## AN ORDINANCE

rezoning property located at 202 Old 63 North from District R-1 to District O-P; amending the land use plan; repealing all conflicting ordinances or parts of ordinances; and fixing the time when this ordinance shall become effective.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The Zoning District Map established and adopted by Section 29-4 of the Code of Ordinances of the City of Columbia, Missouri, is amended so that the following property:

A part of the South Half of the Northwest Quarter of the Southeast Quarter of Section Seven (7), Township Forty-Eight (48), Range Twelve (12) described as follows: Beginning at a point Fifteen (15) feet East of the intersection of the East line of Moss Street with the North line of a fifty foot road, off the South side of said tract; thence North parallel with the East line of Moss Street, one hundred and forty-five (145) feet, thence East parallel with the road on the South one hundred and fifty (150) feet, thence South one hundred and forty-five (145) feet, thence West along the North line of Road, one hundred and fifty (150) feet to the point of beginning, all in the City of Columbia, Missouri, less that portion previously conveyed to the State of Missouri for highway purposes, and less that portion conveyed to the City of Columbia for road purposes or any purpose. By this deed the grantors further intend to convey all of that land shown in a survey found in Book 275, Page 279, Deed Records of Boone County, Missouri; and in addition, grantors intend to convey any interest which they might have in any lands lying west of said tract of land and between said tract of land and the right-of-ways previously conveyed to the State of Missouri for highway purposes.

will be rezoned and become a part of District O-P (Planned Office District) and taken away from District R-1 (One-Family Dwelling District). Hereafter the property may be used for any of the following uses:

1. Single family dwelling.
2. A counseling center operated by a charitable or not-for-profit organization; excluding a halfway house or any use connected with penal or correctional institutions.
3. The office for the administrative functions of a business, profession, company, corporation; and social, philanthropic, eleemosynary or governmental organization or society.
4. Offices for professional and business use involving the sale or provision of services, but not the sale or rental of goods.
5. Customary accessory uses for the above subject to the provisions of Section 29-27 of the Code of Ordinances.

SECTION 2. The property described in Section 1 is designated "Planned Office" on the Land Use Plan.

SECTION 3. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 4. This ordinance shall be in full force and effect from and after its passage.

PASSED this 19th day of October, 1998.

RE: Kaiser Rezoning Request - OP Zoning Request  
Designation of Proposed Uses

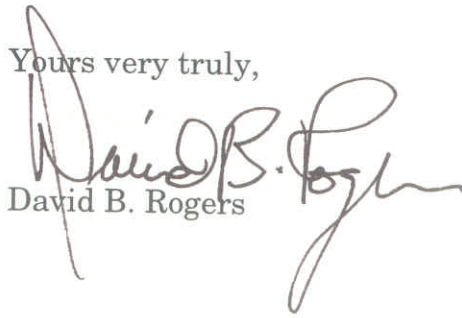

Dear Mr. Bondra:

I am writing this letter to be included as part of the Kaiser rezoning request. Section 29-13.1 indicates that the commission should recommend and the council adopt designated uses for the property within the OP zone. The applicant requests the following uses be recommended and approved:

1. Continued use as a single family dwelling.
2. A counseling center operated by a charitable or not-for-profit organization.
3. The office for the administrative function of a business, profession, company, corporation and social philanthropic eleemosynary or governmental organization or society.
4. Offices for professional and business use involving the sale or provision of services, but not the sale or rental of goods.
5. Customary accessory uses for the above subject to the provisions of Section 29-27 of these ordinances.

Thank you.

Yours very truly,

  
David B. Rogers

**AGENDA REPORT  
PLANNING & ZONING COMMISSION MEETING  
SEPTEMBER 24, 1998**

**SUBJECT PROPERTY**  
(Looking in a northerly direction from East Walnut Street)

**ITEM NO:**    3 (b)

**APPLICANT:**

Edwin Michael and Judith Ann Kaiser.

**LOCATION:**

On the northeast corner of Old 63 and East Walnut Street (202 Old 63 North).

**PROPERTY SIZE:**

0.43 acre.

**EXISTING ZONING:**

R-1 (One-Family Dwelling District).

**REQUESTED ZONING:**

O-P (Planned Office District).

Note: A list of proposed O-P uses has not been offered as of this writing.

**LAND USE PLAN DESIGNATION:**

The subject property is shown as "low density residential" (0-6 dwelling units per acre) on the Land Use Plan. The proposed rezoning to O-P would not be in conformance with the plan.

**ACCESS:**

Access to the site is off East Walnut Street, an unimproved local residential street; and, off Old 63, an improved arterial street.

