# INTRODUCTORY SECTION

February 4, 2021

#### Honorable Mayor, City Council, City Manager, and the Citizens of the City of Columbia:

#### Introduction

#### Management Responsibility

The Comprehensive Annual Financial Report (CAFR) of the City of Columbia, Missouri (the City) is submitted for your review in compliance with the provisions of Article II, Section 17 of the City Charter. This CAFR was prepared by the staff of the Finance Department in close cooperation with the external auditor, RSM US LLP. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it.

#### The Financial Reporting Entity

The Governmental Accounting Standards Board has established the criteria to determine the financial reporting entity for a municipal government's financial report. Therefore, the City used these criteria to examine the relationship of the City to other associated but legally separate entities, to determine if their inclusion in this report would be necessary to fairly present the financial position of the City. These criteria generally have to do with financial benefit or burden, and levels of influence over the activities of these organizations.

The financial reporting entity includes all funds of the City. This financial report does not include the Columbia Regional Library District, the Columbia Housing Authority or the City of Columbia New Century Fund, Inc. For a more detailed explanation of the relationship to these entities, refer to footnote number one in the Notes to the Basic Financial Statements on page 43.

#### **Government Structure**

The City of Columbia is a constitutional home rule charter city and was organized in 1892 pursuant to the laws of the State of Missouri. The City is governed by a home rule charter and has a Council-Manager, non-partisan form of government which was adopted in 1949. The Mayor and six council members are elected for three-year staggered terms with two council members elected each year. The City is divided into six wards, with one council member representing each ward and the Mayor being elected at large.

Columbia is a full service City which provides not only the traditional basic services such as public safety, public works and planning, but also a wide variety of enterprise activities. Columbia provides a majority of utility services including water, electricity, solid waste, and sanitary sewers. Additionally, Columbia operates three transportation enterprises: the regional airport, public transportation and railroad operations. It is this comprehensive service approach that allows Columbia to be responsive to the community while managing growth in a professional and fiscally responsible manner.

#### **Economic Condition and Outlook**

The City of Columbia is located in Boone County in the central portion of the State of Missouri. The City's central location serves as a crossroad for travelers going east and west on Interstate 70 and north and south on U.S. 63. Columbia has excellent transportation resources serviced by the Columbia Regional Airport, Columbia Terminal Railroad, Columbia Area Transit System and one interstate bus service. The City encompasses approximately 65.20 square miles and has a current estimated population of approximately 124,537.

The City is the location of the main campus of the University of Missouri, Columbia College, and Stephens College. Approximately 50,586 students attend these institutions of higher education during the regular school year. In addition to higher education, Columbia is also a regional medical center with seven hospitals. Insurance is a major business operation in the City with home offices of Shelter Insurance Companies, the Columbia Insurance Group, and a regional office for State Farm Insurance Company. Columbia is a regional shopping area for central Missouri with 17 shopping centers. Other area industries consist of printing, structural metal fabrication, structural materials production, electronic products, auto parts and food processing.

All of these activities have given Columbia a fairly stable employment base. Public education (including the University) and government comprise over 30% of all non-farm employment and are four of the top ten employers in the Columbia area. Service industries provide approximately 43% of non-farm employment with the medical industry comprising two of the top ten employers. The retailing industry provides approximately 14% of the employment in the area. The unemployment rate in Columbia, approximately 2.9% in 2019-2020, has been well below the national average of approximately 7.9%.

#### **Financial Planning & Fiscal Responsibility**

The City of Columbia utilizes an annual budget process that results in both annual and long-term financial planning. It is important to use a balanced budget approach to ensure that the City operates within its means. Every budget begins with a conservative view of revenues and expenditures that capture all reasonably predicted events and needs for the upcoming year. The process begins with the Strategic Plan that helps focus the efforts of the City staff who are responsible for each fund, and ends with the Council approving the budget before the new fiscal year begins. During the process, there are several opportunities for citizens to attend meetings and express views on the budget as it is being developed. Work sessions were held with the City Council during this fiscal year to keep Council informed and to allow the Council to provide additional information regarding service levels to our citizens.

The City of Columbia uses various methods of communicating the financial condition of the City. Financial reports such as the Capital Improvement Plan, Ten Year Trend Manual, Budget document, Comprehensive Annual Financial Report and Interim Financial reports are published on the City's website.

#### **Major Initiatives**

Fiscal year 2020 presented opportunities for the City to take a look at how it conducts business and to improve efficiencies. Over the next few years, we will redesign our government from the inside out by updating/and or creating new core processes and philosophies on how we administrate and communicate. As a result of these changes, we hope to change our decision making processes from being reactive to a more proactive approach. The City has begun to take a close look at the top of the organization by examining how our administrative and supportive services such as Finance, Human Resources, IT, Legal, and the City Manager's Office communicate internally and make decisions that impact the City as a whole. Staff will be working with City Council to make sure that as we retool Columbia, it will allow us to be better equipped to respond to future challenges for events such as COVID-19.

In FY20 the City began the process of constructing a new strategic plan. Unfortunately, the development of this plan was impacted by the pandemic, and community as well as staff working group meetings were delayed. We decided to extend the finalization of the Strategic Plan until FY21. City staff members are currently revisiting the proposed plan to reevaluate for the current climate, and see how we can adapt our goals to meet the needs of the community. This more holistic view will help the City focus on objectives and strategies that have tangible and measurable outcomes for better reporting and accountability for those involved.

#### **Other Information**

#### Independent Audit

The State of Missouri statutes require an annual audit of all funds of the City. The firm of RSM US LLP has included its Independent Auditor's Report on pages 5-6.

#### Certificate of Achievement

We believe this report meets and conforms to the very high standards of the Government Finance Officers Association (GFOA) of the United States and Canada for financial reporting of state and local governments. The City of Columbia, Missouri has received a Certificate of Achievement for Excellence in Financial Reporting for each of the last forty years, and we believe our current report continues to conform to the Certificate of Achievement Program requirements.

We will be submitting this report to GFOA to determine its eligibility for another certificate because a Certificate of Achievement is valid for a one-year period only. In order to be awarded a Certificate, the financial report must satisfy accounting principles and must be organized to strict program standards. Such reports must also satisfy applicable legal requirements.

Finally, I would like to say the preparation of the Comprehensive Annual Financial Report could not have been accomplished without the dedicated staff of the Finance Department, especially personnel in the Accounting Division who actually compiled the report. Appreciation is also extended to the Mayor, the City Council, and the City Manager, for their continued efforts in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Matthew Lue **Director of Finance**

# INDEPENDENT AUDITORS' REPORT

#### Independent Auditor's Report

**RSM US LLP** 

To the Honorable Mayor and Members of the City Council of the City of Columbia, Missouri

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, Missouri (the City) as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedule—General Fund, and the pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and budgetary comparison schedules, listed in the table of contents as supplementary information, and the other information, such as the introductory and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory and statistical section, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

RSM US LLP

Kansas City, Missouri February 4, 2021

# MANAGEMENT'S DISCUSSION AND ANALYSIS

#### City of Columbia, Missouri Management's Discussion and Analysis

As management of the City of Columbia (the "City"), we offer readers of the City's Comprehensive Annual Financial Report (CAFR), this narrative and analysis of the financial activities of the City for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information provided in this report in our letter of transmittal and basic financial statements.

#### **Financial Highlights**

Columbia continues to be a growing city based on increasing population numbers and expansion of city limits. The City provides a full range of governmental and proprietary services that include eleven enterprise activities.

- Total tax revenues of \$69,238,067 decreased 2.2% in fiscal year 2020. Sales tax revenue stayed level between 2019 and 2020.
- Charges for services in business-type activities decreased \$1,969,375 or .9%.
- The City's total net position increased \$33,261,811 or 3.2%. Governmental activities net position increased \$3,721,967 or .8% while business-type activities net position increased \$29,539,844 or 5.4%. Total unrestricted net position increased \$29,215,928.

The City continued to make all required contributions to its pension plans.

#### The Comprehensive Annual Financial Report

This comprehensive annual financial report consists of three parts:

- I. Introductory section
  - i. Transmittal letter and general information
- II. Financial Section
  - i. Management's discussion and analysis (this part),
  - ii. Basic Financial Statements
  - iii. Notes the Basic Financial Statements
- III. Required Supplementary Information
  - i. Combining statements for non-major governmental funds, non-major enterprise funds, internal service funds, and fiduciary funds
  - ii. Statistical Section

The basic financial statements present two kinds of information. The <u>government-wide financial statements</u> provide both long-term and short-term information about the City's overall financial status. These statements are prepared on a full accrual basis to present information in a more corporate-like presentation. <u>Fund financial statements</u> are included to provide useful information on individual parts of the government. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. More relevant detail is provided by distinct presentation of major funds in the basic financial statements, rather than summaries by total fund types.

#### **Government-Wide Financial Statements**

The basic financial statements include two government-wide financial statements: the *Statement of Net Position* and the *Statement of Activities*. The *Statement of Net Position* presents information on all of the City's assets and liabilities. The difference between the City's total assets and deferred outflows of resources, and total liabilities and deferred inflows of resources are reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year.

The *governmental activities financial statements* include the functions of the City that are principally supported by taxes and intergovernmental revenues. *The business-type activities financial statements* include functions that are intended to recover all, or a significant portion, of their costs through user fees and charges.

These statements can be found on pages 21 to 23. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by the private sector.

The statement of net position and statement of activities divide the City into the following:

- Governmental activities All of the City's basic services are considered to be governmental activities, including public safety, public works, health, parks, planning, cultural and economic development and general administration. These activities are supported primarily with general City revenue such as sales taxes, gross receipts taxes, Payment-in-Lieu-of-Taxes (PILOT), property taxes, fines and specific program revenue like permit fees and grants.
- Business-type activities All the City's enterprise activities are included here. These operations derive
  revenues from charges for services that are intended to recoup the full cost (or a significant portion of the
  cost) of operations. Three of these operations require subsidies from tax revenue (airport, transit and
  recreation services).

The government-wide financial statements are required to also include legally separate entities (if any) for which the City is financially accountable. The City does not have any such entity that is required to be included as a "component unit" in its financial statements.

#### Fund Financial Statements

Another major section of the basic financial statements is the fund financial statements. These statements are on pages 24 to 37. The fund financial statements provide detailed information about each of the City's most significant funds, called "major funds". The city has five "major funds", two governmental-type and three business type. The major governmental-type funds are the General Fund and Capital Projects Fund. The business-type major funds are the Water and Electric Utility, the Sanitary Sewer Utility and the Solid Waste Utility. All "non-major" funds are summarized and presented in a single column.

The City has three kinds of funds:

- Governmental funds Most of the City's basic services are included in *governmental funds*. These fund statements are prepared on a modified accrual basis. *Governmental funds* are used to account for essentially the same functions as *governmental* activities in the government-wide financial statements. However, unlike the *government-wide* financial statements, *governmental fund* financial statements focus on <u>near</u>-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Capital assets and other <u>long-lived</u> assets, along with <u>long-term</u> liabilities, are not presented in the *governmental fund statements*. Because this information does not encompass the long-term focus of the government-wide financial statements, additional information is provided on pages 25 to 27 to explain the differences between them.
- **Proprietary funds** These statements include both enterprise funds and internal service funds. Statements are prepared on the full accrual basis and include all their assets and liabilities, current and long-term. This is the same basis used in the government-wide financial statements.
- **Fiduciary funds** These statements include activity of funds that report trust responsibilities of the City. These funds are summarized by type: pension, other employee benefit, private purpose trust and agency funds. These assets are restricted in purpose and do not represent discretionary assets of the City. Therefore, these assets are <u>not presented</u> as a part of the government-wide financial statements.

#### **Schedule of Net Position**

The following table reflects the condensed schedule of net position as of September 30, 2020 and 2019:

	Governmental Activities			Busines Activ			Total			
	-				Restated	-		Restated		
	2020	2019		2020	2019		2020	2019		
Current and other assets	\$ 183,595,713	190,983,098	\$	286,773,497	271,256,346	\$	470,369,210	462,239,444

Total net position as restated	\$ 467,537,640	463,815,673	\$	627,015,798	597,475,954	\$	1,094,553,438	1,061,291,627		

#### City of Columbia's Net Position

A review of the government-wide financial statement of net position reveals the following:

In accordance with GASB Statements No. 68, No. 71, and No.75 which established standards for measuring and recognizing liabilities, deferred outflows and inflows of resources and expenses related to pension and OPEB plans, the City reported a net pension asset on the Statement of Net Position as well as related deferred outflows and inflows of resources related to its defined benefit plan with the Missouri Local Government Employees Retirement System (LAGERS). The total net pension liability for LAGERS as of September 30, 2020 was \$9,942,472. The City also reported a net pension liability of approximately \$114.5 million for its single employer defined benefit police plan and firemen's plan as well as related deferred inflows and outflows. The OPEB plan reported an asset of \$246,815 as well as related deferred outflows and inflows.

Total assets for the City as a whole are \$1,598,463,351, an increase of \$16,942,127. A large portion of this increase is due to net additions to governmental type capital assets during the year which increased by \$5.3 million. Cash and investments increased \$7.7 million in governmental activities and \$33.4 million in business-type activities.

Overall the City experienced a decrease in total liabilities of \$899,767, from \$517,299,086 to \$516,399,319. Net pension liability increased by \$11.8 million and revenue and special obligation bonds payable decreased \$10.3 million.

Total long-term liabilities decreased \$4,690,247 from \$483,308,701 to \$478,618,454. Long-term liabilities in governmental activities decreased \$727,114 primarily due to a decrease in special obligation bonds payable and long-term liabilities in business-type activities decreased \$3,963,133 due to decreases in the capital lease liability and bonds payable. The City issued \$14,120,000 of a new Airport special obligation bond during FY 2020. The City refunded the 2012D and 2012E Water and Light Special Obligation bonds with the 2020 Special Obligation bond issuance decreasing the debt service requirements by \$8,927,126.

Governmental net investment in capital assets increased \$10,459,557, from \$417,048,407 to \$427,507,964 and net investment in capital assets for business-type activities increased by \$1,166,011, from \$417,092,079 to \$418,258,090. Total restricted net position decreased \$7,579,685 and total unrestricted net position increased \$29,215,928.

#### **Schedule of Activities**

The following table reflects the revenues and expenses for the City's activities for the years ended September 30, 2020 and 2019:

#### City of Columbia's Schedule of Activities

		Governmental Activities		ess-type vities	Total		
				Restated		Restated	
	2020	2019	2020	2019	2020	2019	
Revenues:

The government-wide statement of activities indicates the major sources of program revenues are charges for services, which decreased by \$3,363,561 or 1.4%.

Total revenues decreased \$37,792,919, or 10.1%, for 2020. The largest decrease of \$27.7 million was in governmental type capital grants and contributions. Charges for services for the Business-type Activities deceased \$1,969,375 largely due to the impact of the Covid-19 pandemic. Public Transportation, Airport, Parking, and Recreation services were all impacted by the pandemic. Total operating grants and contributions for fiscal year 2020 increased \$924,338, or 12.0%, in transportation, health and environment and public safety in Governmental type. A

decrease in Governmental contributions and capital grants of \$25,761,753 is primarily from \$24.8 million in donated streets for FY19 that did not occur in FY20.

Sales tax is the most significant revenue of the governmental activities. The city receives voter approved sales tax revenue of 1% for general revenue, .5% for transportation, .25% for capital improvements and .25% for parks. In 2020, sales tax revenue collected was \$47,278,467 which represents 62.9% of the total \$75,163,689 general revenue for governmental activities. This is an increase of \$13,824 in sales tax revenue over 2019 revenue. Without a city use tax and the absence of a state wide online sales tax, the decline in sales tax revenue is mostly attributed to increased online sales. Staff continues to closely monitor the monthly sales tax files provided by the state.

Investment revenue for both governmental activities and business-type activities decreased by a total of \$6,687,642, due to unfavorable market conditions for the year ending September, 30, 2020.

Seven of the eleven business-type activities show program revenue in excess of expenses. The City budgets for subsidies or transfers to the Public Transportation, Recreation Services and Airport Funds. The City maintains appropriate reserves in all of the business-type funds.

Total program expenses for FY 2020 are \$303,851,621, an increase of \$881,547. The majority of these expenses, \$196,094,133, are for business-type activities. Business-type activity expenses increased \$2,489,108, or 1.3%. The most significant increase was in the Water and Electric utility where labor costs increased \$2,797,272. Utilities, Services, and Miscellaneous costs for the water and Electric utility also increased quite significantly. Governmental activities decreased \$1,607,561, or 1.5% with the largest decrease being in Policy Development and Administration.

