OFFICE OF VIOLENCE PREVENTION

Trauma Informed – Community
Oriented System of Care (TI-COSC)

Collaborative, synergistic approach
to community engagement,
intervention, and enrichment

MISSION + VISION + PURPOSE

Mission: To address the root causes of violence and to support long-term community health and wellbeing, by focusing on coordinating the development, implementation and evaluation of prevention, intervention, and community enrichment and the continued development of programs to sustain coordinated initiatives. Achieved by collaborating with law enforcement, community-based organizations (CBOs), government agencies and other key community stakeholders.

Vision: Columbia is the best place for everyone to live, work, learn, and play.

Purpose: To convene likeminded partnerships that wholistically address the root causes of violence, specifically community enrichment, education, financial stability, and health, both mental and physical to disrupt communal and familial cyclical patterns that may perpetuate violence and hinder flourishing.

Community Engagement: Foster trust and collaboration with residents.

Violence Disruption: Implement and expand programs to disrupt cycles of violence.

Youth Engagement: Evaluate, strengthen, and develop initiatives positively engaging youth.

Policy Advocacy: Advocate for policies that address root causes of violence.

STRATEGIC OBJECTIVES

CORE FUNCTIONS

Community Coordination: Collaborate with neighborhood leaders, non-profit, service providers, and public agencies to coordinate effective violence prevention strategies that reflect the needs of the community.

Data-Informed Strategies: Being guided by data by collecting and analyzing information to better understand trends, identify risk factors, and shape programs that make measurable impact.

Program Development & Evaluation: Assist in design and management of programs that aim to address root causes of violence by monitoring efforts closely to ensure they're effective and that they impact the problems they identify.

Supported Sustainability & Capacity: Coordinate with community stakeholders to expand resources for efforts that disrupt root causes to violence as well as assist CBOs with grant writing and funding support.
