City of Columbia, Missouri
Popular Annual Financial Report - 2023

City of Columbia, Missouri

Founded in 1821, Columbia is Missouri's fourth largest city. Columbia's current government was established by a home rule charter adopted by voters on November 11, 1974, which established a council-manager government.

The City Council is made up of six council members that are elected by wards and a mayor that is elected at large. Columbia is the county seat of Boone County, and houses the county court and government center.

The city is in Missouri's 3rd and 4th congressional district. The 19th Missouri State Senate district covers all of Boone County. There are four Missouri House of Representatives districts (45, 46, 47, and 50) within the city.

A Message From the City Of Columbia Finance Department

Dear Citizens of Columbia,

As part of a continuous effort to be transparent and present financial data in relatable terms, we are pleased to present the City of Columbia's Popular Annual Financial Report (PAFR). This report provides an overview of City finances and administrative activities for the fiscal year ended September 30, 2023. We have included a brief analysis of where City revenue comes from, where those dollars are spent, as well as trends in the local economy.

The report is intended to summarize the financial activities of the City of Columbia government, and includes a portion of information that appears in the 2023 Annual Comprehensive Financial Report (ACFR). The PAFR is unaudited and not presented in a Generally Accepted Accounting Principles (GAAP) format. A copy of the Annual Comprehensive Financial Report is available at the City's website at [CoMo.gov](https://www.como.gov).

To the best of our knowledge, the information presented herein is accurate in all material respects and presents fairly the financial position and results of operations for the fiscal year ended Sept. 30, 2023.

Responsibility for the accuracy and completeness of the data presented rests solely with the City.

We are committed to preserving the City's long-term financial health as evidenced by our Standard & Poor's Issuer Credit Rating of AA/Stable. The City has maintained fund balances in compliance with the policy adopted by the City Council in August 2012. The City is required to maintain a balance of 20% of operating expenditures as a required reserve. As of Sept. 30, 2023, the City had an unassigned general fund balance of 46.5% of expenditures and transfers, which is above the 20% target.

If you would like more information regarding the City of Columbia and its various departments and agencies, please visit the City's website at [CoMo.gov](https://www.como.gov).

Definition

Governmental Funds - Include the functions of the City that are principally supported by taxes and intergovernmental revenues. The funds included under Governmental Funds are the General Fund, Capital Projects Fund, Transportation Sales Tax Fund, Parks and Recreation Fund, Convention and Tourism Fund, Community Development Fund, Debt Service Funds Designated Loan Fund, and Contributions Fund.

Governmental revenues over the last three-year period have increased by \$27,090,748 or 20.79%. This was largely due to the voter approved use tax that went into effect in FY22, and a significant increase in Interest Revenue due to rising interest rates.

Expenditures increased by 9.33% largely due to the moving of Rec Services into the Parks & Rec Special Revenue Fund.

Definition

General Funds - Funds that are used to account for resources traditionally associated with government, which are not required legally, or by sound financial management to be accounted for in another fund. Departments that fall within the general fund include City Manager, Public Safety, Streets and Sidewalks, and Health and Environment. In FY23 the Parks Department was moved out of the General Fund into the Parks & Rec Fund.

Total General Fund revenues increased by \$11,846,769 or (12.98%) over the three-year period. Largely from the implementation of the Use Tax and a large increase in interest revenue due to rising interest rates. Expenditures increased by \$474,835 or (0.51%).

Total	161,827,242

Definitions

The revenues and transfers in for governmental activities total \$161,827,242 for FY23. This was a 20.79% increase over the last three years. The increase largely came from Use Tax, which in FY23 was the first full year the City collected this tax, and Interest Revenue which saw a large increase due to the rising interest rates over the last year.

Taxes are majority of the Governmental Funds revenue, 59.74%, is generated by taxes levied on property, retail sales, a use tax, a lodging tax, and gross receipts tax on the sale of electricity, gas, telephone and television video services.

Payment in Lieu of Taxes (P.I.L.O.T.) is an amount equal to the gross receipt tax that would be paid by the Water and Electric Fund if they were not a part of the City.

Revenues from Other Governmental Units represents grants the City receives from other governmental agencies such as the federal government, State and County.

Intragovernmental Revenue consists of revenue transferred from non-governmental funds to the General Fund to cover the cost of the overhead services that the General Fund provides. These services include Human Recourse, Law and Finance.

Transfer in from Other City Funds represent transfers from other city funds not related to overhead services that are part of Intragovernmental Revenues. The majority of these transfers go to Debt Service to pay for principal and interest payments and Sustainability.

Fees and Service Charges are fees charged for the City's performance of construction inspections, street and sidewalk resurfacing and maintenance, animal control and health services.

Licenses and Permits are charges assessed for various business activities and animal ownership.

Fines include violations of any city ordinance, corporation court fines, uniform ticket fines, meter fines and alarm violations.

Investment Revenue includes revenues earned from the investment of idle City funds throughout the year in accordance with the City's investment policy.

Miscellaneous include proceeds from antenna rent, insurance reimbursements, external CNG sales, school resource program and Medicaid reimbursement.

Definitions

Breakdown of Sales & Use Tax Rate - The City's sales and use tax rate of 7.98% is comparable to cities of similar size within Missouri. The sales and use tax is divided between three separate entities, the State receives 4.23%, the County receives 1.75%, and the City receives 2%.

Of the portion the City receives, 1% goes to the General Fund, 0.5% to transportation, 0.25% to capital improvements, and 0.25% to parks. The portion of sales

and use tax allocated to transportation goes to fund Airport and Transit activities, various road projects, and pay for street and sidewalk related activities. Capital Improvement Sales Tax is used for capital improvement projects. Parks Sales tax is composed of a one-eighth cent permanent portion that goes to fund operations of Parks and Recreations, and a one-eighth temporary portion primarily used to fund capital projects within Parks and Recreation.

In 2022, the City implemented a voter-approved use tax. The breakdown of the use tax is identical to the sales tax. The City brought in \$60,246,376 in sales tax, and \$8,115,773 in use tax in FY23.
