

**DEVELOPER AGREEMENT
GUARANTEEING INSTALLATION OF PUBLIC IMPROVEMENTS
IRREVOCABLE LETTER OF CREDIT**

ord# 023357

THIS AGREEMENT ("Agreement"), is made and entered into by and between **The Columbia Development Group, LLC**, a registered Missouri limited liability company ("Developer") and the **City of Columbia, Missouri**, a municipal corporation of the State of Missouri ("City") and will be effective the date of signature by the Party last executing this Agreement ("Effective Date"). The City and the Developer may hereinafter be collectively referred to as the Parties and individually as a Party.

WITNESSETH:

WHEREAS, the Developer holds title to approximately 22.80 acres of land currently located in the City of Columbia, generally located at the western termini of Clydesdale Drive and Armitage Drive, legally described in the attached Exhibit A. ("Property"); and

WHEREAS, the Property has been previously preliminary platted by a Preliminary Plat known as Vanderveen Crossing, Plat No. 9, approved by the City Council of the City of Columbia on July 19, 2004; and

WHEREAS, as a condition of approval of the final plat of Willow Falls, Plat No. 2, certain public improvements are required to be completed by the Developer as more fully set forth herein; and

WHEREAS, the Developer is willing to provide security or collateral sufficient in the judgment of the City to make reasonable provision for the completion of the required public improvements and warranties on such public improvements; and

WHEREAS, the Parties desire to establish the public improvements guarantees in the form of this Agreement and accompanying Irrevocable Standby Letter of Credit; and

WHEREAS, the Developer and City seek to have Developer, at the Developer's cost, provide the following public infrastructure improvements or services, pursuant to the applicable Codes and Regulations of the City;

NOW, THEREFORE, in consideration of the mutual covenants, promises, declarations and conditions herein provided the Parties agree as follows:

1. **Public Improvements.** The Developer must, at its cost, install and pay for all public infrastructure improvements or services located within the right of way of Blue Ridge Road as set forth in attached Exhibit D ("Public Improvements"), including but not limited to constructing roadway, sidewalk, pedway pavement, curb and gutter, curb inlets, storm pipes, and flared end sections, and all Public Improvements will be completed pursuant to the applicable Codes and Regulation of the City. The Public Improvements will be constructed in accordance with the City Code and the City's *Street, Storm Sewer, and Sanitary Sewer Specifications and Standards*, in place at the time of construction.

2. **Phasing Plan.** The development of the Property, including final platting, will be phased in numerical order according to the attached Exhibit B ("Phasing Plan"). The Phasing Plan may be amended by Developer. However, unless otherwise authorized by the written consent of the Director of Community Development, Willow Falls, Plat No. 3 will be the next platted phase after the current plat request for Willow Falls, Plat No. 2, and must include the dedication of all right of ways and easements necessary for the construction of the Public Improvements involving Blue Ridge Road.

3. **Performance Guarantee.** The Developer must provide security and collateral in the form of an Irrevocable Letter of Credit, as set forth in attached Exhibit C, for an amount equal to one hundred twenty-five percent (125%) of the estimated cost for the Public Improvements ("Security") within thirty (30) days of the Effective Date of this Agreement, payable to the City and guaranteeing the construction, installation, maintenance, and completion of all required Public Improvements, as set forth in Exhibit D and with the City ordinances regulating the same. The estimated cost for the Public Improvements that serves as the basis for the Irrevocable Letter of Credit sum must be approved by the Director of Public Works before execution and acceptance of the Irrevocable Letter of Credit by the City. Nothing in the estimates or specification of component items will in any way require release of any portion of the Security based on each line item, and Developer agrees it will continue to be obligated to complete and guarantee completion of all Public Improvements until fully complete and accepted by the City.

The Developer warrants and guarantees that all Public Improvements hereunder will be constructed in a workmanlike manner, of materials as specified by the City's engineering requirements, construction specifications and design standards for a period of two (2) years on workmanship and materials from the date of issuance of a Certificate of Acceptance thereof. The Developer will ensure that any contractor or subcontractor who works on the improvements will also warrant their work to the same extent as Developer. The Developer must convey title to the improvements and any necessary easements to the City via appropriate instrument approved by the City, free and clear of any lien, encumbrance or cloud upon such title, at the time of, and as a condition of, issuance of a Certificate of Acceptance by the City.

The Director of Public Works may approve a reduction in the required amount of the Security whenever, in the Director's reasonable opinion, changed circumstances justify the reduction... Any release of part of or a portion of the Security is only an accommodation to the Developer and is not a waiver of any kind by the City of its rights under this Agreement that the entire Security guarantees each and every improvement.

4. **Security.** The Security guarantees the construction, installation, maintenance, and completion of all Public Improvements in accordance with the approved Public Improvements which are incorporated in this Agreement by reference and as summarized in the attached Exhibit D and as required by the ordinances and regulations of the City.