Net transfers from business-type activities to governmental activities were \$7,415,132. However, the City transferred \$8.2 million in general funds, transportation sales tax and parks sales tax funds to support the operations of various business-type activities. For purposes of the government-wide financial statements, over \$16.9 million in payment-in-lieu-of-tax funds that are paid by the Water and Electric Utilities to the general fund are included as transfers. Detail of individual transfers can be found in the *Notes to the Basic Financial Statements*.

#### **Fund Statements**

The City's *fund statements* can be found on pages 24 to 37 of the basic financial statements. A reconciliation to the government-wide financial statements has been provided with these fund statements.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Governmental unassigned fund balance decreased during FY2020 by \$1,094,367. The City's *proprietary funds* provide the same type of information found in the government-wide financial statements, but show more detail.

The *governmental funds* ended FY 2020 with a decrease in fund balance of \$6.6 million. General Fund balance decreased \$806,945, Capital Projects Fund balance increased \$3.55 million and non-major funds had a fund balance decrease of \$9.4 million. The increase in the Capital Projects Fund was due to the increase in funding for the expansion to 4 lanes from Nifong-Providence to Forum.

#### **General Fund**

The unassigned general fund balance is \$35,643,039. This is 42.0% of expenditures and transfers of \$84,771,851, well above the 20% target set by Council policy in August 2012. Care is taken to identify capital or other one-time uses of fund balance when the amount of appropriated fund balance increases substantially.

Overall revenues and transfers into the general fund were below the budgeted amount by \$3,973,114. Revenue from fees and service charges was below budget by \$788,357, while sales tax receipts were \$1,038,460 above budget and general property tax revenue was \$9,260 below budget. General fund revenues excluding appropriated fund balance and transfers decreased \$861,696 or 1.4%. The overall property tax rate remained constant at \$.41 cents for every \$100 of assessed value.

General fund expenditures were \$10 million under budget. However, there were \$2.3 million in encumbrances and \$381,000 in projects not encumbered which will be spent in FY 2021, leaving \$7.3 million under budget. General fund expenditures, including transfers, increased \$430,484 or .5%

The total fund balance of non-major governmental funds decreased by \$9,430,498 due in part to a decrease in the Public Improvement Fund. Accumulated funds in the Capital Improvement Sales Tax Fund were appropriated to projects in the Capital Projects Fund.

#### **Enterprise Funds**

A review of the net position of the proprietary funds indicates that all funds have positive unrestricted net position. Operating revenues decreased for the City's enterprise funds in FY 2020 by .87% and operating expenses increased by .78%, respectively. The change in net position of \$32,035,891 was a decrease of \$6,897,354 over FY 2019. The City's enterprise funds continue to experience limited growth in customer base. Five of the City's internal service funds experienced a loss for FY 2020. In accordance with the requirement of operating internal service funds on a break-even basis, losses were budgeted and absorbed through the use of accumulated fund balances.

In FY 2020, there was a 20% (\$0.42/month) rate increase for storm water. Columbia continues to have very competitive utility rates for our region.

#### **Budget Variances**

It is the City's policy to allow departments to carry forward the budget allocation for project funds or for items that are encumbered at fiscal year-end. The FY 2020 final budget for the general fund includes approximately \$2.3 million of encumbered funds carried forward from FY 2019. An increase of approximately \$4.4 million in the FY 2020 budget was in part for grants, surplus funds and contributions appropriated during the year, which in some cases increased the general fund revenue budget in FY 2020.

Overall, the general fund ended FY 2020 with favorable budget variances for revenues, expenditures and transfers of \$6.0 million. Revenue from other governmental units (grants) revenues fell short of budget projections by \$1,670,008, fees and services revenue fell short of budget projections by \$788,357, and revenue from fines fell short by \$484,384. General fund expenditures and transfers out were \$10 million under budget for FY 2020. Most of this was due to budget cuts enacted by the City Manager at the start of the Covid-19 pandemic and personnel services less than budgeted due to unfilled positions throughout the year.

#### City of Columbia Capital Assets (net of accumulated depreciation)

#### Major Capital Asset Events Fiscal Year 2020

- The construction of an indoor Sports Field House with sport flooring suitable for basketball, volleyball, and other hardcourt sports was completed in fall of 2019. The total cost was \$5.7 million. Funding included a designated loan, donations, and park sales tax.
- The construction of 6' wide shoulders on each side of the road between Ria and Mexico Gravel was completed in early FY20 at a total cost of \$1.9 million. Funding for this project included <sup>1</sup>/<sub>4</sub> cent capital sales tax, county road tax, and a MODOT Grant.
- The construction of Phase I of an agricultural park at Clary-Shy Community Park began in FY18. The Parks and Recreation Department partnered with Columbia Farmers Market, Sustainable Farms and Communities, and Columbia Center for Urban Agriculture to construct an agriculture park at Clary Shy Park. The farmer's market structure and additional parking were completed in FY19. The outdoor

classrooms, urban garden, playground and trail are currently under construction. The approximate budget for Phase I is \$2.9 million, with \$400,000 coming from Parks Sales Tax and the remainder of the budget is funded by sponsorships, donations and grants.

- The new police station broke ground in the spring of 2020. The expected cost of this project is estimated at \$8.1 million. Funding for this project came from the 1/4 cent capital sales tax.
- The new Airport Terminal will replace the current terminal while meeting the increased passenger demands and meeting ADA accessibility. The design process was completed in FY20, and the contractor has been selected. Construction is expected to start in FY21. The estimated cost for Phase I is \$23 million with an expected completion date of summer 2022. Funding for this project includes a bond, designated loan, transportation sales tax, CVB, MODOT grant, and enterprise revenue.

Additional information on the City's capital assets can be found in Note IV on pages 62-64 of the *Notes to the Basic Financial Statements* in this report.

#### Debt Administration

The City's debt issues are discussed in Note VII on pages 68-80 of this report. Please refer to it for additional information.

The City issued \$14,120,000 of a new Airport special obligation bond. The City refunded the 2012D and 2012E Water and Light Special Obligation bonds with the 2020 Special Obligation bond issuance.

#### City of Columbia Net Outstanding Debt

	_	FY 2020	FY 2019

Special Congation Donas	\$	320,410,458 \$	329,816,183

#### Fiscal Year 2021 Budget

There are no proposed City tax increases for FY 2021 and no rate increases for gross receipts. In the City's business-type activities, rate increases include 5.5% for Solid Waste.

The City is projecting a .93% decrease in sales taxes for FY 2021.

No pay adjustments were scheduled to be made for the first half of FY21 but budget impacts will be reviewed for the second half of FY21 to see if adjustments can be made.

There was a net decrease of 52.50 FTE in FY21 (16.00 FTE were added and 68.50 FTE were deleted).

#### **Financial Contact**

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. Any questions regarding the report or request for additional information should be directed to the Director of Finance, PO Box 6015, Columbia, Missouri 65205. Financial reports may also be found on the City's web site at <u>www.como.gov</u>.

#### CITY OF COLUMBIA, MISSOURI RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION SEPTEMBER 30, 2020

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance - total governmental funds		\$ 124,838,999
Capital assets used in governmental activities are not current financial resources, and therefore, are not reported in the governmental funds. Governmental capital assets Less accumulated depreciation	\$ 599,771,928 (162,423,856)	437,348,072
Internal service funds are used by management to charge the costs of custodial maintenance, utility customer services, information technology, public communications, fleet operations, self insurance, and employee benefits; and, therefore, the assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Net position of governmental internal service funds Portion of internal service funds cumulative net position attributed to business-type funds	36,341,591 (1,804,385)	34,537,206
Certain deferred outflows and inflows of resources represent a consumption or acquisition of net position in a future period and therefore are not reported in the funds.		
Deferred charge on refundings of debt		924,507
Pension related deferred outflows - Lagers		4,788,505
Pension related deferred outflows - Police and Fire Fund		1,124,580
OPEB related deferred outflows		732,127
Pension related deferred inflows - Lagers		(467,662)
Pension related deferred inflows - Police and Fire Fund		(2,832,760)
OPEB related deferred inflows		(214,963)
<ul> <li>Long-term liabilities, including special obligation bonds and notes, accrued compensated absences, and pension liabilities are not due and payable in the current period and therefore, are not reported as liabilities in governmental funds.</li> <li>Accrued compensated absences</li> <li>Special Obligation Bonds, including unamortized bond premium Lemone Trust Note</li> <li>Net pension liability</li> <li>Net pension liability - Police and Fire</li> <li>Accrued interest payable</li> </ul>	\$ (3,504,723) (13,654,484) (212,445) (1,549,507) (114,497,268) (39,157)	(133,457,584)
Some of the City's revenues will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore, are reported as a deferred inflow of resources in the governmental funds.		97,865
The net OPEB asset reported in governmental activities is not a current financial resource and therefore is not reported in the funds		118,748
Net Position of Governmental Activities		\$ 467,537,640

#### CITY OF COLUMBIA, MISSOURI RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(6,687,242)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Additionally, contributions of capital assets to the City are recorded as capital contributions on the Statement of Activities. This is the amount by which capital outlays and other miscellaneous capital asset transactions exceeded depreciation expnse in the current year. Details of the reported amounts are as follows:		
Loss on disposal of capital assets (189	0,265 6,460 9,684) 7,337	
Depreciation expense (12,666	·	
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		5,628,261 (207,159)
•		(,,
The repayment of the principal of long-term debt consumes the current financial resources of governmental funds.		5,139,792
Amortization of deferred outflow of resources resulting from deferred refunding loss.		(124,652)
Amortized premium on Bonds Payable		146,223
In the Statement of Activities compensated absences is accrued whereas in the governmental funds an expenditure is reported when due and matured.		(370,167)
In the Statement of Activities interest is accrued whereas in the governmental funds an expenditure is reported when due.		18,255
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:		
Pension related amounts, pension expense - Lagers		(1,019,901)
Pension related amounts, pension expense - Police and Fire		(1,344,897)
OPEB related amounts, OPEB expense		(141,181)
Internal service funds are used by the City to charge the costs of custodial maintenance, utility customer services, information technology, public communications, fleet operations, self insurance and employee benefits to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities. 976	5,355	
	*	
Change in internal service funds allocated to business-type activities 1,708	,280	2,684,635
Change in not position of accommontal activities	â	2 721 0/7
Change in net position of governmental activities	\$	3,721,967

The notes to the financial statement are an integral part of this statement.

#### Notes to the Basic Financial Statements September 30, 2020

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of the accompanying basic financial statements.

#### A. Reporting Entity

The City of Columbia (the City) operates under a City Manager/Council, home rule charter form of government. The City's Basic Financial Statements include the accounts of all City operations: Policy Development and Administration, Public Safety, Transportation, Health and Environment, and Personal Development. Enterprise operations owned by the City include a Water and Electric Utility, Sanitary Sewer Utility, Regional Airport, Public Transportation System, Solid Waste Collection Operation, Parking Facilities, Recreation Services, Railroad System, Transload Facility and Storm Water System.

The City's relationship to other legally separate organizations has been examined to determine if their inclusion in the City's basic financial statements is necessary to fairly present the financial position and activities of the City. The criteria used in this determination included an examination of the nature and significance of the organization's relationship with the City, financial benefit or burden to the City, the ability of the City Council to appoint members of the entity's governing board, and the level of influence the City has over the activities of the organization. Based on these criteria, the following related organizations have been excluded from the accompanying financial statements:

**Columbia Regional Library District (Library District)** - The City's Mayor appoints all members to the Library District's board on a staggering-term basis (appointments do not correspond to the mayoral term), and a board member cannot be removed except for specific acts (illegal acts, etc.). The Library District is able to establish and approve its own budget and legally set its own tax rates. Therefore, although the City appoints all members of the Library District's board, the entity is able to act independently without City oversight.

**Columbia Housing Authority (Authority)** – The relationship with this entity is similar to the Columbia Regional Library District. The City's Mayor appoints members of the Authority's board with the same restrictions, and cannot remove members without cause. The Authority establishes its own budgets, and is financed with federal funds and rentals. Operations are administered by the Authority without City oversight.

**City of Columbia New Century Fund, Inc. (Foundation)** - The Foundation is a legally separate, tax-exempt entity that acts primarily as a fund-raising organization to solicit contributions for the betterment of the City. The ten member Board is appointed by the City Council to serve a three-year term. No board member is allowed to serve more than two consecutive full terms on the Board. Although the City does not control the timing or amount of receipts from the Foundation, the majority of resources, or incomes thereon that the Foundation holds and invests are restricted to the activities of the City by the donors. However, the accumulation of restricted resources and the support given during the current year are not significant to the City.

#### **B.** Government-Wide and Fund Financial Accounting

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. The effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

#### Notes to the Basic Financial Statements September 30, 2020

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and the fiduciary funds financial statements. Agency funds adhere to the accrual basis of accounting and do not have a measurement focus. Revenues, including charges for services, are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The financial statements for the pension and other post employment benefits trust funds are prepared using economic resources measurement focus and the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due, as the City has a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is due and payable. Interest and principal on general long-term debt is recognized when due, or when payments are due early in the next fiscal year, and the advance of resources to the debt service fund is mandatory, and debt service expenditures are recognized before year-end to match the resources provided for these payments.

Sales tax, gasoline tax, motor vehicle tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so they have been recognized as revenues of the current fiscal period, when available. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital projects fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

#### Notes to the Basic Financial Statements September 30, 2020

The City reports the following major proprietary funds:

The *water and electric utility fund* accounts for the billing and collection of charges for water and electric service for most city residents. Revenues are used to pay for both operating expenses and capital expenditures to maintain these services.

The *sanitary sewer utility fund* is used to account for the provision of sanitary sewer services to the residents of the city and a limited number of customers outside the city limits. All activities necessary to provide such services are accounted for in this fund.

The *solid waste utility fund* accounts for the provision of solid waste collection and operation of the landfill and Material Recovery Facility.

Additionally, the City reports the following fund types:

*Special revenue funds* are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

*Debt service funds* are used to account for the accumulation of resources and payment of general and special obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

The *Permanent fund* is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs.

*Internal service funds* account for custodial and maintenance services, utility customer services, information technology, community relations, fleet operations, self-insurance reserves, and employee benefits for covered employees, provided to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

The *pension and other post employment benefits trust funds* are used to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel and to account for the accumulation of resources for post employment benefits to qualified plan participants.

Agency funds account for resources held by the City in a trustee capacity.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements except for interfund services provided and used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

#### Notes to the Basic Financial Statements September 30, 2020

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### 1. Pooled Cash and Marketable Securities

Cash resources of certain individual funds are combined to form a pool of cash and investments. All amounts of pooled cash and investments are reported as cash and cash equivalents in the financial statements because the City is able to withdraw cash at any time without prior notice or penalty. Interest income earned as a result of pooling is distributed to the appropriate funds based on the average monthly balance of cash and marketable securities of each fund.

When a fund overdraws its share of pooled cash, the overdraft is reported as an interfund payable in that fund, and an interfund receivable in the General Fund. At September 30, 2020, \$33,558 was reclassified due to fund overdrafts for the Mid Missouri Solid Waste Management District Fund; \$187,516 was reclassified due to fund overdrafts in the Community Development Funds; and \$76,267 was reclassified due to fund overdrafts for the Non Motorized Grant Special Revenue Fund.

All City investments are reported at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, except for money market investments which are reported at amortized cost.

Collateral is required for demand deposits and certificates of deposit. The fair value of the collateral must equal 100% of the value of the cash and investments in excess of deposit insurance. Obligations that may be pledged as collateral are of the same type as authorized for investment by the City. These legal requirements relating to deposits and investments were met during the year ended September 30, 2020.

Obligations pledged to secure deposits are delivered to the custodial bank. Written custodial agreements are required that provide that the collateral securities be held separate from the assets of the custodial bank.

Repurchase agreements are purchased from brokers and local banks. Securities underlying a repurchase agreement must have a fair value of at least 100% of the cost of the repurchase agreement. No substitution of securities is permitted. Securities underlying overnight repurchase agreements are held as collateral in the Federal Reserve Bank. For bank repurchase agreements, the securities are not held in the City's name but are pledged against the repurchase agreement pool held by the dealer bank. For broker repurchase agreements, the securities are held in the City's name.

