Re: Authorize construction of the Terminal Building Passenger Boarding Bridge project at Columbia Regional Airport.

Impacted Ward: Airport

Executive Summary

Staff has prepared for Council consideration an ordinance authorizing a bid call through the Purchasing division for construction of the Terminal Building Passenger Boarding Bridge project at Columbia Regional Airport. This project is included in this year's capital improvement projects to be funded by the Federal Aviation Administration (FAA).

A public hearing is being held on April 6, 2026. The total project cost estimate is \$1,810,000, and will be funded by the Federal Aviation Administration (FAA) and Transportation Sales Tax (TST).

Discussion,

Due to the accelerated increase in flights at COU, a passenger boarding bridge was included in this year's capital improvement projects to be funded by the FAA. The total project is estimated to cost \$1,810,000, which includes design and construction. The City will be responsible for the design cost of \$60,000 plus 10% local match for construction costs which will be funded by TST. The FAA will reimburse the City 90% of the construction cost.

The timeline for construction and installation of the passenger boarding bridge is expected to take approximately 24 months.

Fiscal Impact

Short-Term Impact: The total project cost estimate is \$1,810,000. Funding in the amount of \$1,237,758 has already been appropriated to the project. Engineering design cost of \$60,000 plus 10% of construction cost will be paid by TST. The FAA will reimburse the city 90% of the construction cost.