5. **Completion Date.** The Developer guarantees that all Public Improvements will be installed, constructed and completed in accordance with Exhibit B and Exhibit D and the ordinances of the City within 1) two years after the date of approval of Willow Falls Plat No. 3 or 2) thirty five (35) months after the Effective Date, whichever date occurs first ("Completion Date").

6. **Extension of Time for Completion.** The Developer may seek an extension of this Agreement beyond the amount of time required herein for completion of all Public Improvements by submitting a written request for an extension to the Director of Public Works prior to the expiration of the permitted time. The request for an extension must state the reason for the request and the additional time needed. The Director of Public Works will have sole discretion to determine if an extension is warranted and may require any security and collateral it deems necessary to ensure completion of all Public Improvements. Upon approval, the extension will begin from a date determined by the Director of Public Works.

7. **Release.**

(a) That the City may, through written authorization of the Director of Public Works, release or reduce portions of the Security upon completion of components within categories and will release corresponding portions of the Security upon completion of categories of improvements.

(b) In order to obtain such written authorization for a release, upon completion of any such category of improvement the Developer must first make written request for inspection, , to the appropriate inspecting authority. Upon receipt of the Developer's written request for inspection the City (or the appropriate inspecting authority) will (i) inspect the construction, installation and completion of the Public Improvement(s) that have been noted as complete by the Developer. Upon receipt of the inspection report, the City's Director of Public Works will review the report, verify that the Public Improvement complies with all laws and requirements of the City, and authorize such release.

(c) Except for discretionary releases that may be granted by the Director of Public Works in the public interest, no category of any Public Improvement will be eligible for release until each and every component and requirement that makes up that category of Public Improvement is deemed complete by the City. No category or public improvement may be deemed to be complete until there is a certification by the City that the project is complete. No certification will be issued by the City unless all of the following takes place: (i) the Developer submits a written request to the City for inspection of the Public Improvements; (ii) the inspection is completed by the City's inspector who determines that the Public Improvement are complete and recommends to the City's Director of Public Works that it be released; and (iii) the City's Director of Public Works reviews the City Inspector's inspection report, determines that the Public Improvement complies with all laws and requirements of the City, and authorizes such release.

(d) Upon certification by the City that the construction and installation of a category of Public Improvement is complete (in accordance with section 7 (b) and (c) above), the City will authorize the release of the estimated cost originally retained for that category *minus* a maximum retention of five percent (5%), as otherwise provided in this Section. The Developer will not be released of any responsibility for installation, construction, completion, or maintenance for the required improvements, irrespective of any release that may have been issued based on specific improvements or inspections, prior to final approval of all improvements and release of the entire Security for all categories.

(e) In no event will the City be required to release, disburse or otherwise dispose of

more than ninety-five percent (95%) of the Security, until the City has certified as provided herein that all categories of Public Improvements have been completed in accordance with the Exhibit D and the City Code and the City's *Street and, Storm Sewer, Specifications and Standards*, in place at the time of construction..

8. **Before Final Release.** Upon completion of all of the Public Improvements and prior to final release of the Security, the Developer must submit to the City an electronic copy of "as built" drawings which show the actual installation of the said improvements, and that if after the City reviews the "as built" drawings submitted it reasonably determines that all of the improvements have been completed and, as applicable, accepted by the respective utilities, then the City will approve the "as built" drawings.

9. **Final Release.** Upon approval of the "as built" drawings and completion of the final improvements and certifications required, the final Security must be released not later than 30 days after acceptance of the improvements by the City.

10. **Default or Abandonment.** In the event the Developer is in default or abandons the subdivision, or fails to complete the obligations herein, including, but not limited to, the failure to complete the Public Improvements by the Completion Date, the Developer will forfeit to the City the then current balance of the Security or any portion thereof, which funds the City will thereafter use to complete the Public Improvements or otherwise rectify the Developer's failure hereunder. The City may further apply such necessary amount of the Security to remedy any failure of the Developer to perform its maintenance obligations in the Public Improvements. For the purpose of this Agreement and the City's rights hereunder, any and all of the remaining Security may be applied to completion or maintenance of any City improvements reasonably related to the Public Improvements including, but not limited to, those listed herein, and no limitation of any kind will be implied from the line item calculations of separate improvements.

11. **No Waiver for Failure or Delay to Enforce.** Exercise or waiver by City of any enforcement action under this Agreement or the City's Code does not waive or foreclose any other or subsequent enforcement action whatsoever.

12. **Amendments or Modifications.** This Agreement may be amended from time to time provided that such amendment be mutually agreed upon in writing and signed by all Parties hereto, including any future Developer of any part of the Property who might otherwise be obligated to perform any of the requirements imposed upon the Developer by this Agreement. Oral modifications or amendments of this Agreement are of no force or effect and Developer will not be released from any obligation to construct the Public Improvements by sale of any portion of the Property without the express written consent of the City and the execution of a substitute Irrevocable Letter of Credit which will, in the sole determination of the City, adequately protect the interest of the public in the required construction of the Public Improvements.

13. **Designation.** The Developer is an independent contractor, and nothing contained herein will constitute designation of the Developer or any of its employees or agents as an agent or employee of the City.

