## **Budget**

• The Petitioners submit that the majority of the CID Projects are ongoing expenses that will be incurred each year The District is in existence. The budget contemplates revenue sources authorized by the Act which will fund and fully pay for the cost of each of the line items contained within the Budget over a period of time of not to exceed twenty (20) year, and this, in turn, presumes the establishment of dependable revenue sources for The District. The Petitioners represent and believe that the projected special assessments for the properties located within The District and the revenues generated by the additional sales tax should be sufficient to provide a reliable funding source sufficient to cover the costs of the District, as depicted in the Budget.