#### 2. Unbilled Revenue

The City records as accounts receivable in the Enterprise Fund financial statements the amount of accrued, but unbilled revenue for the Water and Electric Utility, Sanitary Sewer Utility Fund and Solid Waste Fund and non major Enterprise Storm Water Utility Fund, determined by prorating actual subsequent billings.

#### 3. Tax Bills Receivable

Special assessment tax bills are sold at book value, without recourse, to the Designated Loan and Special Tax Bill Investment Fund (a non-major governmental fund) when the special assessment project is completed. These tax bills are reported as taxes receivable in the Designated Loan Fund.

#### Notes to the Basic Financial Statements September 30, 2020

#### 4. Inventories

Inventories are adjusted to annual and periodic physical counts and are valued at cost utilizing the following methods of valuation:

General Fund - first-in, first-out Enterprise Funds - weighted average and first-in, first-out Internal Service Funds - first-in, first-out

The cost of governmental fund-type inventories are recorded as expenditures when consumed.

#### 5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

As permitted by generally accepted accounting principles, general government infrastructure assets (streets, bridges, sidewalks) have been capitalized retroactively to 1980 at historical cost.

The costs of normal maintenance and repairs that do not enhance functionality or materially extend the life of an asset are not capitalized.

Capital assets, with one exception, are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Structures & Improvements	20-50 years
Air Easements	35 years
Mains & Sewers	99 years
Streets, Bridges, Sidewalks	50 years
Furniture and Other Equipment	10-20 years
Vehicles	2-10 years
Computer Equipment	5 years
Software	3 years

Landfill cells are depreciated using the units of consumption method.

Interest costs associated with constructed assets are expensed as incurred.

#### Notes to the Basic Financial Statements September 30, 2020

#### 6. Property Tax Revenue Recognition

Property tax revenue is recognized independent of receivable recognition in the fiscal year for which the taxes have been levied (budgeted). Delinquent taxes expected to be received later than 60 days after the close of the fiscal year are classified as a deferred inflow of resources within the governmental fund financial statements.

The City's property tax is levied each December 31 on the assessed valuation of property located within the City as of the preceding January 1, the lien date. Taxes are due in full on December 31, and become delinquent on January 1. The delinquent penalty beginning in January is 2% a month up through September for a maximum of 18%. There is also a 9% delinquent fee at the time of payment on delinquent tax accounts.

#### 7. Intragovernmental Revenue

Several funds remit to the General Fund a budgeted fixed amount for management and accounting services rendered by the General Fund.

#### 8. Compensated Absences

All vested or accumulated vacation and scheduled holiday leave is accrued when incurred in the government-wide and proprietary financial statements. Certain amounts have been recorded in the governmental fund financial statements as part of accrued payroll and payroll taxes, since such amounts came due (matured) during the fiscal year ended September 30, 2020.

#### 9. Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the City governmental funds which include the General Fund, the Capital Projects Fund and Non Major governmental funds (Special Revenue and Debt Service Funds, for example). Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution (which are equally binding) are classified as committed fund balances. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the City Council. Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. The City has not established a policy regarding the assignment of funds so assignments are made by City management based on Council direction. Non-spendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form (inventory and prepaid items) or (b) legally or contractually required to be maintained intact. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. The general fund will be the only fund that reports a positive unassigned fund balance amount. In the other governmental funds, if expenditures exceed the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred in governmental funds which may be paid using either restricted or unrestricted resources, the City's policy is to pay the expenditure from the restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

#### Notes to the Basic Financial Statements September 30, 2020

#### Below are the fund balance classifications for the governmental funds at September 30, 2020:

		General Fund	Capital Projects	Non Major Governmental	Total Governmental
Fund Balances	-			· ·	
Nonspendable:					
Prepaid items	\$	36,581 \$	- \$	- \$	36,581
Permanent fund principal		-	-	1,500,000	1,500,000
Inventory		414,984	-	-	414,984
		451,565		1,500,000	1,951,565
Restricted:					
Capital Projects		-	50,662,963	-	50,662,963
HUD Grant		-	-	7,286,478	7,286,478
Debt Service		-	-	162,137	162,137
Capital Improvement Sales Tax		-	-	2,094,479	2,094,479
Transportation		-	-	4,190,583	4,190,583
Convention & Tourism		-	-	4,688,634	4,688,634
Parks Sales Tax		-	-	2,100,190	2,100,190
Development Charge		-	-	1,205,471	1,205,471
Donations for Contribution Fund		-	-	554,060	554,060
		-	50,662,963	22,282,032	72,944,995
Committed:					
Policy Development and Administration		380,741	-	-	380,741
Personal Development		470	-	-	470
Debt Service		-	-	1,344,182	1,344,182
Permanent Fund		-	-	7,864,846	7,864,846
Capital Projects		-	1,184,214	-	1,184,214
Public Improvements			-	1,163,840	1,163,840
		381,211	1,184,214	10,372,868	11,938,293
Assigned

		2,292,043	-	227,229	2,519,272
Unassigned		35,643,039		(158,165)	35,484,874
Total Fund Balance	\$	38,767,858 \$	51,847,177 \$	34,223,964 \$	124,838,999

#### Notes to the Basic Financial Statements September 30, 2020

#### **10. Minimum Fund Balance Policy**

The City shall maintain a minimum unassigned fund balance equal to twenty percent (20%) of the General Fund budgeted expenditures for any given year. The reserves shall be used when approved by formal City Council action or under the following circumstances:

- 1. Large one-time cost but use of reserves would provide a long-term cost savings.
- 2. To mitigate service impacts during a significant economic downturn in the economy or a significant and unexpected loss of revenue.
- 3. Catastrophic event or natural disaster that threatens the safety of persons and property within the City.
- 4. City sustains unexpected liabilities created by Federal, State or other mandates out of its control.

If in any fiscal year the General Fund reserve balance is required to be used or is not achieved, the City Manager and Finance Director shall present to the City Council a strategy to meet the fund balance within two (2) fiscal years.

All other funds of the City shall maintain a minimum fund balance of ten percent (10%) of the fund's budgeted expenditures but shall work to achieve a twenty percent (20%) or greater fund balance reserve given the fund's specific operational needs.

#### 11. Net Position

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

*Net Investment in Capital Assets* – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Net investment in capital assets excludes unspent bond and loan proceeds. As of September 30, 2020, the City had unspent bond proceeds of \$28,583,987 in the Water and Electric Utility, \$10,226,456 in the Sanitary Sewer Utility, and \$114,448 in the Solid Waste Utility.

*Restricted* – This consists of amounts that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. Governmental activities Net Position Restricted for Statutory Restrictions is \$22,571,460 which are restricted for capital projects, convention and tourism, transportation and health and environment.

Unrestricted – This consists of amounts that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

The beginning net position of the business-type activities and the sewer major enterprise fund were restated for \$787,759 as a result of two capital assets (pump stations) that had been contributed to the City in 2012 and 2015 but not recorded in the prior years' financial statements.

#### Notes to the Basic Financial Statements September 30, 2020

#### 12. Unearned Revenue

Unearned revenue arises when resources are received by the City before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, revenue is recognized.

#### 13. Deferred Outflows/ Inflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

The City reports Deferred Outflows/Inflows of Resources as follows:

**Unavailable Revenues** - Unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the City's government-wide statement of net position, only the property tax revenue remains as a deferred inflow of resources and will become an inflow in the year for which they are levied.

**Gain/Loss on Refunding** - In the government-wide and proprietary fund financial statements, deferred outflows/inflows of resources on refunding represent the difference between the reacquisition price of a refunded bond and its net carrying amount, which is amortized and recognized as a component of interest expense over the remaining life of the old refunded bonds or the new refunding bonds, whichever is shorter.

**Pension Related Items -** The government-wide and proprietary fund statements of net position report pension related deferred outflows and deferred inflows of resources. The deferred outflows of resources represent pension contributions for LAGERS made after the measurement date, as well as the unamortized differences between projected and actual earnings on pension plan investments, differences in plan experience and changes in assumptions. The deferred inflows of resources represent the unamortized differences.

**OPEB Related Items** - The government-wide and proprietary fund statements of net position report OPEB related deferred outflows and deferred inflows of resources. The deferred outflows of resources represent the unamortized differences between projected and actual earnings on pension plan investments, differences in plan experience and changes in assumptions. The deferred inflows of resources represent the unamortized differences from changes in assumptions.

#### 14. Future Accounting Pronouncements

This report does not incorporate GASB Statement No. 84, *Fiduciary Activities*, GASB Statement No. 87, *Leases*, GASB Statement No. 90, *Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61*, GASB Statement No. 91, *Conduit Debt Obligations*, GASB Statement No. 92, *Omnibus 2020*, GASB Statement No. 93, *Replacement of Interbank Offered Rates*, GASB Statement No. 94, *Public-Private Partnerships and Availability Payment Arrangements*, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* and GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84,* 

#### Notes to the Basic Financial Statements September 30, 2020

and a supersession of GASB Statement No. 32. The City will adopt and implement these statements at the required time. The City's management has not yet determined the effect the statements will have on the City's financial statements.

#### 15. Bond Issuance Costs, Premiums/Discounts and Gain/Loss on Refunding

In the government-wide financial statements and the proprietary fund types in the fund financial statements, bond discounts and premiums are recorded as a reduction or addition to the debt obligation and bond issuance costs are expensed in the period in which they are incurred. Bond discounts and premiums are amortized using a method which approximates the effective interest method over the term of the related bonds. The gain or loss on refunding is amortized as a component of interest expense over the remaining life of the bonds using a method which approximates the effective interest method and gains and losses are reported as deferred inflows and outflows.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period in which the debt is issued. The face amount of debt issued and any related premiums or discounts are reported as other financing sources/uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures during the year they are incurred.

#### 16. Adoption of New Accounting Pronouncements

The City did not adopt any new accounting pronouncements in 2020 except for GASB 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which deferred the required implementation date of all other GASB Statements as a result of the COVID pandemic.

#### 17. Miscellaneous Revenue

Miscellaneous revenue includes sources such as auction revenue, photocopies, Housing Authority PILOT and other immaterial revenues.

#### **18. Municipal Court Traffic Violations Fines and Costs**

Missouri House Bill No. 103 amending RSMo Section 302.341.1 became effective on August 28, 2013. The amendments to the statute now require municipalities to report an accounting of the percent of "annual general operating revenue" from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county.

The State Auditor's office defines general operating revenue as: revenue that is not required by the enacting ordinance, law or Constitution to be used only for a designated purpose and can be used to pay any bill or obligation of a city, county, or other political subdivision. This includes, but is not limited to, general sales tax, general use tax, general property tax, and fees from certain licenses and permits, interest, fines and penalties. "General operating revenue" does not include, among other items, designated sales or use taxes, user fees, grant funds or other revenue designated by law, ordinance, or Constitution, for a specific purpose.

The City collected \$495,016 of fines and court costs for traffic violations which represents .72% of General Fund operating revenues of \$69,228,083 (does not include appropriation of prior year fund balance, user fees and service charges, operating transfers and grants) for the year ended September 30, 2020.

#### Notes to the Basic Financial Statements September 30, 2020

#### 19. Pension and OPEB

The net pension liability, net OPEB liability, deferred inflows and outflows of resources related to pensions and OPEB, pension expense, OPEB expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS), OPEB, and the Police and Fire retirement funds, and additions to/deductions from these fiduciary net positions has been determined on the same basis as they are reported by LAGERS, OPEB and Police and Fire retirement funds. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### 20. Statement of Cash Flows

The City defines cash and cash equivalents used in the statement of cash flows as cash deposits, amounts included in the City's cash and investment pool and highly liquid investments with an original maturity of three months or less (both restricted and unrestricted) at the date of purchase.

#### 21. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### 22. Tax Abatements

#### City of Columbia, Tax Increment Financing (TIF)

The City of Columbia has authorized Tax Increment Financing (TIF) districts under Sections 99.805 through 99.875 of the RSMo, as amended. The type of taxes being abated by this program are Property Taxes (PILOT) and Economic Activity Taxes (EATS). Tax increment financing (TIF) is a public financing method that is used as a subsidy for redevelopment, infrastructure, and other community-improvement projects. Per 99.810 RSMo, the criteria for recipients to be eligible for the program are as follows:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

#### Notes to the Basic Financial Statements September 30, 2020

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997. Assessed Valuation of "base year" is established and 100% of the taxes resulting from the incremental increase in assessed valuation are remitted to the Project Special Allocation Fund rather than disbursed to various taxing entities. For the EATs, the base amount is established and 50% of the incremental increase in EAT's is remitted to the Special Allocation fund. Cash in the Special Allocation fund is disbursed to the Trustee and then to the Developer through semiannual payments for the Notes issued. There is no provision for recapturing abated taxes or for adjusting the base assessed valuation or the base EATs. Taxes revert back to the taxing entities at the end of the abatement period or upon payoff of the Notes issued, whichever comes first. The four City of Columbia tax increment financing arrangements are disclosed in the table below.

#### City of Columbia lease with IBM

The City is authorized to enter into this lease under Article VI, Section 21 of the Missouri Constitution and City ordinance. The purpose of the tax abatement is to offer an incentive for IBM to locate its office and technical support facility within the City as well as hire 600 people. The type of taxes being abated are personal property and real estate. The amount of the abatement is determined by calculating the amount of real estate tax that would be due if owned by a private individual and then reduced by that amount of P.I.L.O.T. IBM pays additional rent totaling \$25,500 as PILOT; the property was transferred to the City which exempted it from real estate taxes and the City pays the county \$1,300 a year in P.I.L.O.T. for this purpose. The lease is included in the table below.

A summary of the taxes abated for the year ended September 30, 2020 is as follows:

Tax Abatement Program	Start Date of Abatement Period				 City Taxes Abated for FY20	City Taxes Recaptured for FY20
TIF - Tiger Hotel Redevelopment (EATS)	July 2009	July 2032	а	Sales Tax	7,408	-
TIF - Tiger Hotel Redevelopment (PILOT)	July 2009	July 2032	а	Property Tax	4,256	-
TIF - Regency Hotel Redevelopment (EATS)	February 2011	February 2034	а	Sales Tax	14,580	-
TIF - Regency Hotel Redevelopment (PILOT)	February 2011	February 2034	а	Property Tax	9,804	-
IBM Lease	May 2010	May 2020		Real Estate Tax	3,281	2,591
		Totals for the C	ity f	or 2020	\$ 39,329	2,591

a: Abatement period may end earlier upon payoff of Notes issued for redevelopment costs.

#### Notes to the Basic Financial Statements September 30, 2020

## II. EQUITY IN POOLED CASH AND INVESTMENTS, CASH, AND OBLIGATIONS UNDER REVERSE REPURCHASE AGREEMENTS

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of the pool is displayed on the governmental funds' balance sheet and proprietary funds' statement of net position as "Cash and Cash Equivalents" and displayed in total on the government-wide statement of net position as "Cash and Investments." The investments of the pension and other post-employment benefit trust funds, certain debt service reserve accounts and cash with fiscal agents in the enterprise funds are held separately from those of other City funds.

#### A. Deposits

At year-end, the bank balances of the City's deposits were either covered by FDIC or by Letters of Credit issued by the FHLB of Cincinnati and held by the City's agent in the City's name. At September 30, 2020, the bank balances in the City's checking accounts were \$10,034,223.

#### **B.** Investments

State statutes, the City Charter, Policy Resolutions, and legal opinions authorize the City to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; states, agencies and political subdivisions thereof; mutual funds containing authorized securities; certificates of deposit of banks and savings and loans in Missouri; and repurchase agreements. U.S. government agency securities consist of investments in FNMA, FHLMC, FFCB, FHLB and Government National Mortgage Association mortgage-backed securities. Mortgage-backed securities do not have a contractual maturity date and the City is subject to the risk of prepayment on these securities when changes in market interest rates occur. The City is also authorized to enter into reverse repurchase agreements.

The assets of the City and trust funds may be invested, reinvested and managed by an investment fiduciary who shall "act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims." Authorized investment securities include those listed above as well as common stock, preferred stock, real estate mortgages, corporate debt securities including bonds and prime commercial paper, prime banker's acceptances and taxable municipal debt instruments.

Money market mutual funds held by fiscal agents are classified as cash and cash equivalents on the balance sheet but as investments for custodial risk disclosure.

#### **Fair Value of Investments**

The City and trust funds measures and records its investments, other than money market accounts, using fair value measurement guidelines established by generally accepted accounting principles. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: quoted prices (unadjusted) in active markets/exchanges for identical assets or liabilities;
- *Level 2:* quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are observable,
- *Level 3:* unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available.

