Council Meeting Date: December 16, 2024

Re: Professional Engineering Services Agreement with Burns and McDonnell Engineering Company related to Specialized Airport Consulting Services at Columbia Regional Airport

Executive Summary

Staff has prepared for Council consideration a resolution authorizing the City Manager to execute a professional engineering services agreement with Burns and McDonnell Engineering Company related to specialized airport consulting services for architecture, engineering, construction, design, operation and maintenance of Columbia Regional Airport facilities.

Discussion

As a result of funding opportunities available for several future projects at Columbia Regional Airport, the Purchasing division solicited Requests for Qualification for airport consulting services. Burns and McDonnell Engineering Company was selected based on their qualifications and experience. Projects identified within the agreement include:

Airport Drive and Terminal Loop

This project shall include the overlay and/or reconstruction design and construction services for the road and entrance drive for the terminal.

Parking Lots

This project shall be to design and provide construction services for all parking lots at COU that can or could be used for commercial parking purposes.

Snow Removal and Equipment Building (SRE)

This project shall be for design and construction services related to the SRE building at COU.

The City of Columbia reserves the right to enter into a separate agreement with Burns and McDonnell Engineering Company to provide a scope of services, with cost estimates, when the City is prepared to move forward with a specific project contained in this agreement.

Fiscal Impact
