SUBJECT: Item 6 - Proposed Administrative Revision to the CATSO FY 2020-2023 Transportation Improvement Program (TIP)

DATE: February 5, 2020

Attached is a proposed administrative revision to the approved CATSO FY 2020-2023 TIP document. The administrative revision includes a number of edits/revisions as requested/suggested by the FHWA Missouri office.

These revisions were not substantive, and do not meet the standard for a TIP amendment. Included were corrections to table labels and similar corrections. The revisions only apply to the narrative section of the TIP, and a revised version of that section is attached.

### ***Suggested Technical Committee Action***

After review and any suggestions members may have for revisions, the Committee may indicate a consensus of approval of the administrative revision. No formal approval is necessary given the changes are not substantive such that a formal TIP amendment is required. The Coordinating Committee will review the administrative revision at their February 27, 2020 meeting.
