Re: Setting the 2024 Property Tax Rates

## Executive Summary

Public hearing for the 2024 Property Tax Rate for the City of Columbia at \$0.4075 (per \$100 assessed valuation).

## Discussion

The City of Columbia levies property taxes to support operations of basic services within the General Fund. These rates are set each year within the limits set by the constitution and statutes of Missouri. The rates are based on the revenues received from the prior year, with an allowance for growth based on the rate of inflation. Values from new construction and improvements, and any increments in personal property valuation are held aside. The resulting tax rate becomes the permitted rate for the year if it falls within the ceiling allowed. The City of Columbia's current ceiling is \$0.4302.

The 2024 property tax supports the City's FY25 budget. These property taxes comprise approximately 8.2% of the total General Fund revenue, which is roughly \$10.7 million dollars. The rate computed for 2023 was \$0.4032 per \$100 assessed valuation. This rate has increased \$0.0043 for 2024 to \$0.4075, per the certification by the Office of Missouri State Auditor. Assessed value is a percentage of the market value as determined by the County Assessor's office.

## Fiscal Impact

Short-Term Impact: The City has budgeted to collect approximately \$10.7 million in property taxes for FY25, allowing the City to provide critical services to citizens.