#### Notes to the Basic Financial Statements September 30, 2020

The City and trust funds invest in fixed income investments seeking to achieve positive returns utilizing experienced portfolio managers. These investments are valued at least monthly with pricing available daily. Investments are available in 1-3 days.

For the City and trust funds, the following fair value techniques were utilized in measuring the fair value of its investments:

**U.S. Treasury securities, corporate equities, and mutual funds:** These investments are reported at fair value based on quoted market prices obtained from exchanges and market maker trade pricing.

**Corporate obligations, fixed income securities and other fixed income:** These investments are reported at fair value based on evaluation using market sources and integrating relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

**U.S. Government securities:** U.S. Government securities are reported at fair value based on bullet (non-call) spread scale for each issuer for maturities going out to forty years. These spreads represent credit risk and are obtained from the new issue market, secondary trading, and dealer quotes.

**Mortgage-backed securities:** Mortgage-backed securities are reported at fair value via models using various inputs such as but not limited to daily cash flow, snapshots of the TBA market and the U.S. Treasury market.

**Municipal bonds:** Municipal bonds are reported at fair value based on trades, bid price or spread, two-sided markets, quotes, benchmark curves including but not limited to treasury benchmarks and LIBOR and swap curves, market data feeds such as MSRB, financial statements, discount rate, capital rates, and trustee reports.

**Corporate bonds:** Most corporate bond evaluations found on customer statements are obtained by UBS, the City's investment manager, from Interactive Data Pricing and Reference Data. Interactive Data's evaluators gather information from several market sources and integrate relative credit information, observed market movements, and sector news into the evaluated pricing applications and models.

**Exchange traded funds:** ETFs are exchange traded funds, quoted on the ASX. The units of an ETF trade like listed shares.

#### Notes to the Basic Financial Statements September 30, 2020

At September 30, 2020, the City had the following recurring fair value measurements:

		Fair Value Measurement Using								
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs						
Investments Measured at	Totals									
Fair Value:	as of 9/30/20	Level One	Level Two	Level Three						
Guaranteed U.S. Agencies	\$ 19,118,933	\$ - \$	19,118,933	\$ -						
U.S. Treasuries	11,425,877	11,425,877	-	-						
U.S. Agencies	118,666,159	-	118,666,159	-						
Corporate Bonds Inv Grade	13,085,639	-	13,085,639	-						
Corporate Bonds High Yield	4,727,403	-	4,727,403	-						
International Bonds	71,710	-	71,710	-						
Municipal Bonds	2,082,942	-	2,082,942	-						
Mutual Funds	25,192,009	25,192,009	-	-						
Common Stock	79,858,559	79,858,559	-	-						
Guar. Invest. Contracts	89,648	89,648	-							
	274,318,879	116,566,093	157,752,786							

Investments measured at amortized cost:

Money Market Accounts	_	261,980,001
	\$	536,298,880

#### **Interest Rate Risk**

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The City does not have a formal interest rate risk policy.

#### Notes to the Basic Financial Statements September 30, 2020

As of September 30, 2020, the City had the following investments and maturities:

			Ι	nvestment Matur	ities (in years)	
Investment Type	_	Fair Value	Less Than 1	1-5	6-10	More Than 10
Guaranteed U.S. Agencies	\$	19,118,933 \$	1,141 \$	11,216,994 \$	366,179 \$	7,534,619
U.S. Treasuries		11,425,877	1,568,454	5,071,631	2,174,076	2,611,716
U.S. Agencies		118,666,159	2,319,285	39,113,433	29,485,240	47,748,201
Corporate Bonds		17,813,042	1,044,481	10,357,872	3,424,964	2,985,725
International Bonds		71,710	-	71,710	-	-
Municipal Bonds	_	2,082,942		2,047,569	35,373	-
Total	\$	169,178,663 \$	4,933,361 \$	67,879,209 \$	35,485,832 \$	60,880,261

#### Credit Risk & Concentration of Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer.

The City does not have a specific credit risk policy and there is no limit on the amount that may be invested in one issuer. The City's investments are to be purchased using the "Prudent Person" standard. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Of the City's total investments, 9.05% are issues of the Federal Home Loan Mortgage Corporation (FreddieMac), 11.24% are issues of the Federal National Mortgage Association (FannieMae) and 3.56% are issues of the Government National Mortgage Association (Ginnie Mae).

#### **Custodial Credit Risk**

In the event of a failure of a financial institution or counterparty, custodial credit risk is the risk that the City would not be able to recover its deposits, investments or collateral securities in the possession of an outside party. The City's investment policy requires assets held by a custodian as determined by the board of trustees be held in the name of the City of Columbia. In addition, the City addresses custodial credit risk by diversifying its investment portfolio and requiring all assets to be invested with the care, skill and diligence that a prudent person familiar with such matters acting in a like capacity would use in a similar enterprise.

#### Notes to the Basic Financial Statements September 30, 2020

The following table lists the credit ratings per Fitch, Moody's and/or Standard and Poor's of the investments as of September 30, 2020:

				Quality Ratings	. <u> </u>
Investment Type	_	Fair Value	AAA+ to A3	BBB+ to Baa1	Not Rated/ Not Applicable
Guaranteed U.S. Agencies*	\$	19,118,933	-	-	19,118,933
U.S Treasuries*		11,425,877	10,756,916	-	668,961
U.S. Agencies		118,666,159	6,934,320	898,311	110,833,528
Corporate Bonds		17,813,042	6,694,316	11,044,048	74,678
International Bonds		71,710	-	71,710	-
Municipal Bonds	_	2,082,942	2,082,942		
	\$	169,178,663	26,468,494	12,014,069	130,696,100

\* U.S. Treasury securities and certain U.S. Agency securities are explicitly guaranteed by the U.S. government and therefore, are not subject to credit risk disclosures.

Notes to the Basic Financial Statements September 30, 2020

A reconciliation of cash and cash equivalents as shown on the government-wide statement of net position is as follows:

	Balance September 30, 2020
Investments	\$ 534,899,748
Investments with fiscal agents	1,399,132
Cash with fiscal agents	12,828,323
Cash on hand	37,582
Imprest accounts	10,077,783
Total	\$ 559,242,568

	Government- Wide Statement of Net Position	Fiduciary Funds Statement of Net Position	Total
Cash and investments	\$ 314,666,354	\$ 648,184	\$ 315,314,538
Investments		154,517,885	154,517,885
Closure and postclosure reserve	5,368,159	—	5,368,159
Customer security and escrow deposits Restricted assets:	7,828,443	—	7,828,443
Cash and investments	4,935,459		4,935,459
Bond covenant account cash, investments, and unspent bond proceeds Total	\$ 71,278,084 404,076,499	\$ 155,166,069	\$ 71,278,084 559,242,568

The City generally intends to buy and hold the securities in its portfolio until maturity, and to sell when there is substantial economic gain available. The City maintains a minimum of 5% of the pooled investment portfolio in cash and cash equivalents to reduce the likelihood of selling a security to meet cash requirements. During the next fiscal year, the City does not intend to sell any securities at a loss in order to meet cash requirements.

The City's investment policies require that securities underlying repurchase agreements must have a fair value of at least 100% of the cost of the repurchase agreement.

#### C. Reverse Repurchase Agreements

The City is permitted to enter into reverse repurchase agreements; that is, a sale of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contracted rate of interest. The fair value of the securities underlying reverse repurchase agreements normally exceeds the cash received, providing the dealers a margin against a decline in fair value of the securities. If the dealers default on their obligations to resell these securities to the City or provide securities or cash of equal value, the City would suffer an economic loss equal to the difference between the fair value plus accrued interest of the underlying securities and the agreement obligation, including accrued interest. There were no defaults during the year, and there were no reverse repurchase agreements outstanding at year-end.

#### Notes to the Basic Financial Statements September 30, 2020

#### **III. RECEIVABLES AND PAYABLES**

#### Balances at September 30, 2020 were as follows:

#### V. COMMITMENTS

#### A. Construction Commitments

At September 30, 2020, construction contract commitments of the City were:

	Amounts
Major Governmental Fund:	
Capital Projects Fund	\$11,087,446
Enterprise Funds:	
Major Funds:	
Water and Electricity Utility	4,768,752
Sanitary Sewer Utility	2,424,118
Nonmajor Funds	2,890,020
Total Enterprise Funds	10,082,890
Total	\$ 21,170,336

Construction contract commitments of the City will be paid from capital improvement sales tax, parks sales tax, federal and state grant revenues, county road tax, development fees, bond proceeds, enterprise revenues, and general revenues of the City.

#### **B.** Obligations to Purchase Electric Power

The Water and Electric Utility has an agreement with the Board of Municipal Utilities, Sikeston, Missouri, to purchase electric power effective through May 31, 2021. The City agreed to purchase 55 Megawatts at 110% of its proportionate share of monthly power costs (including debt service costs related to the revenue bond issue) as defined in the agreement. The City also contracted to purchase an additional 11 Megawatts from Sikeston commencing on June 1, 1992. The 11 Megawatts was purchased at \$4.50 per kilowatt per month until May 31, 2002. On June 1, 2002, the capacity charge for the 11 Megawatts changed to 100% of the fixed costs and the energy charge changed to 110% of the energy costs.

#### Notes to the Basic Financial Statements September 30, 2020

The City has a wind generation purchase and transmission service agreement with Associated Electric Coop., Inc. effective through June 2027. The City has been allocated 11.1% of the net energy and green tags produced by the Bluegrass Ridge Wind Farm. The City pays an energy charge of \$55 per MWH during the term of this agreement, and receives transmission service from Associated Electric. The current transmission charge is \$10,844.06 per month.

The City has an agreement with Ameresco Jefferson City LLC to purchase power from a 3.17 megawatt generator from a landfill gas plant located in Jefferson City, Missouri. The City has agreed to purchase the electric output of the plant over a twenty year period starting in March 2009 at a fixed cost of \$52.50 per megawatt hour.

The City has agreed to purchase solar power from Free Power Company, Inc. Free Power has provided solar equipment which is installed at sites owned by the City. Power production started in December 2011. In 2013, the City paid \$54.95 per MWH with the price per MWH increasing by 1.75% in January 2014 and every year thereafter.

The City of Columbia is a member of the Missouri Joint Municipal Electric Utility Commission (MJMEUC). MJMEUC is a state wide agency that is authorized by state law to operate as an electric utility for the benefit of its members. The City has two agreements with MJMEUC for the purchase of power, the Prairie State Energy Campus from Peabody Energy, and the Iatan 2 project from Kansas City Power & Light Company. The agreements establish advisory committees that consist of representatives of the participating unit power purchasers. All decisions of the MJMEUC Board of Directors regarding Prairie State, or Iatan 2 will give consideration to the recommendations of their respective member committee, but final decision on any matter effecting either agreement shall be made by the MJMEUC Board of Directors.

In June 2007, the MJMEUC Board of Directors gave final approval for the participation in the construction, operation, and financing of the Prairie State Energy Campus. MJMEUC's interests are approximately 195 MW, and the City expects to receive approximately 26%, or about 50 MW from the units. The City's agreement with MJMEUC does not create any ownership rights on the part of the City to the Prairie State units. MJMEUC has capitalized its total costs incurred in connection with the development and construction of the Prairie State units and intends recover those costs through monthly capacity charges. Unit one of Prairie State was placed in service in June 2012 and unit two was placed in service in November 2012. The City started paying capacity charges on unit one in February 2012. The City agreed to make payments to MJMEUC for costs associated with Prairie State that were not capitalized, or rolled into the financing of the project based on the City's purchase percentage.

In 2009, the MJMEUC board gave final approval for an agreement with Kansas City Power & Light Company for a unit power interest in Iatan 2; a coal fired generating station near Weston, Missouri. MJMEUC will receive 100MW from the new unit. Of MJMEUC's 100 MW ownership, Columbia has agreed to buy 20 MW. The City's agreement with MJMEUC does not create ownership rights on the part of the City to the Iatan 2 Unit. MJMEUC has capitalized its costs in connection with the development and construction of the Iatan 2 unit and intends to recover those costs through a monthly capacity charge now that the Iatan 2 unit has begun commercial operation. Iatan 2 started production in January 2011. The City agreed to make payments to MJMEUC for its purchase percentage of costs associated with Iatan 2 that could not be capitalized.

The City has an agreement with Crystal Lake Wind III, LLC to purchase 21 megawatts of wind energy from Iowa. This is a 20 year contract with energy cost starting at \$42.50 per megawatt hour in 2012, increasing to \$43.50 in 2013, and \$44.50 in 2014. In 2015 the price increases to \$45.00 per megawatt hour, and remains at that rate until the end of the contract term.

#### Notes to the Basic Financial Statements September 30, 2020

#### C. Pollution Remediation Obligations

The Missouri Department of Natural Resources issued the City a "Letter of Warning" on March 19, 2009. The letter notified the City that the Water Treatment Plant site was in non-compliance with Clean Water Laws and Operating Permit #MO-G640087 and "caused pollution of an unnamed tributary to Perche Creek, waters of the state or placed or caused or permitted to be placed water contaminants in a location where it is reasonably certain to cause pollution of waters of the state." The contaminant is lime softening sludge which was improperly disposed of by stockpiling it on-site.

Due to the non-compliance with this permit, the City was required to: prepare a site specific sludge management plan for the water treatment plant site; to install storm water Best Management Practices (BMP) to prevent a discharge of contaminated storm water from the site; and, apply for a site specific storm water discharge permit for this site.

The City applied for a beneficial use exemption for the stockpiled sludge at the water treatment plant to allow the stockpiled sludge to remain in place. The request has been approved by the Missouri Department of Natural Resources, with conditions. The City is required to prepare plans and install a clay cap to contain the stockpiled sludge.

It is estimated that the cost of the work will range from \$501,500 to \$936,000 with the primary variant being the availability of materials near the plant. The estimated cost to the City is \$783,925, calculated as follows:

65% probability that the actual costs will be \$936,000 (65% \* \$936,000) = \$608,40035% probability that the actual costs will be \$501,500 (35% \* \$501,500) = \$175,525Total estimated liability\$783,925

The City does not expect to recover the remediation outlays from insurance, or any other parties. The total estimated liability is recorded in the Water and Electric utility fund in Accounts Payable.

The City entered into an Administrative Compliance Order on Consent with the US EPA related to National Pollutant Discharge Elimination System (NPDES) permit violation at the Landfill and Compost Facility. The penalty was \$54,396. This was paid from the Solid Waste FY16 operating budget. In addition the agreement required a supplemental environmental project to be completed within three years. The project was to construct wetlands at the landfill. The bid cost of the project was \$515,000. The project was completed July 2019.

#### **D.** Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Outstanding encumbrances as of September 30, 2020 are as follows:

Major Funds:

General Fund	\$ 2,338,139
Capital Projects Fund	11,399,222
Total Major Funds	13,737,361
Total Nonmajor Funds	176,095
Total encumbrances	\$ 13,913,456

#### Notes to the Basic Financial Statements September 30, 2020

#### VI. INTERFUND ACTIVITY

Interfund receivable and payable balances and advances at September 30, 2020 are as follows:

	Interfund receivables and advances	Interfund payables and advances
Major Governmental Funds:		
General Fund	\$ 1,993,266	\$ 10,818
Nonmajor governmental funds-Permanent Fund	2,634,106	
Nonmajor governmental funds-Special Revenue Funds	13,787	297,341
Enterprise Funds:		
Major Funds:		
Water and Electric Utility	189,234	1,695,925
Solid Waste Fund		1,214,888
Nonmajor enterprise		1,611,421
Total	\$ 4,830,393	\$ 4,830,393

Advances at September 30, 2020 include \$1,424,065 in the Non-Major Enterprise Recreation Services Fund, and \$1,211,918 in the Major Enterprise Solid Waste Fund that are classified as Noncurrent Liabilities because the funds advanced from the Permanent Fund-Designated Loan Fund were restricted for use on capital projects. The \$1,211,918 advance to the Solid Waste Fund was for land purchased on Route B and an advance for the construction of a Solid Waste Facility. The \$1,424,065 advance to Recreation Services was for the Clary-Shy Community Park improvement project and Phase I of the Sports Fieldhouse project located in A. Perry Phillips Park. These advances generally are not scheduled to be repaid in the next fiscal year. Management considers these collectible.

Payment in lieu of taxes of \$1,695,925 is reported as a receivable in the General Fund and a payable in the Water and Electric Utility Fund.

