Love the design of the courts, colors are spot on. Nobody's going to care about what's on the courts if the park isn't safe.

I'd like to see this done because the younger generation will need it for influence for their kids.

Debating has older folks to locate it but pay less attention because we'd rather put up with it and "try" to better the younger ones "if" possible.

Improving the basketball court will help a lot.

Leave a blank wall,  
that way the people that come  
to the park, can sign the wall  
just to say they are or  
have been there...
