Hi matthew.boehner

You have received a new contribution on the Ideas tool, **Comments** on project **Fairview Park 9-Hole Disc Golf** on your site,

I live in the neighborhood and am extremely excited about the prospect of this course!

-

Looking forward to learning a bit more at the meeting Wednesday and I'm definitely interested in learning more ways to get involved!

Cc: Matt Boehner <Matthew.Boehner@como.gov>

Jeff,

Thank you very much for your comments. I've included Matt Boehner on this email. He is the Senior Park Planner on this project. Matt has incorporated comments from the meeting to create an alternate plan that may address some of your comments already. You can communicate with him regarding your course ideas. This will not go to the Park Commission this month (June), as we have a tour planned. You will have time to meet with Matt and discuss ideas, if you wish. Thanks again for your comments and it was nice meeting with you.

Thanks,

Zach Nikin

> Hi Zach,
> It was great meeting you at the Fairview Park meeting about the disc golf course. I was the disc golfer who also had a garden plot. Thank you for allowing me to email my feedback instead of handwritten notes.
> To reiterate what I said that night, here are my thoughts:
>
> - Park safety: Use those warning signs to alert people who enter the park from the west (trail side, a couple of paths among the soccer goals) since they will not see the DG starting area. By the parking lot, that crosswalk is super dangerous. Both cars and path users need more warning, visibility.
> - The DG course: I heard others say that hole 5 will result in discs going to yards. Biggest issue is that hole 9 is dangerous as soccer field users will have to cross through fairway or right behind the basket. I would scrap that hole, make the current hole 8 the final hole. And then redesign holes 3-7 into a new 3-8 with different use of the space.
>
> I would again like to offer my experience with the Fairview property. While I am not a professional disc golfer, I have played for over 20 years and I threw discs on the property for 3 months with select friends during quarantine. I am happy to meet up with your team to explore possibilities.
> If I can ever be of assistance, please let me know. In addition to working with Joe, Gabe, and the visitors bureau on DG events over the past 4 years, my background is in education and public engagement. I currently work for the US Department of Education and can adjust my work schedule to meet your availability.
> Thanks so much, Jeff 573-239-4482

Hi matthew.boehner

You have received a new contribution on the Ideas tool, **Comments** on project **Fairview Park 9-Hole Disc Golf** on your site,

Great idea! Disc golf is easy to learn and accessible to people of all ages. It combines strategy, skill, and a love of the outdoors.

-

Disc golf is an exciting and challenging sport that is easy to learn and accessible to people of all ages. Disc golf combines the skill of traditional golf with the fun and accessibility of frisbee, making it an excellent option for people looking to get active and enjoy the outdoors. However, the challenge presented by the course can sometimes impact that accessibility. As a member of the disc golf community, the proposed beginner-friendly 9-hole course at Fairview would be a great addition. For example, in a few clinics I've run or attended, participants have asked if there was an "easier" course. In addition, disc golf combines strategy, skill, and a love for the outdoors. I love playing disc golf in the great outdoors. It's a fun way to exercise while enjoying nature. Albert-Oakland has a family of deer and tons of other wildlife. Indian Hills has its fair share of squirrels, deer, turtles, birds, etc. Harmony Bends has all of these and more.

Hi matthew.boehner

You have received a new contribution on the Ideas tool, **Comments** on project **Fairview Park 9-Hole Disc Golf** on your site,

Very very much support this project!

-

Living just off of Fairview, I can guarantee there would be use of this potential facility, as well as at least one couple willing to help upkeep it.

FYI, we received this comment about disc golf at Fairview. I sent her the link to the BeHeard page but in case she doesn't follow up and post there, I told her we could add this to the public comments. She won't be able to attend the meeting next week.

Comments: I want to communicate my concerns about the proposed disc golf course at Fairview Park. I live a few doors down from the back entrance to the park, I walk there everyday. The open area there is essentially a wildlife corridor that connects deer, turtles, and others between the preserve and the wooded area of the park. To disturb that with more human activity would go against the wonderful efforts the city has made to preserve natural areas. A disc golf course stuffed into that space would benefit a few people, but would negatively impact all of the rest of us and the flora and fauna of the park. Also, there are already enough issues with trash and vandalism in the park- bringing more people back there is only going to make that worse. Now its a beautiful quiet area enjoyed by people, dogs, children, and the gardeners with plots on that land who would also be impacted. There is no need to add things to this park, it is great as it is and already impacted by messy hum
ans who treat it with disrespect. Again, please consider the wildlife who travel between two wild areas by crossing the field that the proposal would destroy. There are other places in Columbia that are already developed for human use and that offer more space for disc golf that won't ruin other people's enjoyment of the park. Thank you

Name: Dawn Peters
Email Address: dawnmp1908@yahoo.com
Comments: Good morning,
My family and I have live on Yorktown Dr for 31 years. My husband and I raise our 3 sons. The stories and adventures my children could tell you how exploring our neighborhood. The Fairview fields is one of last things that have no rules in our neighborhood. It might just look like an open field but it is a wonderful place to fly a kite, walk without bikes, enter the woods to the pond, look at milk weed, pick persimmons on that tree in the center, couple having a picnic and kids just running without bikes,and cars. That field is our nature area for deer and birds. Yes, even coyotes (early morning). I am truly sad that the quiet setting will not be appreciated for being a wonderful field. It seems like adding cement is just another message that the field can't "just" be a field. Just more rules.
Thank you for taking the time to read my e mail.
Sincerely,
Dawn Peters