Payables from the Non-Major Special Revenue consisting of: Non-Motorized Grant Fund, \$76,267; Mid Missouri Solid Waste Management District Fund, \$33,557; and Community Development Grant Fund, \$187,516 are due to the General Fund for fund overdrafts of cash and cash equivalents on September 30, 2020.

Loans with a balance of \$189,234 from the Water and Electric Utility to the Railroad Fund relate to construction work and the purchase of a locomotive. The current portion of this loan is \$85,511, payable within the next fiscal year.

Interfund transfers consisted of the following amounts:

	Transfer From

#### Notes to the Basic Financial Statements September 30, 2020

Transfers are used to (1) move revenues from the fund that budgets or ordinance requires to collect them to the fund that budgets or ordinance requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Included in the transfers schedule is a transfer from the Water and Electric Utilities Fund to the General Fund of \$16,970,450. The transfer represents PILOT payments.

#### VII. LONG-TERM LIABILITIES

#### A. Changes in Long-term Liabilities

Changes in long-term liabilities during the year ended September 30, 2020 were as follows:

#### C. Special Obligation Refunding and Capital Improvement Bonds – Series 2020, 2016, Series 2012 B, C, D, E

In September of 2020, the City issued \$41,105,000 of Special Obligation Electric Utility Bonds. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds were issued for the refunding of the 2012D and the 2012E Electric special obligation bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2033. At the option of the City bonds maturing on and after October 1, 2029, may be subject to redemption and payment prior to maturity on or after October 1, 2028 at the redemption price of 100% of the principal amount redeemed plus accrued interest to the redemption date. The interest rates on this issue range from 2.00% to 5.00%.

In July 2016 the City issued \$17,580,000 of Special Obligation Refunding Bonds for the purpose of advance refunding the 2008B Special Obligation Improvement Bonds, outstanding in the principal amount of \$19,785,000. Interest is paid semiannually on March 1 and September 1 with final payment due on March 1, 2028. The interest rates on this issue range from 2% to 5%.

In May of 2012, the City issued \$1,465,000 of Special Obligation Refunding Bonds, Series B. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds are to be treated as revenue bonds of the Sanitary Sewer Utility and are secured by a first lien on the revenues of the system. The bonds were issued to currently refund the 2001A Special Obligation Capital Improvement Bonds. Principal is due annually on October 1 through October 1, 2020 and interest is payable on April 1 and October 1. At the option of the City, bonds maturing on and after October 1, 2019, are redeemable on October 1, 2018 and thereafter at par plus accrued interest. The interest rate on this issue is 2.0%. The bonds require \$131,000 in a debt service reserve account.

In May of 2012, the City issued \$2,650,000 of Special Obligation Refunding Bonds, Series C. The bonds are special obligations of the City payable solely from the annual appropriation of funds by the City for that purpose. The bonds were issued to currently refund the 2001B Special Obligation Capital Improvement Bonds. Principal is due annually on February 1 through February 1, 2021 and interest is payable on February 1 and August 1. At the option of the City, bonds maturing on and after February 1, 2019, are redeemable on February 1, 2018 and thereafter at par plus accrued interest. The interest rate on this issue is 2.0%.

#### Notes to the Basic Financial Statements September 30, 2020

# D. Special Obligation Improvement Bonds – Series 2020, Series 2017, Series 2012A-1, Series 2012 A-2, and Series 2009A

In May of 2020, the City issued \$14,120,000 of Special Obligation Improvement Bonds (Airport Terminal Project). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of paying the costs of building a new terminal at Columbia Regional Airport and paying costs incident to the issuance of the Bonds. Principal payments are due annually on October 1 through October 1, 2034 and interest payments are due on April 1 and October 1. At the option of the City the Series Bonds maturing on or after October 2, 2028, are redeemable on October 1, 2027 and thereafter at par plus accrued interest. The interest rate on this issue is 1.9%

In April of 2017, the City issued \$5,520,000 of Special Obligation Improvement Bonds (Solid Waste Systems Project). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of paying the costs of various improvements to the City's solid waste system, and paying costs incident to the issuance of the Bonds. Principal payments are due annually on February 1 through February 1, 2037 and interest payments are due on February 1 and August 1. At the option of the City the Series Bonds maturing on or after February 1, 2027, are redeemable on February 1, 2026 and thereafter at par plus accrued interest. The interest rates on this issue range from 3.0-3.375%.

In March of 2012, the City issued \$8,925,000 of Taxable and Tax-Exempt Special Obligation Improvement Bonds, Series A-1 and A-2, \$1,665,000 and \$7,260,000 respectively. The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of financing the cost of certain capital improvements, making a deposit to the reserve account and paying costs incident to the issuance of the Bonds. Principal payments are due annually on March 1 through March 1, 2031 and interest payments are due on March 1 and September 1. The A-1 Series Bonds are not subject to optional redemption. The A-2 Series Bonds maturing on or after March 1, 2021, are redeemable on March 1, 2020 and thereafter at par plus accrued interest. The interest rates on this issue range from .55% to 4.0%. The bonds require \$621,278 in a debt service reserve account.

In September of 2009, the City issued \$13,030,000 of Taxable Special Obligation Improvement Bonds (Build America Bonds/Direct Subsidy). The bonds are special limited obligations of the City, payable solely from the annual appropriation of funds of the City for that purpose. The bonds were issued for the purpose of i) providing funds to acquire, construct and equip extensions, improvements, additions and enlargements of the City's Parking Utility; ii) making a deposit to the Debt Service Reserve Account; and iii) paying costs and expenses incident to the issuance of the Bonds. Interest is paid semiannually on March 1 and September 1. Principal maturities are to be paid March 1, 2017 and annually thereafter through March 1, 2034. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on March 1, 2019 and thereafter in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The interest rates on this issue range from 4.3% to 6.2%, prior to the interest subsidy as explained in the following paragraph. The bonds require \$1,071,317 in a debt service reserve account.

The City has made the irrevocable election to have Section 54AA of the Internal Revenue Code of 1986, as amended (the "Code") apply to the Bonds so the Bonds may qualify as "build America bonds" (the "BABs") under Code Section 54AA(d). The City has further made the irrevocable election to have Section 54AA(g) of the Code apply to the Bonds so the Bonds qualify as "qualified bonds" under Code Section 54AA(g) in order to receive the refundable credits allowed to issuers pursuant to Sections 54AA(g)(1) and 6431 of the Code with respect to "qualified bonds" (the "BABs Interest Subsidy Payments"). Under current law, the BABs Interest Subsidy Payments are to be paid by the United States directly to any issuer of bonds that qualify as BABs and as "qualified bonds" in an amount equal to 35% of the interest payable by such issuer on such bonds on each interest payment date, provided that certain requirements, as described in the Code and related IRS pronouncements, as to the uses and investment of the bond proceeds and other matters, are continuously satisfied by such issuer. The City has covenants to comply with the requirements of the Code necessary to maintain the qualification of the Bonds as BABs under Code Section 54AA(g). In 2014, the IRS Office

#### Notes to the Basic Financial Statements September 30, 2020

of Tax Exempt Bonds announced a sequester reduction percentage for payments to issuers of direct pay bonds and the 35% subsidy was reduced by 7.2%.

#### E. Special Obligation Notes - 2010

In December 2010 the City assumed a bank loan in the amount of \$2,550,000 taken by Columbia Area Jobs Foundation (CAJF) to pay Robert F LeMone Trust for the purchase of 2810 LeMone Industrial Boulevard (the IBM building). This loan has an interest rate of 5.25% and will be paid in monthly installments commencing February 1, 2011 and maturing December 31, 2020. Additionally, the city paid interest due from the initiation of the loan in May 2010 through December 2010. City funds are held in escrow at Boone County National Bank equal to the outstanding principal of the loan. Interest payments are subject to annual appropriation.

In December 2010 the City assumed a bank loan in the amount of \$9,229,723 taken by the Columbia Area Jobs Foundation (CAJF) to fund reconstruction of the building located at 2810 LeMone Industrial Boulevard (the IBM building). This loan has an interest rate of 6% and will be paid in monthly installments commencing February 1, 2011 and maturing October 1, 2020. The loan is not a general liability of the City except to the extent of fixed rental income from the lease of the property. The City assumed the ten year lease for the property between CAJF and IBM. The lender may not satisfy or seek a repayment of any sum due pursuant to the Loan from the City except by foreclosing on the items of collateral which secure the payment of the loan (the IBM building).

#### F. Direct Loan Agreement – Missouri Transportation Finance Corporation

In July 2008 the City was authorized to execute a direct loan agreement and promissory note with the Missouri Transportation Finance Corporation (MTFC) for transportation improvements to the Stadium Boulevard corridor from Broadway to I-70. The MTFC deposited the loan proceeds in three disbursements. The first disbursement of \$1.5 million was received by the City in March 2012. The second disbursement of \$1 million was deposited to the Missouri Transportation Commission's Local Fund on behalf of the City in March 2012. The third and final disbursement was made October 1, 2012 to the Local Fund in the amount of \$5.7 million for a total of \$8.2 million.

The loan has an interest rate of 3.92% and will be paid in semi-annual installments commencing September 1, 2012 and maturing March 1, 2022. The loan is to be repaid with revenues received from the Columbia Mall Transportation Development District, the Shoppes at Stadium Transportation Development District and the Stadium Corridor Transportation Development District. Should these revenues be insufficient to meet the debt service requirements the City is responsible for the balance, and is subject to an acceleration clause if the City defaults on the loan. The City of Columbia collected sufficient funds from the three transportation development districts to pay off the MTFC Loan early on September 1, 2020.

#### G. Special Obligation Refunding and Capital Improvement Bonds - Series 2019, Series 2015

On April 16, 2019 the City of Columbia issued \$10,400,000 in Special Obligation refunding bonds with an average interest rate ranging from 2.35%-5.0% to refund \$11,850,000 of outstanding 2009 Taxable Special Obligation Improvement Bonds (Build America Bonds/Direct Subsidy). Principal payments are made on March 1 of each year through March 1, 2034. Interest payments are made on March 1 and September 1 of each year through March 1, 2034. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of the funds by the City for that purpose. The net carrying amount of the old debt was greater than the reacquisition price of the new debt by \$2,238. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$2,145,351, which resulted in an economic gain of \$1,075,034.

On December 8, 2015 the City of Columbia issued \$7,080,000 in Special Obligation refunding bonds with an average interest rate of 3.069% to currently refund \$8,855,000 of outstanding 2006 Special Obligation bonds with an interest rate ranging from 4.00% to 5.00%. The interest in paid semiannually on February 1 and August 1. Principal payments are due on February 1. The final payment is due on August 1 2026. The Bonds are special limited obligations of the City, payable solely from the annual appropriation of the funds by the City for that purpose. The

#### Notes to the Basic Financial Statements September 30, 2020

reacquisition price was greater than the net carrying amount of the old debt by 1,030,713. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by 2,667,087, which resulted in an economic gain of 648,817.

#### H. Water and Electric Revenue Bonds – 2019 Series, 2015 Series, 2014 Series.

In October of 2019, the City issued \$70,445,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. The bonds were issued for the refunding of the 2009A Water and Electric System Revenue Bonds and the refunding of the 2011A Water and Electric System Refunding and improvement Revenue Bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2041. At the option of the City, the bonds or portions thereof maturing on October 1, 2028 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2027 and thereafter, in whole or in part at any time at the redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.00%. The bonds require \$5,403,872 in a debt service reserve account.

In May of 2019, the City issued \$15,150,000 of Water and Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Bond Ordinance to the extent pledged under the Bond Ordinance. The bonds were issued to provide funding for acquiring, constructing, extending and improvements the Water System. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2049. At the option of the City, the Bonds or portions thereof maturing on October 1, 2027 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2026, and thereafter in whole or in part at any time at the redemption price of 100% of the principal amount, plus accrued interest to the redemption date. The interest rates on this issue range from 3.00% to 5.00%.

In August of 2015, the City issued \$51,280,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. \$18,065,000 of the bonds was issued for the current refunding of the 2005A Water and Electric System Revenue Bonds and \$33,215,000 was issued to provide funding for improvements in the Electric Utility. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2045. At the option of the City, the Bonds or portions thereof maturing on October 1, 2024 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2023 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption. The interest rates on this issue range from 3.00% to 5.00%. The bonds require \$3,684,714 in a debt service reserve account.

In July of 2014, the City issued \$14,180,000 of Water and Electric System Revenue Refunding Bonds. The bonds are to be paid by the net revenues of the system and certain accounts under the Ordinance to the extent pledged under the Ordinance. The bonds were issued for the current refunding of the 2003A Water and Electric System Revenue Refunding Bonds and the advance refunding of the 2004A Water and Electric System Revenue Bonds. Interest is paid semiannually on April 1 and October 1. Principal is due each year on October 1, through October 1, 2028. At the option of the City, the bonds or portions thereof maturing on October 1, 2023 and thereafter may be called for redemption and payment prior to their stated maturity on October 1, 2022 and thereafter, in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price equal to the principal amount thereof, plus accrued interest thereon to the date of redemption. The interest rates on this issue range from 2.00% to 3.00%. The bonds require \$1,418,000 in a debt service reserve account.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. The Water and Electric Utility Fund is required to be accounted for in a separate enterprise fund under the bond ordinances. These ordinances also require that after sufficient current assets have been set aside to operate the fund, all remaining monies held by the fund be restricted in separate accounts in the following sequence:

#### Notes to the Basic Financial Statements September 30, 2020

Nature of accounts	Amount	Authorized expenditures
(a) Current bond maturities and interest	Monthly accumulations equal to semiannual debt service.	Paying current principal and interest on bonds.
(b) Revenue bond reserve	Amount equal to 1/60th of the debt service requirements until said account shall equal the debt reserve requirements in the amount of \$18,602,525.	Paying principal and interest in the event of a deficiency in the current bond maturities and interest account.
(c) Renewal and replacement account	Amount of \$25,000 per month. Such payments shall be continued until the amount deposited and held in said fund shall equal \$1,500,000.	Paying unforeseen contingencies and meeting emergencies arising in the operation of the system.
(d) Revenue bond construction	To account for revenue bond issue proceeds prior to their expenditure for construction of utility plant.	To provide funds to pay construction cost to the extent such monies are available.

# I. Sanitary Sewer Revenue Bonds – 2019 Series, 2017 Series, 2015 Series, 2013 Refunding Series, 2012 Series, 2010 Series A, 2009 Series, 2007 Series B, 2006 Series B, 2004 Series B, 2003 Series B, 2002 Series A, 2000 Series B, 1999 Series A, and 1999 Series B

In September of 2019, the City issued \$9,805,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues of the system. These bonds were issued to refund the 2009 Taxable Sewerage System Revenue Bonds (Build America Bonds/Direct Subsidy). Payments of principal are due on October 1 of each year, beginning on October 1, 2024 through October 1, 2034. Interest payments are due on April 1 and October 1 of each year through October 1, 2034. The interest rate on this issue is 2.490%. The net carrying amount of the old debt was greater than the reacquisition price of the new debt by \$12,591. This amount is being netted against the new debt and amortized over the remaining life of the current debt, which is the same as the life of the refunded debt. As a result of the current refunding the City reduced its total debt service requirements by \$4,231,660, which resulted in an economic gain of \$1,278,783.

In April of 2017, the City issued \$15,790,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system, fund a debt service reserve, and pay costs related to the issuance of the Bonds. Payments of principal are due on October 1 of each year through October 1, 2037, and interest payments are due on April 1 and October 1. The bonds maturing on and after October 1, 2026, are redeemable on October 1, 2025 and thereafter at par plus accrued interest. The interest rates range from 2.0% to 5.0% on this issue. The bonds require \$1,070,613 in a debt service reserve account.

In March of 2015, the City issued \$18,200,000 of Sewerage System Revenue Bonds. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on October 1 of each year through October 1, 2035, and interest payments are due on April 1 and October 1. The bonds maturing on and after October 1, 2024, are redeemable on October 1, 2023 and thereafter at par plus accrued interest. The interest rates range from 3.0% to 5.0% on this issue. The bonds require \$1,232,886 in a debt service reserve account.

In March of 2012, the City issued \$9,365,000 of Sewerage System Revenue Bonds, Series A. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on October 1 of each year through October 1, 2036, and interest payments are due on April 1 and October 1. The bonds maturing on and

#### Notes to the Basic Financial Statements September 30, 2020

after October 1, 2021, are redeemable on October 1, 2020 and thereafter at par plus accrued interest. The interest rates range from .35% to 3.75% on this issue. The bonds require \$550,070 in a debt service reserve account.

