2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
4. Subrecipients shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
5. If for some reason the low bid is not acceptable, the Subrecipient must have written approval from the MHTC prior to bid approval and purchase.
6. Subrecipients will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.

**B. REIMBURSEMENT VOUCHER, SUPPORTING DOCUMENTATION AND PAYMENT SCHEDULE:** The MHTC agrees to reimburse the Subrecipient for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Subrecipient, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC certified payroll form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the person preparing the voucher and the project director or authorizing official. A subrecipient that expends less than \$750,000 during the subrecipient's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in 2 CFR §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO). Failure to furnish an acceptable audit may be basis for refunding federal funds to the MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of the MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

Instructions for Primary Certification (States)

- A. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.
- B. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- C. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
- D. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- E. The terms *covered transaction*, *debarment*, *suspension*, *ineligible*, *lower tier*, *participant*, *person*, *primary tier*, *principal*, and *voluntarily excluded*, as used in this clause, have the meaning set out in the Definitions and Coverage sections of 2 CFR Part 180. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of Parties Excluded from Federal Procurement and Non-procurement Programs.
- I. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

**XXV. BUY AMERICA ACT**

**(applies to subrecipients as well as States)**

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles must be manufactured or assembled in the United States of America regardless of cost.

**XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**

**(applies to subrecipients as well as States)**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

**XXVII. POLICY ON SEAT BELT USE**

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Subrecipient is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information on how to implement such a program, or statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle Up America section on NHTSA's website at [www.nhtsa.dot.gov](http://www.nhtsa.dot.gov). Additional resources are available from the Network of Employers for Traffic Safety (NETS), a public-private partnership headquartered in the Washington, D.C. metropolitan area, and dedicated to improving the traffic safety practices of employers and employees. NETS is prepared to provide technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 90 percent seat belt use. NETS can be contacted at 1 (888) 221-0045 or visit its website at [www.trafficsafety.org](http://www.trafficsafety.org).

**XXVIII. POLICY ON BANNING TEXT MESSAGING WHILE DRIVING**

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

**XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS**

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. Subrecipient agencies with positions that are funded via Highway Safety grants are expected to participate (or send a representative) in the above functions as much as possible.

## CONTRACT REQUIREMENTS

### **THE FOLLOWING REQUIREMENTS ONLY APPLY TO CONTRACTS THAT INCLUDE TRAINING**

Subrecipients offering the MHTC-funded courses must adhere to the following standard elements required for training contracts:

- A. A course schedule must be presented to the MHTC program coordinator prior to the proposed training. The schedule should include: title of course; date(s); time; exact location; and agenda. Any changes to the course schedule must have prior approval from the MHTC.
- B. Each student must complete a survey form at the completion of the workshop/training. The survey will ask a series of questions concerning adequacy of: training received; instructor's presentation; training facility/location; and worth of the training.
- C. The Subrecipient must provide a sign-up sheet for every class when submitting a reimbursement request for the course (a typed list of everyone who registered is not acceptable). The sign-up sheet must capture the following information:
  1. Title of the class
  2. Date(s) and location of class
  3. Printed Name and signature of attendees (unless otherwise prohibited)
  4. Name of agency/organization of each attendee

- E. Copies of the student evaluations, number of students enrolled/number of students attending, agenda/syllabus/curriculum, and participant sign-up sheets must be retained in Subrecipient's files after the training has been conducted and available for MHTC review upon request.

