RE: 5550 W. Gillespie Bridge Road – Rezoning Application – Tabling Request for
Case 268-2023

Columbia Community Development:

On behalf of my client, Faye Nowell, we are requesting that the Columbia Planning and Zoning Commission table our current request in case 268-2023 until the December 21, 2023 meeting. This is to allow time for technical matters between the design team, the owner, the adjoining neighbor to the south, and various city departments to be addressed relative to aspects of the annexation of this property.

We appreciate your consideration.

Sincerely,
Crockett Engineering Consultants, LLC