The City issued \$59,335,000 of Sewerage System Revenue Bonds, Series A in January of 2010. This issue had a not to exceed amount of \$59,335,000. The final drawdown has been made and the total was \$58,030,645. As of September 30, 2015, \$38,247,800 is outstanding and recorded as revenue bonds payable in the Sanitary Sewer Utility Fund. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on each January 1 and July 1 beginning July 1, 2013 through July 1, 2032. Interest payments are due on January 1 and July 1. The Bonds may be called for redemption and payment prior to stated maturity in whole or in part at any time, at the redemption price of 100% of the principal amount thereof plus accrued interest thereon to the date of redemption. The interest rate on this issue is 1.49%.

In September of 2009, the City issued \$10,405,000 of Taxable Sewerage System Revenue Bonds (Build America Bonds/Direct Subsidy). The bonds are special limited obligations of the City, payable solely from the net income and revenues derived by the City from the operation of its sewerage system, after payment of costs of operation and maintenance. The bonds were issued for the purpose of i) providing funds to acquire, construct and equip extensions, improvements, additions and enlargements of the City's Sewer System; ii) making a deposit to the Debt Service Reserve Account; and iii) paying costs and expenses incident to the issuance of the Bonds. Interest is paid semiannually on April 1 and October 1. Principal maturities are to be paid October 1, 2024 and annually thereafter through October 1, 2034. At the option of the City, the Bonds may be subject to redemption and payment prior to maturity, on October 1, 2019 and thereafter in whole or in part at any time in any order of maturity selected by the City and by lot in multiples of \$5,000 within a maturity, at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the redemption date. The City redeemed these bonds in full in October 2019.

The City issued \$1,800,000 of Sewerage System Bonds, Series B in November of 2007. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year, beginning in 2009, through January 1, 2028, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2018, are redeemable on each June 1 and December 1, commencing on December 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$915,000 of Sewerage System Bonds, Series B in November of 2006. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year, beginning in 2007, through July 1, 2026, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2017, are redeemable on each June 1 and December 1, commencing on June 1, 2016, at par plus accrued interest. The interest rates range from 4.00% to 5.00% on this issue.

The City issued \$650,000 of Sewerage System Bonds, Series B in May of 2004. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2025, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2015, are redeemable on each June 1 and December 1, commencing on June 1, 2014, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

The City issued \$3,620,000 of Sewerage System Revenue Bonds, Series B in May of 2003. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2024, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2014, are redeemable on each June 1 and December 1, commencing on December 1, 2012, at par plus accrued interest. The interest rates range from 2.00% to 5.25% on this issue.

#### Notes to the Basic Financial Statements September 30, 2020

The City issued \$2,230,000 of Sewerage System Revenue Bonds, Series A in May of 2002. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2023, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2013, are redeemable on each June 1 and December 1, commencing on June 1, 2012, at par plus accrued interest. The interest rates range from 3.0% to 5.375% on this issue.

The City issued \$2,445,000 of Sewerage System Revenue Bonds, Series B in November of 2000. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2021, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2013, are redeemable on each June 1 and December 1, commencing on December 1, 2010, at par plus accrued interest. The interest rates range from 4.350% to 5.625% on this issue.

The City issued \$1,420,000 of Sewerage System Revenue Bonds, Series B in December of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on July 1 of each year through July 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after July 1, 2011, are redeemable on each June 1 and December 1, commencing on June 1, 2010, at par plus accrued interest. The interest rates range from 4.125% to 6.000% on this issue. These bonds were paid off during fiscal year 2020

The City issued \$3,730,000 of Sewerage System Revenue Bonds, Series A in June of 1999. These bonds are to be paid by the net revenues of the system, and are secured by a first lien on the revenues of the system. These bonds were issued for extending and improving the sewerage system. Payments of principal are due on January 1 of each year through January 1, 2020, and interest payments are due on January 1 and July 1. The bonds maturing on and after January 1, 2010, are redeemable on each June 1, and December 1, commencing on June 1, 2009, at par plus a premium of 1% reduced by .5% each year thereafter to June 1, 2011. The interest rates range from 3.625% to 5.25% on this issue. These bonds were paid off during fiscal year 2020.

The bond ordinances require 110% coverage of the aggregate debt service for each fiscal year. In compliance with the bond ordinances, the Sanitary Sewer Utility Fund is accounted for in a separate enterprise fund. Additional bond ordinance requirements provide for the restricting of operating revenues after current operating expenses have been met. These restrictions occur in the following sequence:

Nature of accounts	Amount	Authorized expenditures
(a) Operation and mainte- nance	Equal to one month's operating expenses of the utility.	Operating expenses when non- restricted current assets are not available for payment.
(b) Sinking fund (cash with fiscal agent)	Current fiscal year bond maturity and interest accumulated monthly.	Payment of current principal and interest on bonds.
(c) Revenue bond reserve	Amount equal to \$937,989 for the 2009 Revenue Bonds, \$550,070 for the 2012 Revenue Bonds, \$131,000 for the 2012B Special Obligation Refunding Bonds, \$1,232,886 for the 2015 Revenue Bonds, and \$1,070,612 for the 2017 Revenue Bonds.	Payment of principal and interest due on bonds when other funds are unavailable.
(d) Contingency	Amount of \$2,000 per month. Such payments shall continue until the amount deposited and	Unforeseen contingencies; emer- gencies affecting operation and maintenance replacement for

#### Notes to the Basic Financial Statements September 30, 2020

	held in said fund shall equal \$200,000.	effective and efficient operation.
(e) Revenue bond construction	To account for revenue bond issue proceeds prior to expenditure for construction of utility plant addi- tions.	Cost of construction projects.

In November 2013, voters approved the issuance of \$32,340,000 of Sanitary Sewer Revenue bonds and as of September 30, 2020, there is \$7,075,355 remaining from this authorization that has not been issued.

In August 2018, voters approved the issuance of \$42,845,000 of Water and Electric Revenue bonds and as of September 30, 2020, there is \$27,695,000 remaining from this authorization that has not been issued.

#### J. Capital Lease Agreements

Business Type Activities:

On January 19, 2010, the City entered into an amendment to the ground lease agreement with Central Missouri Aviation, Inc. for future renovations and improvements to the fixed base operator hangar at Columbia Regional Airport, a nonmajor enterprise fund. All improvements are the property of the City and were completed in 2011. This agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments of \$252,816 with an interest rate of 3.5% beginning April 1, 2011 and a final maturity of March 1, 2021.

The following is a schedule of the present value of net minimum lease payments for this capital lease as of September 30, 2020:

	Debt Business-Type
	Activities
Year ending September 30:	
2021	15,000
Total minimum lease payments	15,000
Less interest amount	152
Present value of net minimum	
lease payments	\$14,848

The total improvements acquired through the agreement are \$415,306, including a private contribution of \$162,490, and have been added to the capital asset: Structures and Improvements.

In August 2020, the city and BYD mutually terminated the lease agreements for all leased buses previously reported as capital lease agreements. This mutual termination agreement released both parties from any obligations to the other as of the date of the termination.

#### Notes to the Basic Financial Statements September 30, 2020

#### K. Pledged Revenues

The City has pledged future sanitary sewer operating revenues, net of specified operating expenses, to repay \$96,481,800 in sanitary sewerage system revenue, revenue refunding and special obligation bonds. The bonds are payable solely from sanitary sewer net revenues and are payable through 2037. Annual principal and interest payments on the bonds have required on average 60 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$105,567,489. Principal and interest paid for the current year and total net sanitary sewer revenues for the current year were \$8,168,708 and \$15,137,706, respectively.

The City has pledged future water and electric operating revenues net of operating expenses to repay \$175,040,000 in water and electric system revenue and special obligation bonds. The bonds are to be paid solely from water and electric net revenues and are payable through 2050. Annual principal and interest payments on the bonds have required on average 39 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$236,542,199. Principal and interest paid for the current year and total net revenues were \$17,132,851 and \$43,827,919, respectively.

#### L. Legal Debt Margin

The City's assessed value supports a general obligation bond limit of \$443,719,638. The City did not have any general obligation bonds outstanding as of September 30, 2020.

#### VIII. RISK MANAGEMENT

#### A. Self-insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 1988, the City established a self insurance retention program for workers' compensation, liability, and property losses with two issues of special obligation bonds (repaid) to establish reserves for self-insurance. Excess coverage insurance policies cover individual claims in excess of \$500,000 for general liability, \$100,000 for property losses, and workers' compensation claims in excess of \$500,000 for most employee classifications and \$750,000 for Police, Fire and Electrical employees. The City carries insurance policies for airport and railroad liability and health clinic professional liability. Four claims have exceeded self-insurance or deductible levels during the past three years.

All operations of the City participate in the program and make payments to the Self-insurance Reserve Internal Service Fund's Liquidity Reserve based on an estimate of the amounts needed to pay claims. The claims liability of \$5,673,928 reported in the Self-insurance Reserve Fund at September 30, 2020 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. None of the claims liability have been discounted. The City has not purchased annuity contracts from commercial insurers to satisfy liabilities for any claim, therefore, no liability for claims has been removed from the balance sheet.

#### Notes to the Basic Financial Statements September 30, 2020

	_	Beginning of fiscal year liability	 Current year Claims and changes in estimates	 Claim payments	 Balance fiscal year-end
9/30/2019	\$	6,136,067	\$ 2,853,835	\$ (3,411,329)	\$ 5,578,573
9/30/2020	\$	5,578,573	\$ 4,068,649	\$ (3,973,294)	\$ 5,673,928

Changes in the claims liability amount in fiscal years 2019 and 2020 were:

#### B. Employees' Health Plan

The Employee Benefit Internal Service Fund accounts for the transactions and reserves associated with the City's medical, dental, prescription drug, life, and long-term disability programs for City employees. Coverage for health, dental, and prescription drug plans are self-insured. The City has a stop-loss attachment point of \$100,000 per person. Other coverages are with commercial insurance carriers.

Incurred but not reported claims of \$875,700 are reported in the Employee Benefit Fund as of September 30, 2020. These medical, prescription, and dental reserves are estimated based on submitted claim lag reports using a 15-month run-off, which are adjusted for inflation/utilization trends, plan design and population changes. Changes in the claims liability amount in fiscal years 2019 and 2020 were:

	Beginning of fiscal year liability	Current year Claims and changes in estimates	Claim payments	Balance fiscal year-end
9/30/2019	\$ 797,100	\$ 9,397,116	\$ (9,330,316)	\$ 863,900
9/30/2020	\$ 863,900	\$ 9,417,725	\$ (9,405,925)	\$ 875,700

#### IX. LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require that the City of Columbia place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. During fiscal year 1994, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. GASB No. 18 requires that, in addition to recognizing operating expenses related to current activities of the landfill, an expense provision and related liability be recognized for future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is accrued ratably over the useful life of the landfill based on the portion of the landfill used during the year and is being recorded in the Solid Waste Utility Enterprise Fund.

Landfill closure and postclosure expenses to date are \$8,779,269, which is based on 78.39% usage of the landfill. The recorded liability for unpaid costs, as of September 30, 2020 is \$7,018,104. The City will recognize the estimated remaining costs of closure and postclosure care of \$2,366,379 as the remaining capacity is filled. The estimated total current costs of the landfill closure and postclosure care (\$11,145,648) is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of September 30, 2020. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. The estimated remaining life of the landfill is approximately 8 years.

#### Notes to the Basic Financial Statements September 30, 2020

The City of Columbia has executed a contract of obligation with the Missouri Department of Natural Resources for landfill closure and postclosure care costs. This financial assurance instrument allows the Missouri Department of Natural Resources to collect the required amount from any state funds which could be dispersed to the City should the City fail to perform closure or postclosure care activities.

#### X. CONTINGENCIES

#### A. Grants

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the City at September 30, 2020.

#### **B.** Litigation

Various suits and claims against the City are presently pending involving claims for personal injury, tax appeals, and miscellaneous cases. In the opinion of management, both individually and in the aggregate, such suits or claims will not have a material effect on the financial position of the City.

#### XI. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

Except for Railroad employees, all full-time, regular employees of the City of Columbia participate in one of three retirement plans. The City administers two single-employer defined benefit pension plans, the Police Retirement Fund which covers full-time regular police officers, and the Firefighters' Retirement Fund which covers full-time regular firefighters. The Authority to provide pensions for Police and Firefighters is established in Revised Statutes of Missouri (RSMo) Section 86.583, and firefighters' retirement and relief systems for all municipalities in RSMo Section 87.005-87.105. Benefit provisions and contribution requirements are established by City ordinance, and may be amended by City ordinance. Management of the retirement plans is vested in the Police Retirement Board and the Firefighters' Retirement Board. Each board shall consist of five (5) members, two (2) of whom shall be members of each department, two (2) of whom shall be registered voters and residents of the city. The chief of each department shall be an ex officio, nonvoting member of the board.

The City also participates in the Missouri Local Government Employees Retirement System (LAGERS) which is a defined benefit pension plan that provides certain retirement, disability and death benefits to plan members and beneficiaries. This plan covers substantially all of the City's employees not covered by the Police or Firefighters Retirement Funds. LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

#### Notes to the Basic Financial Statements September 30, 2020

Below is a summary of amounts reported by the City:

		Lagers	Police	Fire	
	_	Pension	Pension	Pension	Total
Net Pension Liability	\$	9,942,472 \$	45,478,646 \$	69,018,622 \$	124,439,740
Deferred Outflows of Resources		18,611,801	756,800	367,780	19,736,381
Deferred Inflows of Resources		1,777,364	615,392	2,217,368	4,610,124
Pension Expense		3,991,928	4,656,464	6,812,965	15,461,357

#### A. Police and Fire Pension

#### 1. Plan Description

Participants in the Police and the Firefighters' Retirement plans become fully vested at the completion of their probationary period, which is generally one year after employment. Participants employed September 30, 2012 or earlier are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 20 years of credited service. Police participants employed October 1, 2012 or later are eligible for retirement benefits, payable monthly for life, upon reaching the age of 65, or 25 years of credited service. Firefighter participants employed October 1, 2012 or later are eligible for retirement benefits, payable monthly for life, upon having completed at least one year of active service and reaching the age of 55. The plans also provide early retirement, death, and disability benefits. Benefits and refunds of the Police and the Firefighters' Retirement pension plans are recognized and payable when due.

Participants in the Police Retirement plan employed September 30, 2012 or earlier receive a normal benefit equal to 3.0% of their highest average salary multiplied by the number of years of active service up to 20 years, plus 2% of the highest average salary for each year of service in excess of 20 years, but not to exceed 70% of the highest average salary. This benefit shall continue for life. Participants in the Police Retirement plan employed as of October 1, 1991 could elect a second option. Under this option employees retiring after January 4, 1993 receive a benefit increase of 2% each year from retirement to age 62. When a covered employee reaches age 62, the retirement benefit shall equal 2.2% of the highest average salary times the years of service to a maximum of 52.5% of the highest average salary with 25 years of continuous service. The benefit calculated at age 62 is then increased by 2% for each year from retirement to age 61. This benefit is then payable from age 62 and increased in each future year by 2% of the preceding year's benefit.

Participants in the Police Retirement plan employed October 1, 2012 or later receive a normal benefit equal to 2.0% of highest average salary per year of covered employment up to twenty-five years. For each year of service in covered employment over twenty-five, the retiree shall receive an additional 1.5% of highest average salary per year, up to a maximum of 57.5% for twenty-five years of service. In the first month of each plan year the retirement benefit shall be increased by 0.6%.

Participants in the Firefighters' Retirement plan employed September 30, 2012 or earlier with 20 or more years of service receive a normal benefit equal to 70% of the highest annual salary plus 2% per year for each year in excess of 20 years, up to a maximum of 80% of the highest annual salary. The normal benefit is increased annually by 2%. Participants in the Firefighters' Retirement plan employed October 1, 2012 or later receive a retirement benefit equal to 2.5% of the retiree's highest average salary multiplied by the number of years of active service. If a retiree is age 50 and not yet age 55 at the date of retirement, the retirement benefit payable will be reduced by 0.5% for each month that the retirement date precedes age 55.

#### Notes to the Basic Financial Statements September 30, 2020

Membership of each plan consisted of the following at the date of the latest actuarial valuation:

	Police	Fire
	Pension	Pension
Number of participants:		
Current membership (receiving benefits)*	179	165
Terminated entitled, not yet receiving benefits	33	4
Current active members*	149	132

\* Included in the total for current active and current membership (receiving benefits) Police and Fire members are 5 Fire DROP (Deferred Retirement Option Program) members and 11 Police DROP members.

