Comments:

Needs a raised crosswalk where South side sidewalk meets the street

Comments: I attended the April 2024 meeting on the East Walnut Traffic Calming. I live at 2109 East Walnut and I see traffic going well over the 30 mpg speed limit.

I am in favor of speed bumps/humps (one map says speed humps, another says speed bumps).

With the width of East Walnut, I feel speed bumps are the only option. I am hopeful that the speed hump located in front of my house will slow down east bound traffic and provide more safety for those crossing E Walnut to enter Stephens Park at the sidewalk across from Elliott.

A painted cross walk is proposed for Old 63 and East Walnut. Are painted crosswalks an option for the sidewalk entrances off East Walnut into Stephens Park?

Thank you