### **THE FOLLOWING REQUIREMENTS APPLY TO LAW ENFORCEMENT AGENCIES ONLY**

#### **A. PROBLEM IDENTIFICATION**

Subrecipient must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

#### **B. PROJECT ACTIVITIES**

1. Enforcement activities by the Subrecipient must remain at the current level. Enforcement efforts provided by this contract must be in addition to current enforcement activities.
2. Officers will be permitted to issue multiple citations and/or written warnings to drivers who have committed several violations.
3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least three (3) contacts per hour when conducting an enforcement project.
4. Subrecipient should report monthly or at least quarterly to MHTC using the *Grant Enforcement Activities Monthly Report Form*.
5. Subrecipient is expected to participate in associated national or state mobilization efforts in conjunction with, or at the direction of, the Highway Safety and Traffic Division. These mobilizations include, but are not limited to: Click It or Ticket campaign, Drive Sober or Get Pulled Over campaign, Youth Seat Belt enforcement campaign, Child Passenger Safety campaign, Holiday Impaired Driving campaign, and quarterly enforcement efforts. Mobilization reporting efforts shall be completed using the online mobilization reporting form located at: <https://mobilization.rejis.org/>.
6. Only law enforcement work performed by a duly licensed, Peace Officer Standards and Training certified law enforcement officer will be reimbursed.
7. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working under this grant in excess of 40 hours for any two week pay period. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working under this grant where said officer is claiming to have worked as a law enforcement officer for more than 16 hours in any 24 hour period.

**C. PARTNERSHIPS**

Law Enforcement agencies are strongly encouraged to participate in the Law Enforcement Traffic Safety Advisory Council (LETSAC) and attend the general meetings and annual conference. Agencies located within the metropolitan areas of St. Louis or Kansas City should participate in Operation Impact ( traffic safety task force).

**D. ALLOWABLE COSTS**

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects . Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Subrecipient at officer's standard rate of pay in accordance with Subrecipient policies and procedures regarding standard rate of pay and overtime rate of pay. The Subrecipient will not be reimbursed at the overtime rate for work that according to Subrecipient's own policies and procedures does not constitute overtime. Non- POST certified personnel may be allowed, at the sole discretion of MHTC, in a support/administrative role.

Exceptions to allowable costs may be made with prior written permission of the MHTC.

**E. DRUNK DRIVING ENFORCEMENT PROJECTS**

1. Those officers conducting standardized field sobriety testing must have 24 hours of Standardized Field Sobriety Test training to participate in grant funded enforcement efforts.
2. Agency should participate in quarterly enforcement efforts and the national impaired driving crackdowns held annually.

**F. SOBRIETY CHECKPOINTS**

Unless otherwise prohibited by state statute or appropriation,

1. The MHTC will fund enforcement agencies to conduct sobriety checkpoints in accordance with standards outlined in the Sobriety Checkpoint Reference Manual and the Sobriety Checkpoint Supervisor Training program .
2. Sobriety checkpoint enforcement efforts must be coupled with appropriate public information efforts to increase the perceived risk of arrest and to enhance the actual risk of arrest.
3. Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement vouchers.

## PROBLEM IDENTIFICATION

---

Aggressive driving can be any one of us, when we make the choice to drive over the speed limit; change lanes several times in a short distance and/or follow too closely. Aggressive driving is a costly decision, often made in an instant, but can have lifelong consequences. According to the National Highway Traffic Safety Administration, aggressive driving is when an individual commits a combination of moving traffic offenses so as to endanger other persons or property. During the last five years, the combination of aggressive driving behaviors contributed to 52 percent of fatalities and 45 percent of serious injuries in Missouri. Speed-related conditions, including exceeding the speed limit and too fast for conditions, accounted for the most fatalities of all aggressive driving behaviors. Thirty-six percent of all Missouri fatalities over the last five years were speed-related.

This grant will contribute to the City of Columbia Vision Zero initiatives adopted by our city council in 2016 to reduce traffic fatalities to zero by 2030. This is a comprehensive approach that examines enforcement, engineering and educational solutions to reducing traffic fatalities in the City of Columbia. Beginning in April 2020, Vision Zero will have a Program Coordinator to oversee the Vision Zero efforts of the City of Columbia to move the project forward and continue our path to zero traffic fatalities.

The City of Columbia continues to have a large number of crashes. According to statistics from the Missouri State Highway Patrol, there were 1,847 crashes in Columbia during the last 3 years including 174 serious injury crashes and 31 fatality crashes. This does not include the crashes that Columbia Police Department does not investigate which are crashes involving no injury and no vehicles requiring towing.

