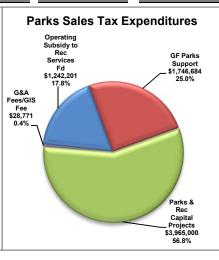

Highlights/Significant Changes

- The decline in the rate of growth of sales tax in Columbia, MO due to increasing online sales that do not collect local sales taxes has adversely impacted the Park Sales Tax Fund. It is estimated that the City has lost \$2.98 million over the past ten years in Park Sales Tax funding as a result of online sales. Since the Park Sales Tax is a major funding source of Parks Operations and Recreation Services, the rising percent of internet sales is a concern.
- Large dollar capital improvement projects scheduled for FY 2018 include \$1,570,000 in Park Sales Tax funding for the Sports Field House (total project budget: \$3,950,000) and \$800,000 in Park Sales Tax funding for the Hinkson Creek Trail: Stadium to East Campus (total project budget: \$1,200,000).

| Fund Balance, Beg. of Year | \$2,145,632 | \$1,990,060 | \$1,990,060 | \$2,380,671 |
| Fund Balance End of Year | \$1,990,060 | \$2,257,287 | \$2,380,671 | \$1,415,904 |

For the period shown, the years of revenues under expenditures are years when transfers out to other funds are larger than the parks sales tax receipts. This is a common practice where funds are accumulated for a number of years and then transferred out for large expenses such as for capital projects.

For the period shown, fund balance reflects an overall increase. In November 2015, voters approved an extension of the temporary parks sales tax and funds are being accumulated for large projects in future years.

The Funding Sources and Uses Statement is a management tool which provides a more complete look at the cash and other resources for the operation compared to the expenses and other uses of the operation. This allows management to examine the projected ending cash reserves for the operation compared to a cash reserve target which provides useful information about the financial health of the fund.

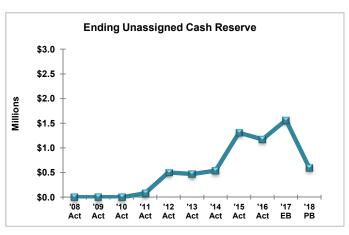

This statement takes information from the net income statement and subtracts out non-cash items (GASB adjustments for interest revenue). All of the financial sources and financial uses are graphed together so it is much easier to see the total of each and whether or not the sources are over or under the uses.

| Summary of Funding Sources and Uses Parks Sales Tax Fund | | | | |
|--|-------------------|------------------------|----------------------|---------------------|
| | Actual FY 2016 | Adj. Budget FY 2017 | Estimated FY 2017 | Proposed FY 2018 |
| Unassigned Cash Reserves | | | | |

| Cash and Cash Equivalents | 1,170,925 | | | • |
| Projected Ending Unassigned Cash Reserve | \$1,170,925 | \$1,438,152 | \$1,561,536 | \$596,769 |

Cash Reserve Target

Since the primary expenditures in this fund are transfers to other funds rather than operating expenses, there is no cash reserve target for this fund.

For the period shown, the years where funding uses are above funding sources indicate years when transfers of previously accumulated funds are transferred for capital projects.

For the period shown, ending unassigned cash reserve reflects years where funds have been accumulated and years where there has been a significant amount transferred out to fund capital projects (as shown for FY 2018). This is a normal occurrence with this type of fund. Much of the permanent parks sales tax is transferred out each year in the form of subsidies to the general fund park operations and to recreation services. The temporary portion is accumulated over time until it is needed for capital projects. At that time it is transferred to either the capital projects fund or the Recreation Services fund depending on the type of capital project. Since there are no expenditures in this fund other than intragovernmental charges, there is no cash reserve target established.
