It would be great to put speed bumps on Holly Ave, someone is going to get hurt because they drive so fast, that really scares me.

Comments: *I STRONGLY support traffic calming on Holly Ave.
Many drivers disregard the posted 25mph signs.
That really bothers me because children walks the
edge of Holly road. Drivers need to be forced
to slow down!
I truly hope the city install the speed humps
on Holly Ave. Thanks*

 I do NOT support traffic calming being installed on Holly Avenue.

Comments (additional space for more comments on the following page)

I am very supportive of this project, as I live on Holly and watch the speeders go by every day and night. Holly is a family friendly st with no sidewalks. There are children walking and playing along the length of the street, as well as adults. Most speeders are only using Holly as a shortcut and have no vested interest in our welfare. I sincerely hope this project is completed before a child is hit by a speeding car.

Comments (additional space for more comments on the following page)

The traffic situation on Holly is very concerning. Drivers speed all the way down the road at incredibly high rates of speed and there is nothing to slow them down. It concerns me for my child to play in our yard. When she rides her bike it must be on the side road only. Daily there are people walking up and down Holly and with the vehicles speeding by I feel it is only a matter of time before someone gets hit. It would be wonderful to have some speed bumps or something to slow them down. Sidewalks would also be a wonderful thing to have added.