The statistics dated 2015-2017 from the Missouri State Highway Patrol showed Columbia ranked 13th in the list of cities in Missouri who recorded traffic crashes. This ranking would most likely be higher as this does not include the crashes that the Columbia Police Department does not investigate involving no injury and no vehicles requiring towing. In addition, Columbia ranked 5th in the state for number of fatality crashes. Additionally, the 2015-2017 statistics from the Missouri State Highway Patrol showed that Columbia ranked 7th in the list of cities in Missouri for impaired driving crashes. In addition, Columbia ranked 3rd in the list of cities for young driver impaired driving crashes. This statistic is not surprising due to three colleges/universities in Columbia including the University of MO which in fall 2018 had an enrollment of approximately 30,000 students.

In January 2016, the Columbia Police Traffic Unit was disbanded (except for the Dedicated Impaired Driving Enforcement officers). The investigation of traffic crashes and traffic enforcement became part of the responsibility of the Patrol division. While two officers were assigned to traffic duties such as crash investigation and enforcement, they were also responsible for assisting patrol shift with calls for service. This created a reduction in the amount of traffic enforcement occurring within the City of Columbia. In 2016, the number of people killed in fatality crashes in the City of Columbia spiked with one of the highest totals in a ten year period.

2019 was a period of change as the Traffic Unit was re-established separate from Patrol consisting of two crash investigator/traffic enforcement officers and the two grant funded Dedicated Impaired Driving Enforcement officers along with a supervisor. However, fatal crashes in 2019 rose to a total of 14 fatal crashes. There is a need to have more than just four officers in the Traffic Unit to help drive the crash numbers down. Currently, there are plans to add two additional officers to the Traffic Unit when staffing allows in addition to the officers applied for in this grant. However, these officers are subject to staffing needs and can be re-directed to other areas of need in the department. This proposal is for two grant funded officers with their primary duty being traffic enforcement.

CPD enforcement of hazardous moving violations has trended downward over the last several years without dedicated traffic officers. The numbers below illustrates this trend as 2014 shows a year with dedicated enforcement officers, 2015 shows a reduced amount of dedicated traffic enforcement officers, and 2016-2017 shows no dedicated traffic enforcement officers. In 2018 the trend of decreased enforcement began to rise, in part of the request of the City Council and City Manager at the time, that the Columbia Police Department begin to increase our enforcement activity to support Vision Zero.

2014: 2,645 speeding citations and 1,518 hazardous moving violations  
2015: 863 speeding citations and 717 hazardous moving violations  
2016: 423 speeding citations and 565 hazardous moving violations  
2017: 341 speeding citations and 632 hazardous moving violations  
2018: 659 speeding citations and 1711 hazardous moving violations  
2019: 345 speeding citations and 1,099 hazardous moving violations

Without dedicated traffic enforcement, the statics show a significant decrease in enforcement of speeding and hazardous moving violations. Enforcement of traffic laws is one of the key components to reducing crashes along with education and engineering. Traffic issues are one of the top citizen complaints.

The top 5 crash location intersections in Columbia over the last 3 years are:

1. Route AC (Grindstone Pkwy)/Rock Quarry
2. Mo Rt TT (Broadway)/Fairview Rd
3. MO 163 (Providence)/Green Meadows
4. Rock Quarry/Stags Way
5. Trimble/Brickton

Traffic crashes continue to be an issue in Columbia. The dedicated enforcement officers would assist in the enforcement of hazardous moving violations in an effort to reduce traffic crashes.

## GOALS/OBJECTIVES

---

### Core Performance Measure Goals

1. Based on an annual average increase of 2.47 percent in aggressive driving related fatalities from 2013 to 2017, Missouri is projecting 350.0 five-year average aggressive driving related fatalities by December 31, 2020.

