

STR DOCUMENT LIBRARY- CONDITIONAL ACCESSORY/CONDITIONAL USE SUPPLEMENTAL QUESTIONS FORM

All applications seeking a Tier 2 STR with 210 nights of rental use in the A, R-1, R-2, and R-MF zoning districts or a Tier 3 STR within the M-OF zoning district shall complete these supplemental questions. Failure to fully complete these questions will result in processing delays of the submitted STR application.

General Conditional Use Permit Review Criteria.

- (A) The proposed conditional use complies with all standards and provisions in this chapter applicable to the base and overlay zone district where the property is located;
Reviewed and confirmed

- (B) The proposed conditional use is consistent with the city's adopted comprehensive plan;
Reviewed and confirmed

- (C) The proposed conditional use will be in conformance with the character of the adjacent area, within the same zoning district, in which it is located. In making such a determination, consideration may be given to the location, type and height of buildings or structures and the type and extent of landscaping and screening on the site;
Reviewed and confirmed

- (D) Adequate access is provided and is designed to prevent traffic hazards and minimize traffic congestion;
Reviewed and confirmed

- (E) Sufficient infrastructure and services exist to support the proposed use, including, but not limited to, adequate utilities, storm drainage, water, sanitary sewer, electricity, and other infrastructure facilities are provided; and
Reviewed and confirmed

- (F) The proposed conditional use will not cause significant adverse impacts to surrounding properties.
Reviewed and confirmed

STR DOCUMENT LIBRARY- CONDITIONAL ACCESSORY/CONDITIONAL USE SUPPLEMENTAL QUESTIONS FORM

Specific Short-term Rental Conditional Use Permit Review Criteria.

- (A) Whether the proposed STR is used for any part of the year by the registrant as a residence. If so, for how long?

Yes. We will be using the home temporarily when we visit our daughter, who is a freshman at the University of Missouri. Occasional weekend visits mainly.

- (B) Whether or not there are established STRs within 300 feet of the proposed STR measured in all directions from property lines "as the crow flies".

No there are not per the city's Community Development Department.

- (C) Whether the proposed registrant has previously operated an STR and if such operation has resulted in a history of complaints, a denied STR certificate of compliance, or revocation of an issued STR certificate of compliance.

We currently operate 4 short term rentals and own 5 and have never had a single complaint, have never been denied certification, or had a certificate revoked.

- (D) Whether the proposed STR will increase the intensity of the use of the property and cause increased traffic or noise coming from the property.

No it will not

- (E) Whether there is support for the establishment of the proposed STR from neighboring property owners.

Unsure at this point although we have never had any issue with our current STRs in other parts of the country.
