Re: Accepting Easements for the Greek Town Sidewalk Construction Project

Executive Summary

Accepting temporary construction easement for Greek Town Sidewalk Construction, a cost-share project.

Discussion

The City accepts temporary easements for a variety of reasons. Typically, when it comes to development projects, this is handled by the dedication of right of way on a plat. However, when a platting action is not required, these are provided by separate documents. In addition to the permanent easements, the City acquires temporary easements for construction purposes to allow for use of larger areas only during the time of construction of a project.