**UTILITIES:**

All City utilities are available to the site.

**SITE CHARACTERISTICS:**

The site is fully developed with an old single-family residence.

**PARKLAND NEEDS/GREENBELT:**

This part of the City has adequate neighborhood parkland according to the Parks Master Plan.

There is no designated greenbelt either on or adjacent to the site.

**NEIGHBORHOOD ASSOCIATIONS AFFECTED:**

East Walnut, Benton Stephens and Lions Stephens.

**HISTORY:**

The subject property was annexed into the City in 1906. The 1935 Zoning Map designated the property as "District A - First Dwelling". The revised 1957 zoning map designated the property as R-1. In 1965, a request was made to rezone a large tract which, at that time included the subject site, from R-1 to R-3. That request was denied, however. A subsequent request for R-3 zoning, filed in 1967 for property to the north and east of the subject site, was approved.

**DISCUSSION:**

The proposal would allow for reuse of the subject site under the provisions of the O-P District. An O-P development plan will be required prior to any building permits being issued. Specific O-P uses have not been proposed as a part of the application. If the Commission recommends approval of the request, O-P uses need to be part of the recommendation.

The subject site lies at the intersection of a local residential and an arterial street, which is not an ideal setting for an office. Given the surrounding land use and R-3 zoning to the north and east, however, the request appears reasonable. The land to the east is a non-conforming office building which is also the subject of rezoning (to O-1) at the September 24th meeting.

**STAFF RECOMMENDATION:**

Approval of the rezoning. If the Commission recommends approval, allowed O-P uses need to be part of the recommendation.

EXISTING CONDITIONS:

*North*

Zoning: R-3

Land Use: Multi-family residential.

*South*

Zoning: R-1

Land Use: Stephens College Golf Course.

