

## MEMO

**DATE:** October 18, 2019

**TO:** Planning Commission Members

**FROM:** Patrick R. Zenner, Development Services Manager

**Re:** September 2019 Building Permit Report

---

Attached please find the building permit data for the month of September 2019 from EnerGov. The first page of the report shows monthly permit valuation and the second page shows total permits issued by "permit type".

Due to the City's software conversion in October 2018, the previously provided 3 year CYTD permit comparison report is no longer available. A 2019 CYTD report is available at the link below that can be compared with the previously produced 3 year CYTD report for September 2018-2016 as available via the link below.

### **2019 CYTD Permit Report:**
