Ordinance No. 023917 Council Bill No. B 167-19

AN ORDINANCE

determining it is in the public interest to extend two 13.8 kilovolt electrical feeder circuits from the Rebel Hill Substation to the proposed ten (10) megawatt Truman Solar Facility located east of Burnside Drive; approving and adopting plans and specifications; determining that a portion of the work shall be done by contract; authorizing the Purchasing Division to issue a contract for a portion of the work utilizing a duly authorized term and supply contractor; authorizing a portion of the improvement project may be done by city employees; providing for payment for the improvement project; authorizing the City Manager to obtain, execute and record all documents necessary for the improvement project; providing for compliance with the prevailing wage law and state-mandated construction safety training; and fixing the time when this ordinance shall become effective.

WHEREAS, interested parties meetings for the proposed extension of two 13.8 kilovolt electrical feeder circuits from the Rebel Hill Substation to the proposed ten (10) megawatt Truman Solar Facility located east of Burnside Drive was held by the City Utilities Department – Water and Light Division on November 6, 2018 and January 10, 2019; and

WHEREAS, the City Council adopted a resolution declaring the necessity for the proposed improvement project; and

WHEREAS, the notice of a public hearing on this improvement project was published in a daily newspaper of general circulation in the city; and

WHEREAS, the City Council has held public hearings on construction of the proposed improvement.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The Council finds that the extension of two 13.8 kilovolt electrical feeder circuits from the Rebel Hill Substation to the proposed ten (10) megawatt Truman Solar Facility located east of Burnside Drive in the City of Columbia, Missouri, is necessary

for the welfare and improvement of the city and that it is in the public interest that such improvements be made.

SECTION 2. The plans and specifications for this improvement project, as prepared by the Director of the City Utilities Department, are hereby approved.

SECTION 3. A portion of the construction of the improvement project shall be done by contract in accordance with the plans and specifications, the laws of the State of Missouri, and the Charter and Ordinances of the City of Columbia, Missouri.

SECTION 4. The Purchasing Agent is hereby authorized to execute a contract for a portion of the improvement project with a duly authorized term and supply contractor. As deemed advisable by the City Manager, city employees may be used to construct all other improvements.

SECTION 5. Payment for this improvement project shall be made from the Water and Electric Fund using funds appropriated in Capital Improvement Project No. E0205, and such other funds as may be lawfully appropriated.

SECTION 6. The City Manager is authorized to obtain, execute and have recorded all licenses, easements, deeds and any other conveyances or instruments necessary for the City to complete this improvement project.

SECTION 7. Pursuant to Section 290.250 RSMo., the contract for the improvement project shall provide that not less than the prevailing hourly rate of wages, as found by the Department of Labor and Industrial Relations of Missouri, shall be paid to all workers performing work under any contract in excess of \$75,000.00. The contractor's bond shall guarantee the faithful performance of the prevailing hourly wage clause in the contract.

SECTION 8. Pursuant to Section 292.675 RSMo., the bid specifications and contract for the improvement project shall provide that the contractor and any subcontractor shall provide a ten-hour Occupational Safety and Health Administration construction safety program (or a similar program approved by the Missouri Department of Labor and Industrial Relations) for all employees working on-site. All employees working on the site of the improvement project are required to complete the safety program within 60 days of beginning work on the improvement project.

SECTION 9. This ordinance shall be in full force and effect from and after its passage.

PASSED this 1st day of July, 2019.
