Re: Grant Acceptance – FY2023 Safe Streets for All Grant

Executive Summary

Staff has prepared for Council consideration an ordinance authorizing acceptance of the FY2023 Safe Streets for All Grant in the amount of \$1,880,000.00 from the US Department of Transportation; and authorizing the City Manager to sign the grant agreement and appropriate the grant funds to eligible projects.

Discussion

On May 15, 2023, Council passed Resolution 77-23 which authorized the City Manager to apply for the FY2023 Safe Streets for All Grant Program. The USDOT notified the City that \$1,880,000 of the initial funding request had been approved. Staff has worked with the Missouri office of the Federal Highway Administration to draft a grant agreement for this funding. A copy of the grant agreement is attached for review.

This grant will help fund several Vision Zero supplemental planning projects:

- Rt B High Friction Surface Treatment Demonstration
- Business Loop Road Safety Audit
- Updated Equity Analysis
- Municipal Traffic Offender Program
- Behavior Modification Strategies

The total estimated cost of the projects is \$1,880,000. The grant requires an 80/20 percent match. The City would be responsible for \$376,000 of the total amount. Funding for the City's 20 percent match will be funded by the ¼-cent Capital Improvement Program sales tax or other eligible sources.

All FY 2023 SS4A funds must be expended within five years after the grant agreement is executed and the US Dept of Transportation obligates the funds.