Increase enforcement of hazardous moving violations in City of Columbia in an effort to reduce traffic crashes.

Support enforcement initiatives of Vision Zero to reduce traffic crash fatalities.

Traffic enforcement officers will identify area with high crashes and come up with solutions to reduce crashes through enforcement, engineering, and education. Each of the Dedicated Impaired Driving Enforcement officers will identify 3 crash areas during the grant period to target. The top 5 crash intersections previously listed above would be a place to start to begin analyzing causes of crashes and using enforcement, education, and engineering to reduce the traffic crashes.

The objective of the enforcement is high visible enforcement of hazardous moving violations to decrease traffic crashes and to gain voluntary compliance of traffic laws.

## PROJECT DESCRIPTION

---

This traffic grant proposal would add two officers whose dedicated job would be enforcing hazardous moving violations in high crash areas and ancillary job of investigating/assisting with serious injury and fatal crashes.

The Dedicated Impaired Driving Enforcement officers would do enforcement in high traffic crash areas . They would assist with serious injury and fatal crash investigation.

The traffic enforcement officers would identify a high crash area and look for solutions to reduce crashes through targeted enforcement combined with education initiatives and any engineering solutions.

The Dedicated Impaired Driving Enforcement officer schedule would be determined by identifying the hours of the day and days of the week when there are the most traffic crashes. The current plan is to put one officer on each of our two patrol squads to insure that a Dedicated Impaired Driving Enforcement officer works every day of the week . The hours would be determined based on need and would be a day/evening mix of hours somewhere between the hours of 6:00 a.m. to 10:00 p.m. as that accounts for the majority of our traffic crashes .

The request of the grant is to fund 100% of the officer salary , equipment (including vehicle) and training/professional development for the first year. The second year would be 75% and third year and any subsequent year would be at 50%. This is a similar set-up to the Dedicated Impaired Driving Enforcement grant when it was established in 2010 through traffic grant.

n/a	
7 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
8 Does your agency have adequate manpower to fully expend the funds requested in this application?	Yes
9 If NO, please explain.	
n/a	
10 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	Yes
11 If YES, please explain.	
In Jan 2019, Chief Ken Burton resigned and was replaced by Interim Chief Geoff Jones. Chief Jones was officially appointed Chief of Police in August 2019. Chief Jones has put an emphasis on Traffic Enforcement and has re-established the Traffic Unit separate from patrol shift.	
12 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
13 If YES, please explain.	
n/a	
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.	

Dedicated Impaired Driving Enforcement Unit:

FY 2019: \$4,633.26 unexpended. This is mainly due to Ofc. Shane Mosby voluntarily coming out of the Dedicated Impaired Driving Enforcement Unit. Officer Jordan Payne replaced him, however, the position was empty for a couple of weeks.

FY2018: \$2,783.51 unexpended. This is due to change in officers during grant period, as Officer Mosby replaced Officer Nichols.

FY 2017: \$2,337.75 unexpended. This is due to change in salary rate as Officer Sinclair was promoted to Sgt and this spot was filled by Officer Nichols whose salary was less than originally budgeted.

SATURATIONS:

FY 2019: All money was spent.

FY2018: \$3,194.24 unexpended. This is due to details planned not being fully staffed due to other special events that required staffing and not wanting to exceed allotted funding amount as remaining balance not known before grant expired.

FY 2017: \$20,035.35 unexpended: One of the main reasons is due to the discontinuation of sobriety checkpoints with state funds. In addition, saturation patrols did not get scheduled in time to make up the checkpoint funding portion of the budgeted amount.

  - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis.

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects.

\*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.

- Data to include number of stops, impaired driver citations and crash numbers will be reviewed monthly at command staff meeting.

- Supervisor will review activities and enforcement stats from Dedicated HMV Enforcement.

-Supervisor will meet at least monthly with each individual officer and as a group to address enforcement activities, traffic crash data, trends in crashes (ie speeding, distraction, etc), and enforcement strategies.
