## Meeting Minutes - Draft

### Substance Abuse Advisory Commission

---

Wednesday, October 9, 2019

12:00 PM

Department of Public  
Health and Human  
Services, Community  
Training Room, 1005  
W. Worley St.

---

#### I. CALL TO ORDER

Linder called the meeting to order at 12:01 pm. Hollis stated that Curtis Perkins would be taking the place of Stephens as the CPD liaison to the commission. Commissioners introduced themselves.

#### II. APPROVAL OF AGENDA

Grim moved to approve the agenda. Smith seconded the motion, and it passed with a unanimous vote.

#### III. APPROVAL OF MINUTES

Grim moved to approve the Sept. 11, 2019 minutes. Smith seconded the motion, and it passed with a unanimous vote

#### IV. OLD BUSINESS

A. Alcohol Policy: Hollis stated he hadn't received directions from Council for next steps with to the draft drink specials regulations ordinance. He said the commission could move ahead with a recommendation for door staff/bouncer training. Hollis and Linder shared that the owner of Penguin/Roxys/Social Room sends his door staff/bouncers through training in Las Vegas. Multiple states had a mandatory certification for door staff/bouncers and he feels that it's beneficial. Linder shared that Partners in Prevention would be working with Nancy McGee to look at door staff/bouncer training in addition to the SMART training. Her understanding was that SMART was housed at the University of Nebraska, but that could be changing. Hollis stated that door staff/bouncers weren't required to get a drink server card and may not have been through SMART. He reminded the commission that SMART isn't the mandatory training and that any training could be proposed to PHHS. Molly volunteered to draft a recommendation to send to Council and would have it for review by the end of December.

Stevens came in at 12:23

B. Opioids: Hollis gave a presentation on the 2019 Prescription Drug Monitoring program (attachment).

C. Medical Marijuana: Linder stated there was recently an article in the Columbia Daily Tribune with multiple schools expressing that there would change in policy because of federal guidance. There was discussion about putting together some material about what is allowed on campuses and working with dispensary owners to have it available at dispensaries. Hutton stated she would take the lead on drafting a message and work with Linder to get something put together for the commission to review. Linder outlined the timeline of the application process. Hollis stated that Director Browning had provided Council with a report on implementation through a public health lens (packaging, marketing, etc.) and he would send that to the SAAC members. Linder suggested next month talking through whether SAAC should suggest them as best practice.

## V. NEW BUSINESS

None

## VI. REPORTS

A. ADAPT: Hutton stated that ADAPT was working with Athletics to get information on the website and larger signs at the stadium letting people know they could not exit and re-enter once they are in the stadium. She stated that ADAPT was working with RSVP on a project to get sexual violence prevention information on wristbands that bars use for entrance. She said STRIPES has had some challenges this year with their phones not working properly. Their phones are now up and working. Hutton said she had been working with Chaffin on getting the Sanvello stress and anxiety help app available for UM students. She said Sanvello can walk people through skills they may need in the moment based on mindfulness and cognitive behavioral therapy. She said a soft roll out should happen system wide at the end of October.

B. Youth Community Coalition (YC2): Ron Rowe stated that the legislative event on October 1st had had a great turn out. He said YC2 is about to do their strategic plan and substance use prevention will be a part of that. He shared that he had some "You Card, We Care" cards and asked everyone to pass them out to their networks as well as retailers. He said YC2 is working with CPS and PHHS on a vaping prevention program. Linder stated she had recently seen the national Truth campaign advertise a text line for resources. Someone could text ditchjuul to 88709.

Grimm left the meeting.

C. Columbia Public Schools: Hollis stated that PHHS is partnering with CPS to implement vaping prevention messages in schools.

D. Staff Report: Hollis stated the bar owners meeting had raised a concern about the number of ride share spaces downtown. He said Thursday through Saturday people are congregating in large numbers waiting for rideshares. He suggested a hospitality council could be a solution to having these ongoing conversations. Perkins said he had attended a meeting where changing the taxi stand ordinance was discussed and he would follow up.

## **VII. GENERAL COMMENTS BY PUBLIC, MEMBERS AND STAFF**

Smith wondered about fan behavior in the recent MU football games with alcohol being sold inside the stadium. Hutton said the numbers of incidents are down overall. Linder stated she has heard that the servers are doing what they are supposed to do. Perkins stated he has been in the command post at the games in case CPD needs to bring in their resources. He stated that the Sherriff's Dept. and Highway Patrol are also inside the game. He said ejections and arrests are in line with previous years. He said Roots 'n Blues had fewer incidents due to multiple factors, including the max number of drinks dropping to two and the weather.

## **VIII. NEXT MEETING DATE**

November 13, 2019

## **IX. ADJOURNMENT**

1:12 pm