Financial Statements for the Police and Firefighters' Retirement Funds are included in the Fiduciary funds financial statements as part of the pension and OPEB trust funds. There are no separately issued financial statements for the Police and Firefighters' Retirement Funds.

#### 2. Funding Policy and Assumptions

The City's Police and Fire pension contributions for the fiscal year ended September 30, 2020, were made in accordance with actuarially determined contribution requirements determined through actuarial valuation.

The roll-forward of total pension liability from September 30, 2019 to September 30, 2020 reflects expected service cost and interest reduced by actual benefit payments and administrative expenses. Actuarially determined contribution rates are calculated as of September 30 which is 1 year prior to the beginning of the fiscal year in which contributions are reported.

The City's annual pension cost for Police and Fire pensions and the related information for each plan is as follows:

	Police Plan	Fire Plan
Contribution rates:		
City	43.84%	65.31%
Plan members – contributory	8.35%	16.32%
Plan members – noncontributory	3.50%	_
Actuarial valuation date	9/30/2019	9/30/2019
Actuarial cost method	entry age normal	entry age normal
Actuarial assumptions:		
Investment rate of return	7.0%	7.0%
Projected salary increases *	0% - 11.75%	0% - 11.75%
* Includes inflation at	3.25%	3.25%
Benefit increases	2% annually until	2% annually
	attained age of 62; 1.5%	
	thereafter	

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

#### Notes to the Basic Financial Statements September 30, 2020

The actuarial assumptions used in the September 30, 2019 valuation were based on results of an actuarial experience study for the five year period October 1, 2010 through September 30, 2015. There were no benefit changes during the year. A 0.35% load was added to the normal cost for administrative expenses. This change was reflected as of September 30, 2015.

#### 3. Investments

Due to the compatible investment objectives of the funds, the City pools the Police and Firefighters' Retirement Funds portfolio. Investments shall be made by the director of finance or the director's designee under the direction and review of the investment committee. The investment committee shall establish a general policy for investments, and the fund shall be invested by the director of finance in accordance with that policy. The investment committee shall review the investments from time to time as it shall deem appropriate. The director of finance shall make a quarterly report of investments and disbursements.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. The fund's investment policy establishes the following target allocation across asset classes:

	Asset	Long-Term Expected
Asset Class	Allocation Target %	<b>Real Rate of Return</b>
Domestic Equity - Large Cap	24.74%	5.04%
Domestic Equity - Small Cap	24.74%	5.57%
International Equity	10.60%	5.93%
Emerging Markets	10.60%	8.86%
Domestic Corporate Fixed Income	11.82%	1.05%
Domestic Government Fixed Income	12.37%	0.07%
High Yield Bonds	5.11%	2.64%
	100.00%	
Total Real Rate of Return		4.46%

For the year ended September 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.96 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### 4. Changes in the Net Pension Liability of the Plans:

The net pension liability is to be measured as the total pension liability, less the amount of the pension plan's fiduciary net position. In actuarial terms, this will be the accrued liability less the market value of assets (not the smoothed actuarial value of assets that is often utilized in actuarial valuations performed to determine the employer's contribution requirement.)

An actuarial valuation to determine the total pension liability is required to be performed at least every two years. If the actuarial valuation is not calculated as of the plan's fiscal year end, the total pension liability is required to be rolled forward from the actuarial valuation date to the pension plan's fiscal year end.

The total pension liability shown in this report is based on an actuarial valuation performed as of September 30, 2019 and a measurement date of September 30, 2020. Standard update procedures were used to roll forward the total pension liability to September 30, 2020.

#### Notes to the Basic Financial Statements September 30, 2020

The components of the net pension liability at September 30, 2020 were as follows:

#### a: Fire division:

	Increase (Decrease)			
	Total Pension	Plan Fiduciary	Net Pension	
	Liability	Net Position	Liability	
	(a)	(b)	(a)-(b)	
Balances at 9/30/2019	\$155,456,976	\$ 86,967,494	\$ 68,489,482

#### 5. Single Discount Rate and Rate Sensitivity:

GASB Statement No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected

#### Notes to the Basic Financial Statements September 30, 2020

to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to sufficient to meet benefit payments, the use of a "risk-free" rate is required, as described in the following paragraph.

The single discount rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

A single discount rate of 7.0% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.0%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Regarding the sensitivity of the net position liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 7.00% as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage point higher:

# Sensitivity of Net Pension Liability to the Single Discount Rate Assumption

#### FIRE

	1% Decrease 6.00%	Current Single Discount Rate Assumption 7.00%	1% Increase 8.00%
Total Pension Liability (TPL)	\$182,600,026	\$161,563,079	\$144,078,190

#### Notes to the Basic Financial Statements September 30, 2020

#### 6. Pension Expense and Deferred Inflows and Outflows of Resources Related to Pension

For the year ended September 30, 2020, the City recognized pension expense of \$11,469,429 in the Police and Fire Funds. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	Fire Fund				
	Deferred			Deferred	
	C	Dutflows		Inflows	
	of	Resources	of	Resources	
Differences in experience	\$	153,312	\$	(2,217,368)	
Difference between projected and actual investment returns		214,468		-	
Total	\$	367,780	\$	(2,217,368)	
		Police	e Fund		
	Ι	Deferred		Deferred	
	C	Dutflows		Inflows	
	of	Resources	of	Resources	
Differences in experience	\$	623,764	\$	(615,392)	
Difference between projected and actual investment returns		133,036		-	
Total	\$	756,800	\$	(615,392)	

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Fire Fund	
Year ending	Pension
September 30	Expense
2021	\$(1,156,023)
2022	(669,919)
2023	1,920
2024	(25,566)
Total	\$ <u>(1,849,588)</u>
Police Fund	
Year ending	Pension
September 30	Expense
2021	\$(568,542)
2022	267,894
2023	368,348
2024	73,708
Total	<u>\$ 141,408</u>

Deferred outflows of resources and deferred inflows of resources related to differences in experience are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

#### Notes to the Basic Financial Statements September 30, 2020

The City's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Administration costs are financed by the revenues of the Police and Firefighters' Retirement Funds.

There were no long-term contracts for contributions outstanding on September 30, 2020. Although the assets of the plans are commingled for investment purposes, each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

# 7. Statements of Fiduciary Net Position for the Firefighters' and Police Retirement Funds as of September 30, 2020 are as follows:

		irefighters' rement Fund	Reti	Police irement Fund		Total

#### DROP

The Deferred Retirement Option Program (DROP), implemented on August 21, 2007, is a program that allows qualified employees to retire without terminating their employment for up to 5 years while their retirement benefits accumulate and earn interest compounded monthly at an effective annual rate of 4.0% for DROP members with an effective DROP date on or before September 1, 2012, and 2% for DROP members with an effective DROP date after September 1, 2012. This program is available to eligible active members of the Columbia Police Department or the Columbia Fire Department who are in the Police Retirement Fund or Firefighters' Retirement Fund, respectively. DROP participants are still eligible for COLA increases. Employer and member contributions continue to be made while the member participates in the DROP. Member contributions are not deposited to the member's DROP account.

Eligible members of the Police Retirement Fund or Firefighters' Retirement Fund may participate in DROP when vested and they have reached their normal retirement date. In most cases an employee's normal retirement date is when vested and upon reaching age 65, or when they have completed 20 years of service, regardless of their age.

DROP eligibility begins the first month an employee reaches their normal retirement date. DROP participants must have written authorization from their employer and approval by the Administrator. In no event may the DROP period exceed 60 months.

#### Notes to the Basic Financial Statements September 30, 2020

If the qualified employee fails to terminate employment at the end of the DROP period, both the retirement and DROP participation will be voided, and the employer must pay any additional contributions that may be required to establish service credit for the time the participant was in DROP.

Changes in the DROP balance in fiscal year 2020 were:

Year	Balance at				Balance at
Ended	Beginning				End of
September 30	of Year	Credits	Interest	Distributions	Year
2020	\$1,195,380	\$721,594	\$25,884	\$390,622	\$1,552,236

#### **B. LAGERS**

#### 1. General Information about the Pension Plan

#### Benefits Provided:

LAGERS provides retirement, death and disability benefits. Participants in the LAGERS plan become fully vested after five years of service. Participants are eligible for a monthly defined service retirement benefit with full benefits for general and utility employees at age sixty. Actuarially reduced benefits are available for general and utility employees at age fifty-five. An alternate unreduced retirement provision is available based on age and service totaling 80 years. LAGERS also provides disability and death benefits.

#### 2020 Valuation

Benefit Multiplier:	2.00%
Final Average Salary:	3 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

At June 30, 2020, the following employees were covered by the benefit terms:

	LAGERS
Number of participants:	
Inactive employees or beneficiaries currently receiving benefits	758
Inactive employees entitled to but not yet receiving benefits	344
Active members	984
	2.086

#### Notes to the Basic Financial Statements September 30, 2020

#### Contributions:

The LAGERS contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute.

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 13.6% General and 16.1% Utility.

#### *Net Pension Liability:*

The employer's net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2020. Standard update procedures were used to roll forward the total pension liability to June 30, 2020.

#### Actuarial Assumptions:

The total pension liability in the February 29, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation 3.25% Salary Increase 3.25% to 6.55% including inflation Investment rate of return: 7.25%

The healthy retiree mortality tables, for post-retirement mortality were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for postretirement mortality, were the RP-2014 employees mortality table for males and females. Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 29, 2020 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

#### Notes to the Basic Financial Statements September 30, 2020

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Alpha	15%	3.67%
Equity	35%	4.78%
Fixed Income	31%	1.41%
Real Assets	36%	3.29%
Strategic Assets	8%	5.25%
Cash/Leverage	-25%	-0.29%
	100%	

#### Discount rate:

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

#### 2. Changes in the Net Pension Liability (Asset)

#### a: General/Utility division:

	Increase (Decrease)		
	Total Pension	Plan Fiduciary	Net Pension
	Liability	Net Position	Liability (Asset)
	(a)	(b)	(a)-(b)
Balances at 9/30/2019	\$308,888,252	\$322,980,353	\$(14,092,101)
Changes for the year:

Net investment income	-	4,150,063	(4,150,063)
Benefit payments, including refunds	(15,293,050)	(15,293,050)	-
Administrative expense	-	(274,692)	274,692
Other changes		(1,582,619)	1,582,619
Net changes	18,626,729	(5,407,844)	24,034,573
Balances at 9/30/2020	\$ 327,514,981	\$317,572,509	\$ 9,942,472

Sensitivity of the net pension liability (asset) to changes in the discount rate:

The following presents the Net Pension Liability (Asset) of the employer, calculated using the discount rate of 7.25%, as well as what the employer's Net Pension Liability (Asset) would be using a discount rate that is 1 percentage point lower (6.25%) or one percentage point higher (8.25%) than the current rate.

#### Notes to the Basic Financial Statements September 30, 2020

	General/Utility Division Current Single Discount			
	1% Decrease 6.25%	Rate Assumption 7.25%	1% Increase 8.25%	
Total Pension Liability (TPL)	\$374,095,669	\$327,514,981	\$289,370,368	
Plan Fiduciary Net Position	317,572,509	317,572,509	317,572,509	
Net Pension Liability/(Asset)	\$56,523,160	\$9,942,472	(\$28,202,141)	

#### 3. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

For the year ended September 30, 2020, the City recognized pension expense of \$11,617,621. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	General/Utility Division			
		Deferred		Deferred
	Outflows of Resources			Inflows
			of Resources	
Differences in experience	\$	7,273,620	\$	(1,777,364)
Changes in assumption		995,622		-
Difference between projected and actual investment returns		8,294,684		-
Contributions subsequent to the measurement date*		2,047,875		-
Total	\$	18,611,801	\$	(1,777,364)

\*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending September 30, 2021.

Amounts reported as deferred outflows and inflows of resources related to pensions, other than contributions subsequent to the measurement date, will be recognized in pension expense as follows:

General/Utility Division	
Year ending	Pension
September 30	Expense
2021	\$ 727,948
2022	2,834,539
2023	6,035,036
2024	5,027,246
2025	<u>143,793</u>
Total	\$ <u>14,786,562</u>

Deferred inflows of resources and deferred outflows of resources related to differences in experience and changes in assumption are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period.

#### Notes to the Basic Financial Statements September 30, 2020

#### C. 401(a) Retirement Plan

The City sponsors and administers, through a contract with Central Bank of Boone County, a 401(a) plan which is a defined contribution plan established to provide benefits at retirement to permanent employees of the City. At September 30, 2020, there were 1,302 plan members. The City will contribute to the plan on behalf of each participant an amount equal to 2.0% of the participant's salary contingent upon the participant making a matching contribution to a Section 457 deferred compensation plan. Police and firefighter employees participating in the city's Police and Fire Pension plans are not eligible to participate in the 401(a) plan. For the year ended September 30, 2020, the City contributed \$783,513 to the plan. Plan provisions and contribution requirements are established and may be amended by the City Council.

#### **D.** Post Employment Health Plan (PEHP)

Beginning with the fiscal year ended September 30, 2010, the City no longer makes contributions towards the employee post employment health plan. However, employees who terminate employment after 10 or more years of service may be eligible to convert unused sick leave hours (at the rate of \$2.00 for every hour of final accumulated sick leave) for deposit into the employee's PEHP account. For the year ended September 30, 2020, \$72,652 was contributed to the plan.

#### E. Other Post Employment Benefits (OPEB)

#### Plan Description:

The City of Columbia post employment Health Plan is a single employer defined benefit plan that is self funded. The Plan provides medical, prescription drug benefits and dental benefits to eligible retirees and their dependents. The City has no OPEB board.

Eligible non-Medicare retirees receive health care coverage through a self-insured Point-of-Service plan offered through United Healthcare.

Eligible Medicare retirees receive health care coverage through a fully-insured Medicare Supplement Plan F and a Part D Rx plan offered through United American. The dental benefits provided are the same as those provided pre-Medicare. Eligibility is as follows:

Police and Fire:

20 or more years of continuous service and receipt of pension benefits from the City.

All others:

Age 60 with 5 years of continuous service, or Age plus years of continuous service greater than or equal to 80.

In addition, any employee receiving long term disability benefits is eligible for postemployment health benefits.

As of October 1, 2018, the date of the latest actuarial valuation, plan membership consisted of the following:

Retirees receiving benefits	45
Active members	1,350
Total plan members	1,395

Reserves:

The authority to establish reserves was granted by the City Council in Resolution 212-08 which authorized the City Manager to establish a Section 115 trust fund for the City's post-employment health insurance benefits and to execute related agreements and documents.

#### Notes to the Basic Financial Statements September 30, 2020

#### Contributions:

Retirees and spouses pay 100% of the premium equivalent rates shown below. As such, there is no Employer liability assumed for dental and Medicare eligible medical and pharmacy benefits.

2019-2020 Annual Premium Equivalent Rates:

	Pre-65 Coverage		Post-65 C	loverage
Plan	 Single	Double	Single	Double
\$750 PPO	\$ 10,122 \$	21,256 \$	5,229 \$	10,458
\$1,500 PPO	9,732	20,439	5,229	10,458
\$2,800 HDHP	9,543	20,039	5,229	10,458
Dental	391	781	391	781

#### Investments:

The investment policy of the City is determined based on the goals and objectives of the Plan and the risk tolerance of the City. As new information regarding the economic environment becomes available the investment policy may need to be revised. Asset allocations fluctuate due to market performance; however, the targeted OPEB asset allocation is as described below. The City's objective in selecting the Expected Long-Term rate of return on Assets is to estimate the single rate of return that reflects the historical returns, future expectations for each asset class, and the asset mix of the plan assets.

	<b>Target Allocation</b>	<b>Expected Return</b>	Arithmetic Mean
Asset Classes	(a)	(b)	(a) x (b)
Fixed Income	19%	2.5%	0.9%
Equity	69%	6.0%	5.8%
Cash	5%	-2.5%	0.0%
Other	7%	1.5%	0.3%
	100%		7.0%

#### Actuarial Methods and Assumptions:

The total OPEB liability of \$3,996,485 was determined using an actuarial valuation date of October 1, 2019 rolled forward to the plan's year end of September 30, 2020, the measurement date.

Discount rate	7%
Annual wage increases	3.25%
Price inflation	2.50%
Long-Term Expected Rate of Return	7%
Healthcare Cost Trend Rates	9.5% initially, decreasing .25% per year
	to an ultimate rate of 5.0%.