*East*

Zoning: R-3

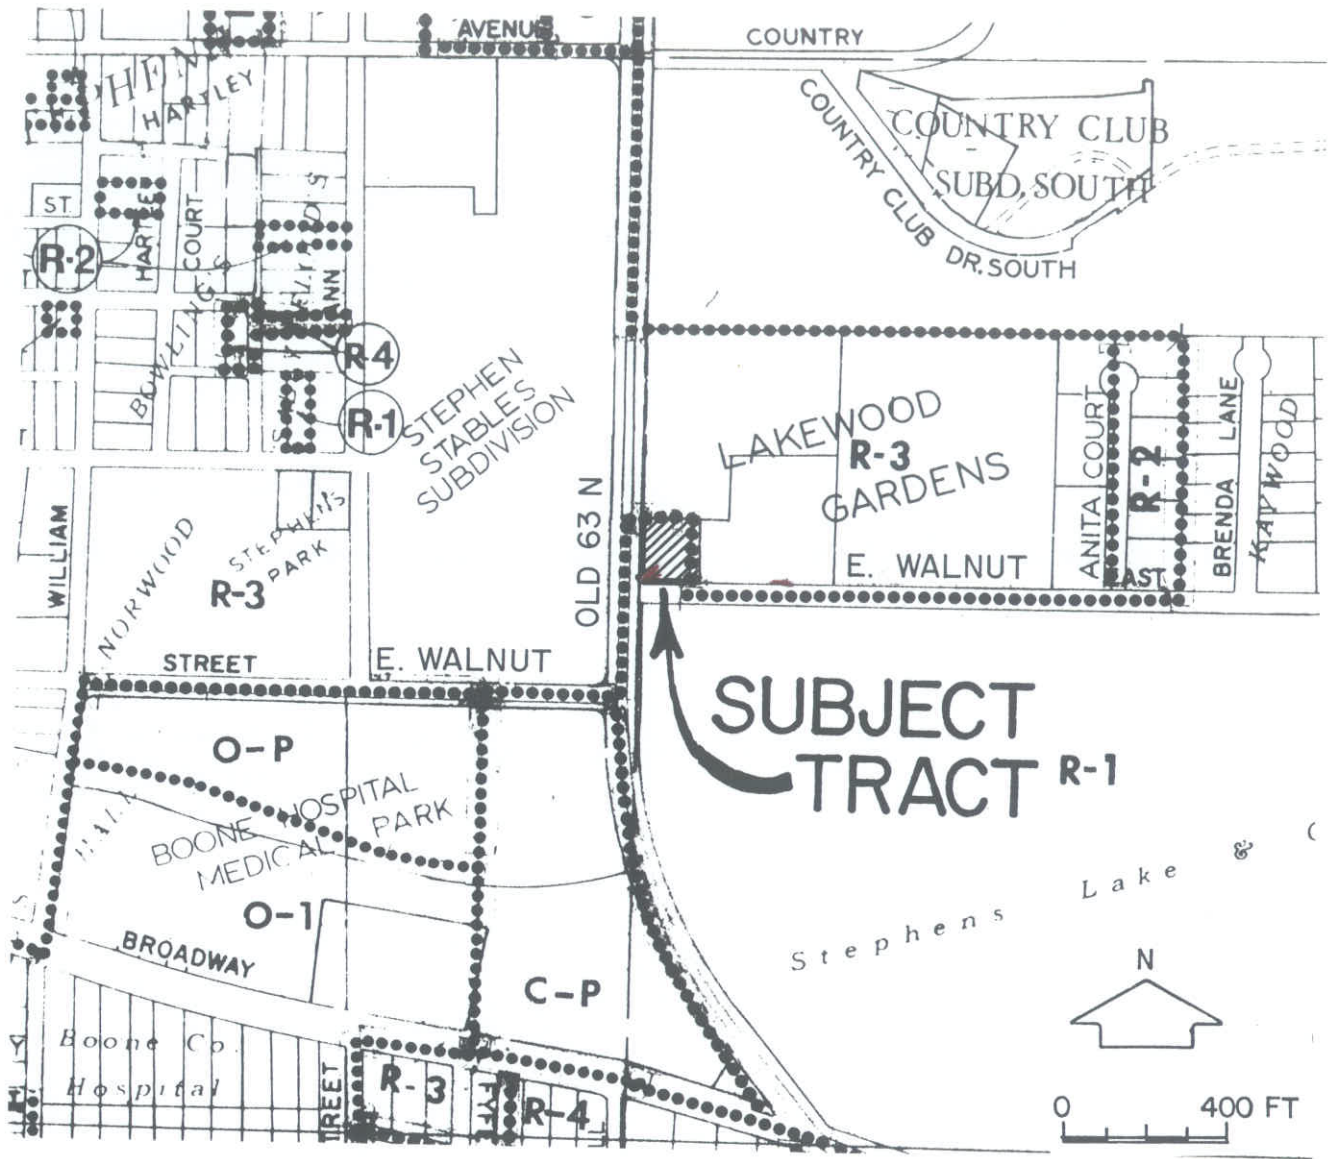

Land Use: Office (Nonconforming use)

*West*

Zoning: R-3

Land Use: Stephens College Stables.

General location of property (use street intersections if possible) The  
Northeast corner of the intersection of Old Highway 63 North and Walnut Street,  
Columbia, Boone County, Missouri.

Street address of property 202 Old 63 North, Columbia, Missouri

Size of tract (acreage or square feet) 18850 Square Feet .43

Deed to property recorded in Book 443, Page 464

Present zone(s) R-1

Requested zone(s) OP

Present use(s) of property Single family dwelling

Columbia Land Use Plan designation Low Density Residential

Reason for Requesting zoning change Possible sale of property. All  
surrounding properties are either office or multi-family residential, therefore a  
planned office seems like a logical transition zone.

PLANNING AND ZONING COMMISSION MEETING  
SEPTEMBER 24, 1998**

**ITEM 3 (b) A REQUEST BY EDWIN MICHAEL AND JUDITH ANN KAISER TO REZONE FROM R-1 (ONE-FAMILY DWELLING DISTRICT) TO O-P (PLANNED OFFICE DISTRICT), PROPERTY LOCATED ON THE NORTHEAST CORNER OF OLD 63 AND EAST WALNUT STREET (202 OLD 63 NORTH), CONTAINING APPROXIMATELY 0.43 ACRE. (32Z98)**

Mr. John noted staff reports on Item 3 (b) (Kaiser) and 3 (c) (Hodges) would be presented together.

Staff report was given by Charles Bondra, Department of Planning and Development. Staff recommended approval. Mr. Bondra noted a letter had been received from David Rogers listing the proposed O-P uses. He noted the Commission needed to include a list of allowed uses if they recommended approval.

**PUBLIC HEARING OPENED**

David Rogers, Attorney-at-Law, 813 East Walnut Street, came forward. He said he was the attorney of the applicant in Items 3 (b) and 3 (c).

Mr. Rogers felt these items seemed like housekeeping matters, particularly as far as the O-1 request was concerned. He said this was a 16,000 square foot office building that had been developed and well landscaped. He said 3/4 of the building was presently under a long-term lease to the University of Missouri and they were looking for a compatible tenant for the other 1/4. He said it had adequate parking. He said both the parking and the building itself were pretty well landscaped from the surrounding R-3 and from the street. He thought there were 50 feet of grass, trees, etc. between Walnut and the front of the building. He noted there was a circle drive in front of the building for some parking, with the balance of parking to the side and rear. He felt this was a reasonable request and said it would help in several ways by making it conforming as opposed to non-conforming. He said you could improve your insurance rate situation to some extent and would not have to...they had had to go to the Board of Adjustment three or four times for very minor changes in the building because of the fact that it was a non-conforming use. He felt the zoning change should be done and should not be a major impact on the neighborhood one way or the other.

