**Q14. The current dedicated 1/8-cent Park Sales Tax, which amounts to 12.5-cents for every qualifying \$100 spent, is scheduled to expire March 2021. A vote to renew will NOT increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop park land, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax to fund the types of projects you indicated as most important to your household?**

**Q16. Currently, the 1/8-cent Park Sales Tax needs to be approved by voters for renewal every six years. The 1/8-cent sales tax was established in 2000 and voters renewed it in 2015 for a six-year period, set to expire in March 2021. The City is considering asking for voter support to extend the 1/8th cent sales tax for ten years (instead of 6 years), in order to purchase, improve and manage parks, trails, recreation facilities, and natural lands for water quality, wildlife, tree preservation, and recreation purposes, with corresponding maintenance and operations funds for staffing, utilities, materials, etc., to ensure the proper upkeep of these park facilities. A less frequent ballot saves taxpayer dollars for election costs, and a ten-year ballot allows time for collection of funds for the higher dollar projects. Knowing that, how supportive are you of extending the length of the 1/8th cent Park Sales Tax for ten years?**

**Q14. The current dedicated 1/8-cent Park Sales Tax, which amounts to 12.5-cents for every qualifying \$100 spent, is scheduled to expire March 2021. A vote to renew will NOT increase your taxes. Renewing the tax at its current rate would allow Columbia to continue to protect open space, acquire and develop park land, and renovate and maintain the condition of existing parks, trails, and recreation facilities. Knowing this, how supportive are you of renewing the 1/8-cent Park Sales Tax to fund the types of projects you indicated as most important to your household?**

**Q16. Currently, the 1/8-cent Park Sales Tax needs to be approved by voters for renewal every six years. The 1/8-cent sales tax was established in 2000 and voters renewed it in 2015 for a six-year period, set to expire in March 2021. The City is considering asking for voter support to extend the 1/8th cent sales tax for ten years (instead of 6 years), in order to purchase, improve and manage parks, trails, recreation facilities, and natural lands for water quality, wildlife, tree preservation, and recreation purposes, with corresponding maintenance and operations funds for staffing, utilities, materials, etc., to ensure the proper upkeep of these park facilities. A less frequent ballot saves taxpayer dollars for election costs, and a ten-year ballot allows time for collection of funds for the higher dollar projects. Knowing that, how supportive are you of extending the length of the 1/8th cent Park Sales Tax for ten years?**