The discount rate is the single rate that reflects (1) the long-term expected rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits, to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and OPEB plan assets are expected to be invested using a strategy to achieve that return, and (2) a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another scale), to the extent that the conditions for use of the long-term expected rate of return are not met.

#### Notes to the Basic Financial Statements September 30, 2020

#### Changes in the Net OPEB Liability (Asset)

	Increase (Decrease)			
	Total OPEB	Net OPEB		
	Liability	Net Position	Asset	
	(a)	(b)	(a)-(b)

Balances at 9/30/2020	\$ 3,996,485	\$ 4,243,300	\$ (246,815)	

#### Sensitivity of the net OPEB liability (asset) to changes in the discount rate:

The following presents the net OPEB Liability (Asset) of the employer, calculated using the discount rate of 7.0%, as well as what the employer's net OPEB Liability (Asset) would be using a discount rate that is 1 percentage point lower (6.0 %) or one percentage point higher (8.0%) than the current rate.

		OPEB Current Single Discount	
	1% Decrease 6.00%	Rate Assumption 7.00%	1% Increase 8.00%
Net OPEB Liability/(Asset)	\$209,091	(\$246,815)	(\$643,622)

Net position as a percentage of the total OPEB liability.

The following presents the net OPEB Liability (Asset) of the employer, calculated using the healthcare cost trend rate of 9.5% decreasing to 5.0%, as well as what the employer's net OPEB Liability (Asset) would be using a healthcare cost trend rate that is 1 percentage point lower (8.5% decreasing to 4.0%) or one percentage point higher (10.5% decreasing to 6.0%) than the current rate.

106.18%

		OPEB	
		<b>Healthcare Cost</b>	
	1% Decrease	<b>Trend Rates</b>	1% Increase
	(8.5% decreasing	(9.5% decreasing	(10.5% decreasing
	to 4.0%)	to 5.0%)	to 6.0%)
Net OPEB Liability/(Asset)	(\$769,493)	(\$246,815)	\$378,093

OPEB plan assets (termed OPEB plan fiduciary net position) are measured at fair value, using the same valuation methods used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The money weighted rate of return (net of investment expense) is 7.32%.

#### Notes to the Basic Financial Statements September 30, 2020

#### **OPEB** Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2020, the City recognized OPEB expense of \$442,765. The employer reported deferred outflows of resources related to OPEB from the following sources:

	OPEB	OPEB
	Deferred	Deferred
	Outflows	Inflows
	of Resources	of Resources
Difference between projected and actual investment returns	\$ 103,310	-
Difference between expected and actual experience	53,471	-
Changes in assumptions	1,364,915	-
Changes in assumptions		(446,791)
Total	\$ 1,521,696	(446,791)

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending	OPEB
September 30	Expense
2021	\$ 192,474
2022	192,471
2023	184,094
2024	151,873
2025	154,398
2026+	<u>199,595</u>
Total	<u>\$ 1,074,905</u>

The deferred outflows of resources related to the difference between expected and actual investment earnings is being amortized over a closed five year period. The differences between expected and actual experience as well as the changes in assumptions are being amortized over a closed 8 year period.

Financial statements for the OPEB plan are included in the Fiduciary funds financial statements as a part of the pension and OPEB trust funds. There are no separately issued financial statements for the OPEB plan.

#### Notes to the Basic Financial Statements September 30, 2020

#### XIII. SUBSEQUENT EVENTS

In October 2020, the City issued \$6,830,000 of Sewerage System Revenue Refunding Bonds. The bonds were issued to currently refund the 2012 Sewerage System Revenue Bonds. The bonds have an interest rate ranging from 2.50% to 3.75% and a final maturity date of October 1, 2036.

In October 2020, the City issued \$5,120,000 of Parking Revenue Refunding Bonds. The bonds were issued to currently refund the 2012A-2 Tax-Exempt Special Obligation Improvement Bonds. The bonds have an interest rate ranging from 2.50% to 4.00% and a final maturity date of March 1, 2031.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have a significant impact on the economies and financial markets of many countries and all states of the Unites States of America.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be on the City. To date, the City is monitoring fiscal year 2021 revenue and expenditures very closely and reacting accordingly.

Required Supplementary Information Notes to the Budgetary Comparison Schedule For The Year Ended September 30, 2020

#### **Budgetary Information**

An annual budget prepared under the modified accrual basis of accounting is adopted in September prior to the beginning of each fiscal year for all revenues and expenditures of the General Fund of the City. Accordingly, the budget schedule presents actual expenditures in accordance with accounting principles generally accepted in the United States of America. The primary basis of budgetary control is at the department level. Departments may not legally exceed their total appropriation without City Council approval. A review of the current year's budget is made by the departments in September of each year and interdepartmental transfers are made with City Council approval. Any remaining unencumbered appropriations lapse at fiscal year end. Any increase in appropriations during the fiscal year must be approved by the City Council. During the current budget year, supplemental budget appropriations were necessary to approve funding for new grant programs, as well as other approved City programs. These appropriations increased the General Fund budget by \$4,358,271 and this increase is reflected in the final budgeted amounts in the accompanying required supplemental information.

Project budgets prepared under the modified accrual basis of accounting are adopted for the Capital Projects Fund. All projects remain appropriated until completed or until the City Council decides to eliminate the project. The Debt Service Funds are controlled by related bond ordinances and have legally adopted budgets. Special Revenue Funds with legally adopted annual budgets are: Convention and Tourism Fund, Public Improvement Fund, Capital Improvement Sales Tax Fund, Park Sales Tax Fund, Contributions Fund, Non-Motorized Grant Fund, Stadium TDD's, Mid Mo Solid Waste Mgt District Fund and the Transportation Sales Tax Fund.

Capital outlay and miscellaneous nonprogrammed activities, which are presented separately on the governmental funds statement of revenues, expenditures and changes in fund balance, have been reclassified to their appropriate functional classification in the budgetary comparison schedule.

2011	8,024,400	6,716,311	1,308,089	42,389,564	15.84%

#### Notes to Schedule of Contributions

Valuation Date:	February 29, 2020						
Notes:	The roll-forward of total pension liability from February 29, 2020 to June 30, 2020 reflects expected service cost and interest reduced by actual benefit payments.						
Methods and assumptions used to de	ermine contribution rates:						
Actuarial cost method	Entry-Age Normal and Modified Terminal Funding						
Amortization method	A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.						
Remaining amortization period	Multiple bases from 12 to 22 years						
Asset valuation method	5-year smoothed market; 20% corridor						
Inflation	3.25% wage inflation; 2.50% price inflation						
Salary increases	3.25% to 6.55% including wage inflation						
Investment rate of return	7.25%, net of investment expenses						
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.						
Mortality	The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.						
	Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.						
Other information	None

#### Notes to Schedule of Contributions

Methods and assumptions used to determine contribution rates:

Valuation date	September 30, 2018
Actuarial cost method	Entry-Age Normal
Amortization method	Level Percentage of Payroll, Closed
Remaining amortization period	28 years
Asset valuation method	4-year smoothed market; 25% corridor
Inflation	3.25% wage inflation; 2.50% price inflation
Salary increases	0% to 11.75% (including 3.25% wage inflation)
Investment rate of return	7.00%, net of administrative and investment expenses
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality	RP-2014 Healthy Annuitant and Employee generational mortality tables for males and females, adjusted for fully generational mortality improvements using Scale MP-2015.

# **SUPPLEMENTARY INFORMATION**

# COMBINING FUND FINANCIAL STATEMENTS AND SCHEDULE

# NON-MAJOR GOVERNMENTAL FUNDS

### **Special Revenue Funds**

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

**Non Motorized Grant Fund** - to account for federal grant monies reserved for non-motorized transportation projects.

**Mid MO Solid Waste Management District Fund** - to account for the operations of the MMSWMD funded by a state collected landfill fee. Operations are administered by the City per council approved agreement with the District.

**Convention and Tourism Fund** - to account for the four percent tax levied on the gross daily rental receipts due from or paid by transient guests at hotels or motels. The revenues are used by the City for the purpose of promoting convention and tourism in the City.

**Community Development Grant Fund** - to account for all federal monies received by the City and disbursed on Community Development Grant projects.

**Public Improvement Fund** - to account for and disburse monies the City receives from the City sales tax and voter-approved development fees. This fund receives a portion of the City sales tax which is allocated for a wide range of public improvements to the City including streets, sidewalks and parks. Development fees are used solely for construction of collector and arterial streets.

**Capital Improvement Sales Tax Fund** - to account for the 1/4 cent sales tax renewed by voters in August 2015, to be collected until December 31, 2025 for funding of capital improvement projects.

**Stadium TDD's Fund -** to account for receipts from the Stadium TDD's: Shoppes at Stadium, Columbia Mall and Stadium Corridor.

**Park Sales Tax Fund** - to account for the voter-approved, City-enacted 1/4 percent sales tax and expenditures for funding of local parks.

# NON-MAJOR GOVERNMENTAL FUNDS

# **Special Revenue Funds (continued)**

**Contributions Fund** - to account for all gifts, bequests, or other funds derived from property which may have been purchased or held in trust by or for the City of Columbia, Missouri.

**Transportation Sales Tax Fund** - to account for the voter approved, City-enacted sales tax and expenditures for transportation purposes which include financial support of the public mass transportation system, construction and maintenance of streets, roads, bridges, and airports to the extent of tax revenues.

# **Permanent Fund**

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

**Designated Loan & Special Tax Bill Investment Fund** - to account for the purchase of all special assessment tax bills. The fund also makes loans and advances to other funds.

# NON-MAJOR GOVERNMENTAL FUNDS

# **Debt Service Funds**

The Debt Service Funds are used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the payment.

**Lemone Trust Note** - to accumulate monies for payment of the loan for the purchase of 2810 Lemone Industrial Blvd. (the IBM building.) The City assumed the obligation to pay this loan on December 31, 2010.

**Missouri Transportation Finance Corporation Loan -** to accumulate monies for payment of the loan for transportation improvements to the Stadium Boulevard corridor from Broadway to I-70. Financing is to be provided by contributions from the Columbia Mall and Stadium Corridor TDD's.

**2016 Special Obligation Refunding Bonds -** to refund the City's Special Obligation Bonds, Series 2008B.

## CITY OF COLUMBIA, MISSOURI

## NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises-where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

**Parking Facilities Fund** - to account for revenues and expenses resulting from the operation and maintenance of City parking lots, municipal garages, and parking meters.

**Recreational Services Fund** - to account for revenues and expenses for various recreational services provided by the Parks and Recreation Department for which participants are charged fees.

**Storm Water Utility Fund** - to account for storm water funding, implementation of storm water management projects, and provide maintenance to existing drainage facilities.

**Regional Airport Fund** - to account for all the expenses incurred and revenues received by operations at the Columbia Regional Airport.

**Public Transportation Fund** - to account for all the expenses and revenues resulting from the provision of public transportation services by the Columbia Area Transportation System.

**Railroad Fund** - to account for revenues and expenses resulting from the operation of a railroad branch line which runs from a Norfolk and Southern main line in Centralia, Missouri to the City of Columbia.

**Transload Fund** - to account for revenues and expenses associated with the operation and maintenance of the Transload Facility.

### CITY OF COLUMBIA, MISSOURI

## **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

**Custodial and Maintenance Services Fund** - to account for the provision of custodial services and building maintenance for City departments.

**Utility Customer Services Fund** - to account for utility accounts billing and customer service provided by the Finance Department for the Water and Electric, Sanitary Sewer, Solid Waste and Storm Water utilities.

**Information Technology Fund** - to account for the provision of hardware infrastructure to support the computing requirements of the City, as well as developing or implementing software to improve the operating efficiencies of departments within the City.

**Community Relations Fund** - to account for the provision of printing, copying, interdepartmental mail, and postage services to City departments, as well as cable television operations.

**Fleet Operations Fund** - to account for operating an automotive and equipment maintenance facility, and for fuel used by City departments.

**Self Insurance Reserve Fund** - to account for the payment of property and casualty losses, and uninsured workers' compensation claims.

**Employee Benefit Fund** - to account for the City of Columbia's self-insurance program for health, disability and life insurance for covered employees. Other employee benefits accounted for in this fund include retirement sick leave, medical services, service awards, cafeteria plan and employee health/wellness.

## CITY OF COLUMBIA, MISSOURI

## **FIDUCIARY FUNDS**

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the City's own programs.

**Police and Firefighters' Retirement Funds** - to account for the accumulation of resources for pension benefit payments to qualified police and firefighter personnel.

**Other Post Employment Benefit Trust Fund -** to account for the accumulation of resources for post employment benefits to qualified plan participants.

**Agency Funds** - to report funds held for the Mo Foundation for Health, and the Tiger Hotel, Broadway Hotel and Regency Hotel TIF funds.

### CITY OF COLUMBIA, MISSOURI

# **STATISTICAL SECTION**

The Statistical Section "relates to the physical, economic, social and political characteristics of the City." Its design is to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess the City's economic condition.

**Financial Trends Information** - is intended to assist users in understanding and assessing how the City's financial position has changed over time.

**Revenue Capacity Information** - is intended to assist users in understanding and assessing the factors affecting the City's ability to generate its own-source revenues, sales tax and property tax.

**Debt Capacity Information** - is intended to assist users in understanding and assessing the City's debt burden and its ability to issue additional debt.

**Demographic and Economic Information** - is intended (1) to assist users in understanding the socioeconomic environment within which the City operates and (2) to provide information that facilitates comparisons of financial statement information over time.

**Operating Information** - is intended to provide contextual information about the City's operations and resources to assist readers in using financial statement information to understand and assess the City's economic condition.

**Sources:** Unless otherwise noted, the information provided in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Energy charge (All KWH)	¢ per KWH	n/a

\* Rate structure was changed as of October 1, 2014 and the FY2018-2019 column reflects the rates in effect as of October 1, 2018. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

\* The rates shown in this table are those in effect at October 1, 2018. The electric service rates for residential service, small general service, and the energy charge portion for large general service and industrial services are increased or decreased by a fuel adjustment allowance. The fuel adjustment allowance is computed annually based on the energy costs estimate (purchased power and fuel) per kilowatt hour.

#### SCHEDULE OF SANITARY SEWER SERVICE RATES LAST TEN FISCAL YEARS

The rates shown in this table are those in effect at October 1, 2018.

(a) Prior to 2012, the base charge was for residential and commercial users. In fiscal year 2012, the classifications and definitions of users for sanitary sewer charges was amended from residential and commercial to residential and non-residential.

\* In FY15, the meter capacity flow ratios were changed to incorporate the American Water Works Association maximum flow ratio standards and the base charge was adjusted accordingly.

#### DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT SEPTEMBER 30, 2020

Source: Assessed value data used to estimate applicable percentages provided by the Boone County Collectors Office. Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognized that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

0.00%

Section 95.120 of the 1978 Missouri Revised Statutes permits any county or city, by a vote of two-thirds of qualified electors voting thereon, to incur additional indebtedness for city purposes not to exceed 5 percent of the taxable tangible property therein, as shown by the last assessment.

Sections 95.125 and 95.130 of the 1978 Missouri Revised Statutes provide that any city may become indebted not exceeding in the aggregate an additional 10 percent for the purpose of acquiring right-of-ways, constructing, extending, and improving streets and avenues and/or sanitary or storm sewer system, and an additional 10 percent for purchasing or construction of waterworks, electric, or other light plants, provided the total general obligation indebtedness of the city does not exceed 20 percent of the assessed valuation.

(a) Revenue bonds and their related interest are payable solely from the revenues derived from the operation of the enterprise owned by the City. The taxing power of the City is not pledged to secure payment of the bonds and interest.

(b) Interest payments made in the fiscal year.

(c) This includes Special Obligation Bonds, Series 2012D and 2012E, which are to be treated as a water and electric utility revenue bond issue.

(d) Includes investment revenue, miscellaneous revenue and revenue from other governmental units .

(a) Revenue bonds and their related interest are payable solely from the revenues derived from the operation of the enterprise owned by the City. The taxing power of the City is not pledged to secure payment of the bonds and interest.

- (b) Interest payments made during the fiscal year.
- (c) Includes investment revenue and miscellaneous revenue.
- (d) This includes Special Obligation Bonds Series 2001A, Special Obligation Bonds Series 2006A, and Special Obligation Refunding Bonds Series 2012B which are to be treated as sewer system revenue bond issues.