14. **Notices.** All notices between the parties hereto must be in writing and will be sent

by certified or registered mail, return receipt requested, by personal delivery against receipt or by overnight courier, will be deemed to have been validly served, given or delivered immediately when delivered against receipt or three (3) business days after deposit in the mail, postage prepaid, or one (1) business day after deposit with an overnight courier, and must be addressed as follows:

Each party will have the right to specify that notice is to be addressed to another address by giving to the other party ten (10) days written notice thereof.

15. **Hold Harmless.** Developer, at its sole cost and expense, hereby agrees to indemnify, protect, release, defend (with counsel acceptable to the City) and hold harmless the City, its municipal officials, elected officials, boards, commissions, officers, employees, attorneys, and agents from and against any and all causes of action, claims, demands, all contractual damages and losses, economic damages and losses, all other damages and losses, liabilities, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, remedial actions of any kind, and all costs and expenses of any kind, including, without limitation, reasonable attorney's fees and costs of defense arising, out of Developer's breach of this Agreement which results in injury to any third party, except to the extent such injury arises from or is caused by the sole or gross negligence or willful misconduct of the City, its elected officials, officers, employees, agents or contractors. The indemnification, duty to defend and hold harmless obligations set forth in this Section will survive for a period of five (5) years from the date of City acceptance of public improvements.

16. **Insurance.** Any Party performing construction of public improvement under this Agreement must provide, at its sole expense, and maintain during construction of any public improvements related to this Agreement, commercial general liability insurance with a reputable, qualified, and financially sound company licensed to do business in the State of Missouri. The insuring company, unless otherwise approved by the City, must have a rating of not less than "A," and it must protect the insured Party, the City, and the City's officials, officers, and employees from claims which may arise from the construction operations, whether such operations are by the insured Party, its officers, directors, employees and agents, or any of its subcontractors. This liability insurance must include, but will not be limited to, protection against claims arising from bodily and personal injury and damage to property, resulting from all insured Party operations, products, services or use of automobiles, or construction equipment. The amount of insurance for required herein must be in no event less than the individual and combined sovereign immunity

limits established by § 537.610 RSMo., for political subdivisions; provided that nothing herein will be deemed to waive the City's sovereign immunity. An endorsement must be provided which states that the City is named as an additional insured and stating that the policy will not be cancelled or materially modified so as to be out of compliance with the requirements of this Section, or not renewed without 30 days advance written notice of such event being given to the City.

17. **Sovereign Immunity.** Nothing in this Agreement shall constitute or be construed as a waiver of the City's governmental or official immunity or its officers or employees from liability or suit pursuant to Section 537.600 RSMo.

18. **No Third Party Beneficiaries.** There are no third party beneficiaries to this Agreement.

19. **Power of the City.** Notwithstanding anything set forth in this Agreement to the contrary, no provision contained herein shall in any manner diminish or usurp the inherent rights and powers of the City to act in its capacity as a public body. All financial obligations of the City shall be subject to future appropriation of the City in accordance with applicable laws and requirements. Further, nothing herein shall relieve Developer from complying with all applicable laws and requirements.

20. **Authorized Employees.** Developer acknowledges that Section 285.530, RSMo, prohibits any business entity or employer from knowingly employing, hiring for employment, or continuing to employ an unauthorized alien to perform work within the State of Missouri. Developer therefore covenants that it is not knowingly in violation of Section 285.530(1), RSMo, and that it will not knowingly employ, hire for employment, or continue to employ any unauthorized aliens to perform work on any project which is the subject of this Agreement, and that its employees are lawfully eligible to work in the United States. .

21. **Inspection.** Upon reasonable prior notice, the City may conduct such periodic inspections of the projects herein, including any applicable phase, as may be generally provided in the applicable law or regulation for inspection thereof pursuant to comply with the terms of this Agreement. The Developer shall not deny the City and its officers, employees, agents and independent contractors the right to inspect upon reasonable prior written request, all engineering or construction contracts or documents pertaining to the construction of the public infrastructure or any applicable phase thereof.

22. **Governing Law.** This Agreement will be construed according to the laws of the State of Missouri. The Parties must comply with all local, state, and federal laws and regulations relating to the performance of this Agreement.

23. **Venue.** Any action at law, suit in equity, or other judicial proceeding to enforce or construe this Agreement, or regarding its alleged breach, must be instituted only in the Circuit Court of Boone County, Missouri.

24. **Entire Agreement.** This Agreement contains the entire and complete agreement between the City and the Developer with respect to the requirements imposed upon the Developer

for the providing of financial security for the construction and installation of certain improvements, all as hereinabove described in this Agreement unless contained in a prior agreement and not expressly modified herein. Parties agree that this Agreement constitutes a lawful contract between the Parties and the Developer hereby acknowledges and agrees that this Agreement and the City's ordinances and regulations applicable to this Agreement constitute lawful exercises of the City's authority and police power.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day set forth below each of their signatures.
