Good afternoon. The FY23 allocations have been announced. Per CPD Notice 2023-01, the Annual Action Plans/Consolidated Plans are due no later than 60 days after the date HUD makes the allocation announcements. HUD made the allocation announcement on February 27, 2023. Therefore, plans are due April 28, 2023.

As a reminder, the projects should total the grant amount (per program) plus the program income amount listed on the SF-424. If the amounts are incorrect the plan will be returned for modifications.

Below is the CPD Notice 2003-01
