Re: Increasing the size of the Finance Advisory and Audit Committee

## Executive Summary

The Finance Advisory and Audit Committee is seeking approval from the City Council to increase its membership from 5 to 7 appointees.

## Discussion

At its January 17, 2023 meeting, the Finance Advisory and Audit Committee approved a motion to recommend to the City Council that its membership be increased from five to seven members. It is our hope that this change will broaden the perspectives represented on the committee as well as increase the variety of relevant experience, skillsets and knowledge that the committee can bring to bear on the issues it considers.

In response to the Mayor's request, the committee is reviewing its mandate and developing a more comprehensive list of recommended changes to its establishing ordinance. This individual change is being advanced ahead of the others in anticipation that additional members could provide valuable input in that process. It would therefore be helpful for this recommendation to increase membership to be considered by the Council sooner rather than later.

Thanks for your help,