Mr. Rogers commented on the Kaiser property. He said Ed Kaiser was a former City Councilman. He said the reason they had decided to go with O-P on this one as opposed to O-1 was that as long as it continued to be used as the existing building either as an existing home or

home office, he did not think there would be much of a problem one way or the other. He said, however, if you got into modifying this...possibly building another structure on the premises, etc., you would have to address the question of ingress/egress...where you wanted that traffic to come out. He said this was the type of thing O-P zoning did the best. He said the applicant and his engineer could come in and present a plan for handling the traffic that would be entering and leaving from either Old 63 or Walnut Street. He felt this proposal for O-P was the appropriate one because you would need safeguards there that you did not need in the case of the existing building that had its existing building, parking, etc.

Mr. Rogers said Professor Kaiser was present and might wish to speak. He said Mr. Land was present who was a real estate professional for the Hodges Trust.

Mr. Barrow asked Mr. Rogers about customary accessory uses. He asked Mr. Rogers to educate him as to what customary uses there would be.

Mr. Rogers replied if you had a psychiatrist's office where he was, in fact, permitted to be a dispenser of medication...combining a certain pharmaceutical aspect to his psychiatry practice, that would require an accessory use in an office zone.

Mr. Hancock gave an example of a detached garage if there was a claims office there...a detached little structure to examine a car and do paperwork.

Mr. Barrow said he knew there had been another rezoning request like this in North Central and people had been concerned about some warehousing.

Mr. Rogers said it would not be an appropriate accessory use to an office zone, period.

Mr. Barrow said they had been talking about the office being used for landlords and they wanted a place to keep their spare toilets, pipes, etc.

Mr. Rogers said he remembered the hearing. He said most of the problem about warehousing had been coming from John Clark.

Ed Kaiser came forward. He said it had been 8-9 years since he had appeared before the Commission with a proposal for their property and the then dialysis clinic under a land use consideration which the Commission did every few years.

Mr. Kaiser said he thought there were several reasons why this made sense. He spoke about the former dialysis clinic. He said that office had been there for approximately 20 years. He said they were good neighbors and they were quiet. He said they had never had any problems with anyone in that building. He said it recently had been occupied by the University and because of that, they actually had extra police present when alarms went off, etc. He said when the building had been built, it was built appropriately under R-3 in the ordinance.

Mr. Kaiser said his argument for their own property was that they were R-1 and sort of a peninsula of R-1 surrounded by R-3. He said it was R-3 on the north and R-3 on the east and R-3 on the west. He said the golf course was to the south and that had remained R-1. He said the main argument was that it was a peninsula surrounded by heavy zoning. He said, at this point in time, there were two single-family homes on Old 63 north of Broadway. He said there was theirs and one quite a bit up the street. He stressed that everything else, at this point, on Old 63 north of Broadway was either apartments or offices.

Mr. Kaiser said the other argument in favor would be that if, in fact, the Commission did recommend O-1 zoning for the property east of them, it would make sense to have contiguous zoning from the eastern end of that property up to Old 63. He said he and his wife were thinking not so much for them right now...no one had approached them to buy the property and they were not actively seeking to sell it. He said he thought they were frankly looking to the future. He said the way Boone Hospital Center was growing, it would seem appropriate that this could well be a small office for a physician or dentist, etc.

Mr. Kaiser said he would be glad to answer questions.

Mr. Cady asked if either one of the properties shared any kind of amenity...parking, driveways, etc.

Mr. Kaiser replied no.

#### **PUBLIC HEARING CLOSED**

Mr. Daugherty felt this was a very appropriate rezoning of both properties. He said he intended to support both of the requests.

Mr. John said he had a concern about the O-1 on the dialysis clinic property. He said that road had been downgraded now and he saw no reason to avoid the fact that it was an office building. He said, however, he would be much more comfortable with it if it was O-P. He said 10-20 years from now, someone might want to do something else with it.

Mr. Lamb said he agreed. He said he would be more comfortable if the whole thing was O-P.

Mr. Barrow said he agreed. He said he was a little concerned that there was no neighborhood input. He said he guessed silence "approved" it. He said the Commission needed to think ahead...an O-P would give the City more say in traffic and off-site improvements.

