Re: Authorizing Columbia 2 MHP Land, LLC to resell utilities at Park Village Mobile Home Park

Executive Summary

Staff has prepared for consideration an ordinance at the request of Columbia 2 MHP Land LLC seeking approval to resell utilities at Park Village Mobile Home Park located at 4410 Brown Station Road. Section 27-24 of the City Code provides for such an arrangement.

Discussion

Park Village Mobile Home Park receives Water, Sewer, Storm Water and Solid Wastes utility services from the City. Columbia 2 MHP Land LLC, owner of Park Village Mobile Home Park, is requesting permission to resell these utilities to the tenants of the park. Section 27-24 of the City Code provides for such an arrangement and includes the following provisions:

- No customer shall sell at a profit, or offer for sale at a profit any utility service purchased for his or her sole use from the city.
- Any customer wishing to resell a utility service, shall do so only after having first obtained authorization from the city council.
- Any customer reselling utility service, regardless of whether the utility service so resold is metered or not, shall from time to time as determined by the city manager, furnish evidence that such resale is in compliance with all rules relating to such.
- Any customer wishing to resell utility service may be required, as determined by the city, to install submeters where required and maintain records at such customer's expense, for the purpose of determining compliance with this section.

Columbia 2 MHP Land LLC intends to utilize sub-meters to determine water usage of each tenant and thus accurately proportion water and sewer charges to each tenant. Storm Water and Solid Waste fees are a per unit charge and would be passed on to the tenants accordingly.

This is consistent with ordinances previously approved to allow resell of utilities at other mobile home parks served by the City.

Fiscal Impact

Short-Term Impact: None.

Long-Term Impact: None.
