Re: Amending Chapter 2, Article V, Division 12, Section 2-338 (a) of the City Code to update the language regarding the Public Transit Advisory Commission Membership.

Executive Summary

Staff has prepared for Council consideration an ordinance amending Chapter 2, Article V, Division 12, Section 2-338 (a) of the City Code to update the language regarding the Public Transit Advisory Commission Membership.

Discussion

The current ordinance under Chapter 2, Article V, Division 12, Section 2-338(a) states:

Sec. 2-338. - Membership.

(a)The commission shall consist of thirteen (13) members. One (1) member shall be a University of Missouri student appointed by the council to a one (1) year term. One (1) member shall be a Columbia College student or administrator appointed by the Columbia College administration. One (1) member shall be a Stephens College student or administrator appointed by the Stephens College administration. One (1) member shall be a representative of the University of Missouri appointed by the University of Missouri administration. The remaining nine (9) at large members shall be appointed by the city council. Consideration shall be given to the appointment of an eligible Columbia Transit paratransit rider, an owner or representative of a business, a member of the disabilities commission, a member of the bicycle/pedestrian commission, a representative of the Columbia Public School District, and/or a representative of Columbians for Modern Efficient Transit (CoMET), an advocacy group of PedNet.

Since Columbians for Modern Efficient Transit (CoMET), an advocacy group of PedNet, no longer exists, the language should read:

The remaining nine (9) at large members shall be appointed by the city council. Consideration shall be given to the appointment of an eligible Columbia Transit paratransit rider, an owner or representative of a business, a member of the disabilities commission, a member of the bicycle/pedestrian commission, a representative of the Columbia Public School District, and/or a representative of Local Motion.