**Mr. Barrow moved to recommend O-P on Item 3(b) with the attached uses. Seconded by Mr. Daugherty.**

**Call the Question**

**Roll Call Vote: Yes is to recommend approval of O-P with the attached list of uses. Voting yes: Ms. Hazell, Mr. Barrow, Mr. Daugherty, Mr. Inshirah, Mr. John, Mr. Lamb, Mr. Cady. Voting no. No one. Motion carries 7-0.**

Mr. John asked Mr. Rogers if he would like to comment on his thoughts about O-P.

Mr. Rogers said it appeared to him that the argument Mr. John was making would, basically, eliminate the O-1 zone. He said you could always choose for more control and the building might be torn down 20-30 years down the road. He said he did not think that had been the basis on which zoning decisions were made. He said they were trying to get out of the situation where they were having to go back to the Board of Adjustment every time they made any sort of minor change to the building. He said they had had to do that 3-4 times. He said now they might be in a position where they were having to do it even more expensively by coming back in with some sort of an O-P plan. He felt this was an unnecessary imposition of government regulations. He said you could always argue that more control is better from a planning point of view.

Mr. Inshirah noted there was another member of the audience who wished to speak. This was allowed.

Stephen Roberts, 217 Brenda Lane, came forward. He commented on the O-1 request. He said he had come to be in agreement with the Commission about making it O-P. He felt this was better. He felt O-1 would let something happen. He said he did not see it being 10-30 years down the road. He said with the way Columbia was growing, it might happen in a couple of years. He said they might tear the building down. He asked what O-1 would allow.

Mr. John replied, basically, just offices. He said the Commission was suggesting the O-1 uses which were, basically, office uses. He said by putting it in an O-P District, any major changes other than minor changes to the building would have to come back with a plan.

Mr. Roberts felt they should have to come back with a plan where people could have some input. He noted people in an office parked on the street in the winter. He noted everyone drove 35-40 m.p.h. He felt if the neighbors did not have any say about what could go in there, it would drive residential values down.

Mr. Daugherty said changing it to O-P would not change the traffic pattern in any way. He said it would not decrease the volume of traffic going down Walnut Street. He said he did not find anything wrong with the O-1.

**Mr. Daugherty moved to recommend approval of the O-1 zoning. Seconded by Ms. Hazell.**

Mr. John said he thought if this was coming in with no building there, the Commission would probably not recommend that any office be put in there at all. He said you could not tell what would happen in the future.

Mr. Barrow felt O-P on the land was appropriate. He said this would have the neighbors and community a chance to have a voice in what would happen.

Mr. Lamb agreed. He said this was an issue that might come back to haunt the Commission in the future.

**Call the Question**

**Roll Call Vote: Yes is to recommend O-1 zoning. Voting yes: Ms. Hazell, Mr. Daugherty, Mr. Cady. Voting no: Mr. Barrow, Mr. Inshirah, Mr. John, Mr. Lamb. Motion fails 4-3.**

These proposed rezonings were before the Commission at their regularly scheduled meeting, September 17, because of the proximity to Lions-Stephens Park. On a motion from Hine, seconded by Kloeppel, the Commission voted unanimously to inform the Council they see no adverse affect on Lions-Stephens Park from these proposed rezonings.

## CITY OF COLUMBIA, MISSOURI

DEPARTMENT OF PLANNING AND DEVELOPMENT

September 8, 1998

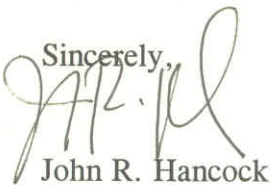

A public hearing will be conducted by the Planning and Zoning Commission regarding a request by Edwin Michael and Judith Ann Kaiser to rezone from R-1 (One-Family Dwelling District) to O-P (Planned Office District), property located on the northeast corner of Old 63 and East Walnut Street (202 Old 63 North), containing approximately 0.43 acre (see map on reverse).

The public hearing will be held in the City Council Chamber on the Fourth Floor of the Daniel Boone Building, 701 East Broadway, at 7:00 p.m. on Thursday, September 24, 1998.

After the public hearing, the Planning and Zoning Commission will forward a recommendation to the City Council. Please note that the Planning and Zoning Commission's action is a recommendation to the City Council. The Council will normally take action on the proposal approximately one month after the Planning and Zoning Commission meeting. Please contact the Department of Planning and Development at (573) 874-7239 for an exact date of the City Council meeting or any other information regarding this proposal.

This notice is being sent to property owners within 185 feet of the subject property and other interested parties.

Sincerely,

John R. Hancock  
Director
